The corporate governance of HAZAMA ANDO CORPORATION (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Attributes, and Other Key Information

1. Basic Views

The Company’s business activities are based on safe, secure, high-quality “good building operations.” Through these operations, we aim to contribute to the advancement of society and our customers. To achieve this, we believe it is critical to maintain and improve a management system capable of responding swiftly to changes in the business environment, and to ensure the transparency and fairness of management supervision. To this end, we will work continuously to enhance corporate governance.

Reasons for Non-compliance with the Principles of the Corporate Governance Code

The Company complies with all principles of Japan’s Corporate Governance Code.

Disclosure Based on Each Principle of the Corporate Governance Code

[Principle 1.4] Cross-Shareholdings

The Company’s policy is to reduce the number of listed shares, except in cases where the Company can determine that the cross-shareholding will lead to an increase in corporate value after verifying the economic rationale and significance of holding such shares from the perspective of capital efficiency and maintaining and strengthening of relationships with business partners. Each year, the Board of Directors periodically reviews and verifies the appropriateness of continuing to hold all cross-shareholdings from both a quantitative perspective, including whether the benefits and risks associated with shareholding are commensurate with the cost of capital, and a qualitative perspective based on business strategies for the future. As a result, the Company will continue to hold the shares only when it determines that the holding is appropriate.

Under this policy, the Company aims to reduce the ratio to consolidated net assets to less than 10% by the end of the FYE March 31, 2026. In the FYE March 31, 2025, we reduced our holdings by a total of ¥4.81 billion on a market value basis for 11 listed shares (including partial sales) and six unlisted shares.

When exercising voting rights for shares held by the Company, we exercise voting rights appropriately by making a comprehensive judgment as to whether the proposal will improve the medium- to long-term corporate value of the company concerned and enhance shareholder returns.

[Principle 1.7] Related Party Transactions

Based on the Companies Act, the Regulations of the Board of Directors, the Regulations of the Audit and Supervisory Committee, and the Hazama Ando Group Compliance Regulations, Board Directors must obtain prior approval from the Audit and Supervisory Committee in addition to a resolution by the Board of Directors when intending to engage in competitive transactions or conflict-of-interest transactions (including transactions with major shareholders, and the same applies hereinafter). In addition, important matters concerning competitive transactions and conflict-of-interest transactions between companies must be approved by and reported at the Board of Directors.

At the end of each fiscal year, the Group conducts investigations of related party transactions with all officers and verifies that there are no transactions conflicting with the interests of the Company.

[Supplementary Principle 2.4.1] Ensuring Diversity in the Promotion of Core Human Resources, etc.

(1) In order to achieve our long-term vision of “Through the acceleration of innovation and tireless efforts to take on each new challenge, create new value and contribute to the resolution of social issues,” we believe that it is necessary for diverse human resources to demonstrate their capabilities, and that one of our most important management strategies is to transform into a company in which women can play an increasingly active role. In the Hazama Ando Group Medium-Term Management Plan 2025 (FY3/24–FY3/26), we set a target of 60 female managers in the FYE March 31, 2026. In addition to strengthening our efforts to achieve this target, in our action plan based on the Act on the Promotion of Women’s Active Engagement in Professional Life, we have set a numerical target of increasing the percentage of full-time female employees to 15% or more in the FYE March 31, 2026, and we disclose these figures in our Corporate Report.

While we have not currently set measurable goals for the promotion of foreign nationals and career personnel, we have a policy of continuous and aggressive recruitment, and give priority to ability, regardless of nationality or employment category, when promoting employees.

(2) Human resources development policy and internal environment improvement policy to ensure diversity and the current situation

In our human resources development policy, which we revised in the FYE March 31, 2024, we set the guideline for human resources development of fostering an organizational culture where diverse personnel can actively demonstrate their full potential and take on challenges for the benefit of society, and we are working to ensure diversity.

Please refer to our website for our human resources development policy and internal environment development policy.

[Principle 2.6] Roles of Corporate Pension Funds as Asset Owners

In order to ensure the future provision of pension benefits, etc., the Company has formulated a policy asset composition ratio from a medium- to long-term perspective and entrusts an investment institution to manage pension assets based on this policy. In addition, investments are monitored on a quarterly basis, and the Pension Investment Committee, consisting of the head of the labor union who represents the beneficiaries, and the heads of the Finance and Personnel Departments, verifies and evaluates the soundness of pension asset management (including the retirement benefit trust).

Appropriately qualified personnel are assigned as members of the Pension Investment Committee and participate in outside seminars to acquire the necessary expertise to raise the level of the committee.

(2) Basic views and guidelines on corporate governance based on each of the principles of the Code (draft)

Please refer to “I. 1. Basic Views” of this Report.

(3) Board policies and procedures in determining the remuneration of the senior management and Board Directors

Remuneration for the Company’s Board Directors and Executive Officers (excluding Board Directors serving as Audit and Supervisory Committee Members and External Board Directors) consists of monetary remuneration as basic remuneration, and stock remuneration as performance-linked remuneration. Each of the above remuneration shall be paid within the scope of the total amount of remuneration resolved at the General Meeting of Shareholders. The Nomination and Remuneration Committee, whose chair and the majority of its members are independent External Board Directors, deliberates and determines the basic remuneration table and other assessment methods that reflect company-wide performance and the evaluation of individual responsible divisions in determining the amount of remuneration for Board Directors and Executive Officers (excluding Board Directors serving as Audit and Supervisory Committee Members), and reports to the Board of Directors, and the Board of Directors deliberates and determines the amount of remuneration. Please refer to “II. 1. Director Remuneration, Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods” of this Report for more details.

(4) Board policies and procedures in the appointment/dismissal of the senior management and the nomination of Board Director candidates

Executive Officers are appointed from among those who are well versed in the sales, construction and administrative departments of our key business areas: civil engineering and building construction, and possess adequate knowledge, experience and capabilities as required, taking into consideration the candidates' abilities such as an outstanding ability to execute duties backed by a balance of knowledge, experience and capabilities, the ability to execute duties with a medium- to long-term view and a visionary foresight for the era, having a keen sense of compliance and excellent risk foresight, and the ability to demonstrate strong leadership with high integrity and personal magnetism. The Nomination and Remuneration Committee, whose chair and the majority of its members are independent External Board Directors, deliberates on proposals and reports its findings to the Board of Directors for further deliberation and determination.

Candidates for Board Directors are nominated in consideration of such factors as the ability to make appropriate and prompt management decisions and take appropriate risks, the ability to anticipate medium- to long-term management directions with visionary foresight for the era, the ability to ensure objectivity, transparency, and fairness in management and achieve effective corporate governance, having a keen sense of compliance and excellent risk foresight, and the ability to demonstrate strong leadership with high integrity and personal magnetism, from a company-wide perspective. The Nomination and Remuneration Committee deliberates on proposals and reports its findings to the Board of Directors for further deliberation and determination.

Candidates for Board Directors serving as Audit and Supervisory Committee Members are nominated in consideration of such factors as having expertise and a high level of insight in management, finance, accounting, taxation, legal affairs, etc., and the capability to appropriately audit the execution of duties by Board Directors and supervising business execution. The Nomination and Remuneration Committee deliberates on proposals, and after obtaining the consent of the Audit and Supervisory Committee, reports its findings to the Board of Directors for further deliberation and determination.

If a Board Director or an executive officer falls under the dismissal criteria established by the Company, such as for lack of eligibility required by criteria for officer appointment/dismissal, the Nomination and Remuneration Committee will deliberate the matter and report its findings to the Audit and Supervisory Committee, before reporting to the Board of Directors.

(5) Explanations with respect to the individual appointments/dismissals and nominations based on (4)

The reasons for the appointment and nomination of all Board Directors, including their expected individual roles, are disclosed in the Reference Documents for General Meeting of Shareholders. The reasons for dismissal, etc. of Board Directors are similarly disclosed in the Reference Documents for General Meeting of Shareholders.

[Supplementary Principle 3.1.3] Initiatives for Sustainability, etc.

(1) Sustainability initiatives

We are striving to become a corporate group that meets the expectations of society and continues to create greater value. To achieve this, we have identified three key strategic themes (material issues) from the perspectives of the environment, society and governance (ESG), namely, "helping to solve social issues and create value for society," "protecting and being attuned to the natural environment," and "promoting sustainable management and taking full responsibility for corporate actions." We have set KPIs for each theme to promote sustainable management.

In the Hazama Ando Group Medium-Term Management Plan 2025 (FY3/24–FY3/26), the Company identified "enhancing business growth," "increasing the value of human capital," and "promoting ESG management" as issues to be addressed for the sustainable growth of the Group. The Company has in place a Sustainability Committee as an advisory body to the Board of Directors to further promote ESG management. On the executing side, the Company has specialized committees to discuss ESG issues such as the environment, human capital strategies, supply chain management, and human rights, which collaborate with the Sustainability Committee.

(2) Investment in human capital

The Company believes that "manufacturing starts with development of human capital," and we have built a human resources development program, and are strategically promoting initiatives such as diverse career development through group training based on management level and job type and assistance to employees in obtaining qualifications, and raising awareness of compliance through integrity workshops. We are also promoting health management initiatives and introducing various measures to promote the mental and physical health of our employees.

(3) Investment in intellectual property

The Company recognizes that the invention and development of intellectual property (IP) that contributes to our business is a key management issue, and we are working to proactively utilize and develop IP in our business based on our Basic Policy for

Intellectual Property Strategy.

< Basic Policy for Intellectual Property Strategy >

1. Raise awareness of the importance of invention among all employees, and work together to generate a wealth of IP.
2. Define strategic areas and actively implement IP activities that contribute to business.
3. Build and actively utilize an IP network that ensures competitive superiority.
4. Monitor infringement of owned IP and prevent leakage.

Specific details are disclosed in our Corporate Report and Sustainability Report on our website (https://www.ad-hzm.co.jp/english/ir/library/annual_reports/).

(4) Climate change-related information disclosure based on TCFD recommendations

The Company considers addressing climate change to be a key management issue and has set “protecting and being attuned to the natural environment” as a material issue, and is implementing various initiatives. We expressed our support for the Task Force on Climate-related Financial Disclosures (TCFD), joined the TCFD Consortium, and disclose climate change-related information based on TCFD recommendations. Specific details are disclosed in the “Disclosure of Climate Change-related Information Based on TCFD Recommendations” on our website (<https://www.ad-hzm.co.jp/english/tcfd/>).

[Supplementary Principle 4.1.1] Scope of Delegation to Management

The Company makes a clear distinction between the Board of Directors as having decision-making and business execution supervisory functions, and the Management Committee and the Executive Officers Committee as having a business execution function. Matters to be resolved by the Board of Directors, which include those stipulated by laws and the Articles of Incorporation and matters closely related to such matters, are clearly stipulated in our Regulations of the Board of Directors and Regulations on Decision-Making. To further improve the effectiveness of the Board of Directors and speed up decision-making in business execution, matters for which decision-making authority may be delegated to Board Directors may be properly delegated to the Management Committee, executive directors, or Executive Officers or other personnel appointed by the Board of Directors in accordance with the Regulations on Decision-Making and Criteria for Decision-Making established by resolution of the Board of Directors.

[Supplementary Principle 4.1.3] Board of Directors’ Participation in and Supervision of Succession Planning for the CEO and Other Top Executives

The Nomination and Remuneration Committee, an advisory committee to the Board of Directors, whose chair and the majority of its members are independent External Board Directors, deliberates on succession planning and reports its deliberations to the Board of Directors. When selecting candidates for the next generation of management executives, the committee deliberates and decides on the candidates, and reports its deliberations to the Board of Directors, which deliberates and makes a decision.

In order to train successors, we are further enhancing human resources development through strategic placement of candidates and by providing training to senior management, etc. The committee confirms the status of implementation and considers reviewing the plan.

[Principle 4.9] Independence Standards and Qualifications for Independent External Board Directors

The Company’s policy is to elect External Board Directors who can fulfill their duties independently and objectively and have no potential conflict of interest with shareholders. Independence of the External Board Directors is based on the Companies Act and the independence criteria set by the Tokyo Stock Exchange.

[Supplementary Principle 4.10.1] Approach to the Independence of the Composition of the Nomination Committee and the Remuneration Committee, and Authority and Role of the Committees

The Company established a Nomination and Remuneration Committee, as an advisory committee to the Board of Directors, to deal with procedures related to the nomination and remuneration of Board Directors and Executive Officers.

To ensure the fairness, transparency, and objectivity of decisions by the Board of Directors in order to strengthen the independence of the Board’s function and its accountability, the majority of the committee’s members are independent External Board Directors, and an External Board Director is also appointed to chair the committee.

[Supplementary Principle 4.11.1] Policies and Procedures concerning the Balance and Diversity of the Board of Directors and Appointment of Board Directors

The Board of Directors of the Company consists of Internal Board Directors who are well versed in our key business areas: civil engineering and building construction, and administrative departments, and possess adequate knowledge, experience and capabilities as required, as well as independent External Board Directors who have extensive experience and discernment, including many years of management roles in other organizations. The number of Board Directors (excluding Board Directors serving as Audit and Supervisory Committee Members) shall not exceed 12 and the number of Board Directors serving as Audit and Supervisory Committee Members shall not exceed five. The balance and diversity of knowledge, experience and abilities, as

well as the size of the Board of Directors as a whole, are considered to contribute to the Company's sustainable growth and enhancement of corporate value.

Please refer to the skills matrix which lists the knowledge, experience and abilities of Board Directors in the Notice of the General Meeting of Shareholders (https://www.ad-hzm.co.jp/assets/pdf/en/ir/stock_information/convocation/2025_e.pdf).

For policies and procedures regarding the appointment of Board Directors, please refer to [Principle 3.1] Full Disclosure (4).

[Supplementary Principle 4.11.2] Status of Concurrent Positions Held by Board Directors at Other Listed Companies

If an External Board Director concurrently serves as an officer of a company other than the Company, the Board Director shall serve only to the extent that reasonably ensures they have the time necessary to perform their duties for the Company. The status of concurrent appointments of External Board Directors is stated in the Independent Directors/Auditors Notifications, the Business Report, and the Reference Documents for General Meeting of Shareholders.

[Supplementary Principle 4.11.3] Summary of Results of Analysis and Evaluation of the Effectiveness of the Board of Directors as a Whole

Each fiscal year, the Company conducts an analysis and self-assessment of the effectiveness of the Board of Directors with the aim of improving its efficiency and effectiveness. The evaluation method and a results summary for the FYE March 31, 2025 are as follows.

(1) Evaluation method

In the current fiscal year, we conducted an evaluation by questionnaire of all Board Directors (nine Board Directors, including four Board Directors serving as Audit and Supervisory Committee Members) with the support of an external organization (law firm). A change that we made in this year's survey is a switch from anonymous to non-anonymous questionnaire, with the aim of identifying issues that may not be fully grasped from anonymous surveys as well as to hold in-depth discussions on the awareness of issues and background of the evaluation. At the Board meetings held in March and April 2025, we engaged in exchange of frank opinions and discussions on the evaluation of the effectiveness of the Board and future issues.

<Questionnaire evaluation items>

- | | |
|--|--|
| 1. Effectiveness of a monitoring-type board | 2. Operations that support board deliberations |
| 3. Management strategy deliberations and supervision | 4. Risk deliberations and supervision |
| 5. Management evaluation and remuneration | 6. Dialogue with shareholders, etc. |

(2) Summary of evaluation results

Discussions at the Board meetings and analysis and evaluation concluded that the Board is engaging in lively discussions, with suggestions and opinions offered by Board Directors based on their insight and experience, and it was assessed that the effectiveness of the monitoring-type board has been ensured. The external organization (law firm) also gave the same evaluation. The Company believes that this is the result of its efforts to strengthen the supervisory function of the Board and enhance governance by promoting the delegation of authority to business executors and narrowing down agenda items to be discussed by the Board so as to secure time to deliberate and discuss important matters and management issues, following the transition to a company with the Audit and Supervisory Committee in June 2023.

The major issues identified in the previous fiscal year's effectiveness evaluation, namely, managing business with an awareness of the medium- to long-term balance sheet (cost of capital), verifying the quality management system to reduce serious quality defects, and securing and training human resources, have been addressed by indicating a broad direction through discussions and examination at Board meetings and thereby prompting responses of the executive departments. Meanwhile, some items were found to have room for further improvement. The Company will continue monitoring, along with verification of the achievements.

The Company will also continue efforts to strengthen support for the operation of the Board and to make improvements in aspects of practicality.

Based on deliberation of the Board of Directors in consideration of the above, in FYE March 31, 2026, the Company will promote the following initiatives to improve the effectiveness of the Board.

- 1) Enhance discussions regarding management strategies aimed at increasing corporate value over the medium to long term
 - Engage more deeply in the formulation of the next Medium-Term Management Plan
 - Increase opportunities for External Board Directors to further deepen their understanding of the construction industry and the Company's business
- 2) Tighten supervision over succession planning and human resources strategies
 - Appropriately share and confirm the process and results of deliberation of the Nomination and Remuneration Committee at Board meetings

[Supplementary Principle 4.14.2] Director Training

At the time of assuming office, Board Directors participate in external seminars to acquire insight, knowledge, and background necessary for management and to understand their roles.

External Board Directors are given the opportunity to deepen their understanding of the construction industry as well as management issues, and the current situation at production sites, through explanations given by the officer in charge and site visits.

In addition, each year the Company invites experts to provide training to all Board Directors to ensure they acquire the necessary knowledge and raise their awareness as managers.

[Principle 5.1] Policy for Constructive Dialogue with Shareholders

The Company strives to achieve sustainable growth and increase corporate value over the medium to long term through constructive dialogue with shareholders.

Dialogues with shareholders are managed by Board Directors and others to a reasonable extent, taking into consideration the purpose and details of the request.

(1) Designation of management or Board Directors who will ensure that constructive dialogue takes place

The Company designates the Director of Administration Division as the person responsible for responding to constructive dialogue with shareholders.

(2) Measures for organic collaboration between divisions, etc.

Basically, the Corporate Communication Department handles investor relations (IR) and shareholder relations (SR), and the General Affairs Department handles stock-related matters. However, these departments also collaborate with the Finance Department, Business Administration Planning Department, and other departments as necessary to share management information necessary for dialogue and engage in dialogue based on a unified corporate viewpoint.

(3) Measures to enhance opportunities for dialogue beyond individual meetings

The Company holds results briefings for analysts and institutional investors twice a year, as well as individual IR meetings and SR meetings, small meetings, etc., in its effort to enhance dialogues.

(4) Measures to appropriately and effectively relay views and concerns to the Board of Directors

The Company organizes and analyzes questions, opinions, etc. received during dialogue with shareholders and shares them among relevant departments, and reports them to the Board of Directors on a regular basis.

(5) Measures to manage insider information

In order to prevent the receipt and dissemination of undisclosed information during dialogue with shareholders, the Company has established related rules to be observed, and also conducts annual internal training for officers and employees to prevent insider trading.

(6) Status of engagement with shareholders, etc.

The Company discloses the status of engagement with shareholders on the IR and SR section of the Company's website (<https://www.ad-hzm.co.jp/english/ir/>).

[Principle 5.2] Establishing and Disclosing Management Strategies and Management Plans

The Company has formulated a long-term vision, HAZAMA ANDO VISION2030, in order to increase corporate value over the medium to long term. To realize this vision, the Company has formulated the Hazama Ando Group Medium-Term Management Plan 2025 (FY3/24–FY3/26). The plan sets forth our basic policy on profit targets, shareholder returns, and capital policy, and announces our investments in technological research and development and human capital that will contribute to achieving our non-financial targets, and the allocation of management resources for each business portfolio.

English Disclosure	Available
Date of Disclosure Update Updated	November 17, 2025

Supplementary Explanation

Each fiscal year, the Company identifies business risks and opportunities and analyzes the current status of capital profitability, etc. We disclose the results of the identification and analysis in results briefings and other materials, along with the progress of investment plans and priority measures aimed at sustainable growth described in the Hazama Ando Group Medium-Term Management Plan 2025 (FY3/24–FY3/26), and thereby strive to keep shareholders and other stakeholders informed.

The Company regularly calculates and monitors its cost of equity (COE), which is based on a risk-free rate, market risk premium, and beta values, and its weighted average cost of capital (WACC), which includes the cost of debt. In addition, we attach great importance to return on equity (ROE) for highly capital-efficient management, and have set ROE with an awareness of equity spread as a KPI in our medium-term management plan. We will continue to enhance our balance sheet management and dialogue with shareholders, etc. and practice management with an awareness of improving our market valuation and capital efficiency.

Matters Concerning Independence of Said Directors and/or Staff from Executive Directors/Reasons for Adopting Current System

The Company has appointed a full-time Audit and Supervisory Committee Member and has not appointed any Board Directors to assist the duties of the Audit and Supervisory Committee.

Assistance for the duties of the Audit and Supervisory Committee is provided by dedicated employees of the Audit and Supervisory Committee Support Group, and the prior consent of the Audit and Supervisory Committee is required when transferring, evaluating, and taking disciplinary action against the dedicated employees.

Cooperation among the Audit and Supervisory Committee, Financial Auditors and Internal Audit Department

The Audit and Supervisory Committee exchanges opinions and information with the Financial Auditor on audit policy, audit plans, audit reports, and the status of audit implementation, as appropriate, and collaborates with the Financial Auditor to enhance the effectiveness of audits.

The Audit and Supervisory Committee also receives reports from the Financial Auditor on the audit work quality control system to ensure that the Financial Auditor's duties are performed properly.

The Audit and Supervisory Committee raises the effectiveness of internal audits by receiving reports on audit results from the Audit Department, the internal audit division, issuing specific instructions as necessary, and participating in the approval of audit plans.

Policy on Determining Remuneration Amounts and Calculation Methods

Established

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Remuneration for Board Directors and Executive Officers (excluding Board Directors serving as Audit and Supervisory Committee Members and External Board Directors, hereinafter collectively referred to as the “Board Directors, etc.”) consists of monetary remuneration as basic remuneration, and stock remuneration as performance-linked remuneration. With respect to the remuneration for individual Board Directors, etc., the basic remuneration shall be a fixed monthly remuneration determined based on the remuneration table for each position at an appropriate level that comprehensively takes into account the Company’s business performance, responsibilities, etc. for each fiscal year.

As for the performance-linked remuneration, in order for it to sufficiently function as an incentive for Board Directors, etc. to improve their awareness of their contribution to the improvement of medium- to long-term business performance and enhancement of corporate value, etc., points determined in accordance with the degree of achievements of KPIs determined with reference to the performance indicators set forth in the Medium-Term Management Plan will be granted to the eligible persons at a certain time each year, and the Company’s shares will be delivered at the time of retirement of Board Directors, etc. in proportion to the accumulated points (50% of the performance-linked stock remuneration to be delivered in shares at the time of retirement will be delivered in cash after being converted into cash). The ratio of the basic remuneration and the performance-linked remuneration is designated to be approximately 70:30.

The remuneration for External Board Directors and Board Directors serving as Audit and Supervisory Committee Members, who are responsible for supervisory functions, shall consist only of monetary remuneration (fixed remuneration), which is the basic remuneration.

Each remuneration shall be paid within the scope of the total amount of remuneration resolved at the General Meeting of Shareholders. The Nomination and Remuneration Committee, whose chair and the majority of its members are independent External Board Directors, deliberates and determines the basic remuneration table and other assessment methods that reflect company-wide performance and the evaluation of individual responsible divisions in determining the amount of remuneration for Board Directors (excluding Board Directors serving as Audit and Supervisory Committee Members) and Executive Officers, and reports to the Board of Directors, and the Board of Directors deliberates and determines the amount of remuneration.

Support System for External Board Directors

The Company has established a Board of Directors Support Group and an Audit and Supervisory Committee Support Group, which are in charge of administrative work for the Board of Directors and the Audit and Supervisory Committee, respectively.

The Board of Directors Support Group provides External Board Directors with reports on the status of decision-making in execution, including the results of deliberations by the Management Committee, preliminary explanations regarding Board of Director proposals as needed, and offer information they need as appropriate.

The Audit and Supervisory Committee Support Group provides Board Directors serving as Audit and Supervisory Committee Members with support for the operation of the Audit and Supervisory Committee.

The Company ensures that a system is in place where Board Directors serving as Audit and Supervisory Committee Members attend important meetings such as the Management Committee to be able to obtain and share information among Audit and Supervisory Committee Members.

Other Related Matters

(1) The Company decides on the appointment of former Representative Directors, etc., in accordance with the regulations on advisory contracts with retired officers, which are resolved and decided by the Board of Directors following deliberation and determination by the Nomination and Remuneration Committee, which reports on matters such as the nomination and remuneration of Board Directors, etc.

(2) Counselors, advisors, etc. may provide advice, etc. based on requests from the current management team, etc. However, they are not involved in the management of the Company in any way and they are not granted any authority that may influence management decisions.

2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Remuneration Decisions (Overview of Current Corporate Governance System)

Hazama Ando is seeking to further enhance corporate governance and raise corporate value in a sustainable manner by further reinforcing the supervisory function of the Board of Directors and enabling more flexible business execution. To this end, we transitioned to a company with an Audit and Supervisory Committee by resolution of the regular general meeting of shareholders held on June 29, 2023.

(1) Board of Directors

The Board of Directors consists of five Board Directors (including three External Board Directors) other than members serving as Audit and Supervisory Committee Members and four Board Directors who are Audit and Supervisory Committee Members (including three External Board Directors), for a total of nine members. It makes decisions on important business matters and oversees business execution. There are six External Board Directors, three of whom are women. The Board of Directors meets monthly, in principle, and on an extraordinary basis as needed. The Board of Directors met 15 times in total in the FYE March 31, 2025. In addition to considering matters related to management plans, key management issues, and the scope of delegation of authority, the Board of Directors also confirms the results of the evaluation of the effectiveness of the Board of Directors.

The Company's Articles of Incorporation stipulate that the Company may delegate all or part of important business execution decisions to Board Directors, and therefore the Company delegates a part of such authority to the Representative Director and President, so that the Board of Directors can concentrate on high-quality discussions focusing on more important agenda items, and monitoring of business execution.

(2) Audit and Supervisory Committee

The Audit and Supervisory Committee is made up of four Board Directors serving as Audit and Supervisory Committee Members (three of whom are External Board Directors). One internal Board Director has been appointed as a full-time member of the Audit and Supervisory Committee. The Audit and Supervisory Committee meets monthly, in principle, and met 16 times in total in the FYE March 31, 2025. The committee has the authority to direct the Audit Department, which is the internal audit division, and works closely with not only the internal audit division but also the Financial Auditor, to confirm the status of audits and evaluations of the internal control system and audit the status of the execution of duties by Board Directors.

(3) Nomination and Remuneration Committee

The Nomination and Remuneration Committee is an advisory committee to the Board of Directors. Its chair and the majority of its members are independent External Board Directors. The Committee meets twice or more a year, in principle, and a total of eight meetings were held in the FYE March 31, 2025. The committee deliberates and determines matters concerning the nomination of Board Director candidates, the appointment of Executive Officers, and the remuneration of the Company's Board Directors and Executive Officers (excluding Board Directors serving as Audit and Supervisory Committee Members and External Board Directors), and reports to the Board of Directors.

(4) Sustainability Committee

The Sustainability Committee aims to further promote sustainability management and address ESG-related matters across the Group. With the participation of Board Directors, the committee takes a comprehensive approach in considering and deliberating on various key ESG issues from a long-term, wide-ranging perspective. The committee meets three or four times a year. In addition, in order to ensure that the Sustainability Committee operates efficiently and effectively, the Company has developed specialized committees related to sustainability.

(5) Management Committee

The Management Committee is chaired by the President, and its members are appointed from among the Board Directors and Executive Officers. In addition to preliminarily deliberating proposals to be submitted to the Board of Directors regarding important business execution matters, the Management Committee decides on matters related to execution in order to facilitate prompt decision-making. The committee meets twice a month and on an extraordinary basis as necessary, and strives to ensure prompt decision-making.

(6) Executive Officer System

The number of Executive Officers is 31 (including two Executive Officers concurrently serving as Board Directors) as of the date of filing of this report. The positions are divided into five categories, "President," "Vice President," "Senior Managing Executive Officer," "Managing Executive Officer," and "Executive Officer," to clarify responsibility for the work they are in charge of. Their terms of office are one year in order to increase the agility and flexibility of the executive system. In addition, the Board of Directors resolves on the work the Executive Officers are in charge of and clarifies their authority and responsibilities, and their remuneration reflects the results of the performance of that work.

(7) Executive Officers Committee

The Executive Officers Committee meets on a regular basis to ensure accurate and prompt communication of management information to executive lines and ensure information is shared among departments.

(8) Financial Auditor

The Company has appointed KPMG AZSA LLC as its Financial Auditor. There are no special interests between the Company and the auditing firm or its engagement partners who engage in audits of the Company, and the Company's audits are conducted from a fair standpoint.

No limited liability contract has been concluded with the Financial Auditor.

3. Reasons for Adoption of Current Corporate Governance System

The Company is seeking to further enhance corporate governance and raise corporate value in a sustainable manner by reinforcing the supervisory function of the Board of Directors and ensuring flexible business execution. To this end, we have adopted a company with the Audit and Supervisory Committee system.
