**Regarding the Sentence of the High Court on the Lawsuit to Request  
the Japan Fair Trade Commission to Revoke its Cease and Desist Order**

As we, Taisei Corporation (the “Company”), have timely disclosed “Regarding the decision on a lawsuit to request the Japan Fair Trade Commission to revoke its cease and desist order” on July 9, 2024, we had been filing an appeal of the lawsuit to request the Japan Fair Trade Commission to revoke the cease and desist order of the construction of new terminal stations (Shinagawa and Nagoya Stations) for the Linear Chuo Shinkansen using the open-cut excavation method. However, the Tokyo High Court gave the Company its decision to dismiss the appeal which had been filed by the Company on May 15, 2025.

We had consistently requested to revoke such order as the indicted facts could not be construed as a violation of the Antimonopoly Act. Therefore, it is deeply disappointing that our arguments were not accepted in the court decision. We will carefully review the court decision and will consider our further actions.

It is very regrettable for the Company that the decision has caused great concern to its shareholders and all other stakeholders.
