**(Update on Disclosed Matter) Notice Regarding the Determination of the Grant Amount
under JAXA's Space Strategy Fund to Our Japanese Subsidiary**

Astroscale Holdings Inc. ("we") hereby announce that the grant amount has been determined for the project previously disclosed on January 29, 2026, in "[Notice Regarding the Grant Award under JAXA's Space Strategy Fund to Our Japanese Subsidiary](#)."

The project period covered by this determination is two years through to the interim review, and the grant amount awarded is ¥1.25 billion. There are no changes to the maximum funding amount for the overall project (¥1.5 billion) or to the subsidy period (four years).

1. Overview of the Subsidy Program

Funding Agency:	Japan Aerospace Exploration Agency (JAXA)
Grant Amount:	¥1.25 billion (*1)
Project Period:	From April 1, 2026 to March 31, 2028 (*2)
Technology Development Theme:	Technology to Realize Flexible Spatial Mobility
Technology Development Task:	Development of Electric Propellant Refueling Technology for Geostationary Orbit Services

*1 The maximum funding amount remains unchanged at ¥1.5 billion.

*2 This grant determination covers the period through to the interim review; there is no change to the overall subsidy period of four years for the entire project.

The grant determination was notified on March 31, 2026. This disclosure is being released promptly after JAXA's authorization provided.

2. Financial Impact

This project has not been included in the assumptions for our consolidated financial forecast for the fiscal year ending April 2026. At this point, the impact of this project on the consolidated financial forecast for the fiscal year ending April 2026 is expected to be minimal. Project income related to this project is expected to be recognized over the subsidy period and to contribute to our consolidated financial results for the fiscal year ending April 2027 and thereafter.
