Notice of Partial Amendment to Articles of Incorporation and Shelf Registration with Respect to Issuance of Series 1 Bond-Type Class Shares

Sumitomo Forestry Co., Ltd. (the "Company") hereby announces that, at the meeting of the Board of Directors held on February 13, 2026, the Company resolved to propose an item concerning partial amendment to the Articles of Incorporation (the "Amendment to Articles of Incorporation") to the 86th Ordinary General Meeting of Shareholders (the "General Meeting of Shareholders") to be held on March 27, 2026 and to file a shelf registration statement with respect to the issuance of Series 1 Bond-Type Class Shares, as described below.

Additionally, as the contents of this press release are supplemented in the "Information Material and Q&A regarding Bond-Type Class Shares", please refer to it as well.

I. Amendment to Articles of Incorporation

1. Purpose of and Reasons for Amendment to Articles of Incorporation

The Company develops business activities towards achievement of the Long-Term Vision, "Mission TREEING 2030", looking ahead to 2030. In the Medium-Term Management Plan, "Mission TREEING 2030 Phase 2" formulated in February 2025, the Company designates this period as "Three years for reform and materialization toward dramatic growth", while securing financial soundness and continuing to make aggressive investments through profit reinvestment. The Company continues its efforts towards decarbonization, including expanding the supply of wooden house and promoting medium- to large-scale wooden constructions both domestically and internationally. In addition, the Company is further deepening the global expansion by enhancing management base in the overseas housing and real estate business to improve profitability.

In order to achieve enhancement of medium to long-term corporate value, it is necessary to invest continually in overseas housing and real estate-related business, mainly in the United States and Australia where market expansion persists against the backdrop of structural housing shortages. Particularly in the U.S. housing business, expansion of investment opportunities, including M&A, is expected. Therefore, the Company believes that it is important to continue to secure flexibility in financing and to maintain financial soundness and credit ratings by further strengthening the

Company's financial foundation to support aggressive growth investments.

In accordance with this belief, the Company has decided to propose the Amendment to the Articles of Incorporation at the General Meeting of Shareholders to secure the "Bond-Type Class Shares" as a new financing option that enables the Company to increase shareholders' equity while avoiding dilution of common shares and considering capital efficiency. To be specific, the Company intends to add provisions to its Articles of Incorporation, among others, for the issuance of new class shares, Series 1 Bond-Type Class Shares through Series 10 Bond-Type Class Shares (the "Bond-Type Class Shares").

The Company continues to develop multinational "WOOD CYCLE", the value chain centered on "wood", and creates value for our planet, value for people and society and value for the market economy to enhance the sustainable corporate value.

(Main features of the Bond-Type Class Shares)

- The Bond-Type Class Shares will not cause any dilution of voting rights of the holders of the Company's common shares (the "Common Shareholders") because the holders of the Bond-Type Class Shares do not have the rights to vote at general shareholders meetings or to convert the Bond-Type Class Shares into common shares. (The Bond-Type Class Shares are not products designed for use as a takeover protection measure and are not anticipated to be used in that manner.)
- As "non-participating" class shares, no dividend is paid beyond the preferred dividend to be determined at the time of issuance, and only Common Shareholders have the right to participate in dividends other than such preferred dividend. In addition, the cost of equity of the Bond-Type Class Shares is equivalent to the annual dividend ratio to be determined at the time of issuance, the cost of equity in approximately five years from the issuance is expected to be lower than that of common shares. (*1)
- Although the shareholders' equity of the Company increases, the impact on the key financial indicators such as ROE for the common shares will be limited. (*2)
- There is no change to the number of shares authorized to be issued (the total number of shares of common shares and Bond-Type Class Shares authorized to be issued).

*1 If the issuance is realized within the assumed range of an annual dividend ratio of 5% or less as stated in the shelf registration statement for the Series 1 Bond-Type Class Shares submitted on February 13, 2026.

*2 Assuming that the relevant amounts of the Bond-Type Class Shares (i.e., the paid-in amount and preferred dividends) are deducted from the net assets and net income when calculating ROE and EPS for common shares.

2. Content of Amendment to Articles of Incorporation

Please refer to the Attachment, "Proposed Amendment to Articles of Incorporation".

3. Schedule of Amendment to Articles of Incorporation

Date of General Meeting of Shareholders to approve Amendment to Articles of Incorporation : March 27, 2026 (planned)

Planned effective date of Amendment to Articles of Incorporation : March 27, 2026
(planned)

4. Product Nature of Bond-Type Class Shares

(1) Product nature as "bond-type" class shares

From the perspective of protecting the interests of the Company's Common Shareholders, the Bond-Type Class Shares have a hybrid design with a combination of "bond" features (i.e., no dividend paid more than the amount of the preferred dividends to be determined at the time of issuance and no dilution of the voting rights), and "stock" features (i.e., increasing the shareholders' equity of the Company).

Therefore, the Company believes that if the proposed Amendment to Articles of Incorporation is approved at the General Meeting of Shareholders, the Bond-Type Class Shares will be an option as a financing method for the Company to realize an increase in shareholders' equity to secure a sound financial foundation without dilution of the voting rights of Common Shareholders, while taking into more consideration the impact on the Company's financial indicators, including ROE and EPS for common shares (*3), compared to a public offering of common shares.

*3 Assuming that the relevant amounts of the Bond-Type Class Shares (i.e., the paid-in amount and preferred dividends) are deducted from the net assets and net income when calculating ROE and EPS for common shares.

(2) Product nature similar to that of hybrid bonds

In order for the Bond-Type Class Shares (if issued) to be evaluated as having the equity credits (50% of the amount of financing) by the rating agency (Rating and Investment Information, Inc.) for the purpose of rating, the Company envisions a product nature similar to that of hybrid bonds, and is considering a design with the following main features.

(Main features)

Preferred dividend	Fixed for approximately five years from the issuance (*4) and floating thereafter, senior to the common shares, cumulative, non-participating
Clause for Acquisition by the Company (Call Option)	The Company may acquire the Bond-Type Class Shares in exchange for cash after five years from the issuance, etc.
Replacement restrictions	Capital financing with equal or greater equity credit will be required in principle if the Company acquires the Bond-Type Class Shares by exercising the call option, etc. However, this is except as determined at the time of the resolution of issuance (*5)
Voting rights	None
Rights to convert into common shares	None

*4 Under the market conditions as of February 13, 2026, the annual dividend rate will be 5% or less for the first five years from the issuance of the Series 1 Bond-Type Class Shares.

*5 In the case of hybrid bonds, it is common for hybrid bonds, etc. with equal or greater equity credit to be issued in accordance with Replacement restrictions when the

issuer makes early redemption (call).

Meanwhile, as opposed to typical hybrid bonds, the amount raised through the issuance of the Bond-Type Class Shares will be also recorded as capital for accounting purposes.

(3) Issuance by public offering; listing on the Prime Market of the Tokyo Stock Exchange

Any future issuance of Bond-Type Class Shares is anticipated to be through a public offering rather than a shareholder allotment (including gratis allotment) or third-party allotment, and a listing application in respect of such shares for the Prime Market of the Tokyo Stock Exchange, Inc. (the "TSE") is planned to be made. This is intended to make the product available for investment by retail investors.

(4) General Meetings of Class Shareholders

Holders of the Bond-Type Class Shares (the "Bond-Type Class Shareholders") may resolve only the matters provided in the Companies Act and the Articles of Incorporation at General Meetings of Class Shareholders. The Amendment to Articles of Incorporation, if passed, will require a resolution of the General Meeting of Class Shareholders composed of Bond-Type Class Shareholders if the Company performs any of the following acts and it is likely to cause detriment to the Bond-Type Class Shareholders.

- a merger with the Company as an absorbed company or a share exchange or share transfer with the Company as the wholly owned subsidiary company (except for a sole-share transfer conducted by the Company); or
- an approval by the Board of Directors of the Company of a demand for a cash-out by a Special Controlling Shareholder against the other shareholders of the Company.

As stated above, the Company believes that the Bond-Type Class Shares will not be disadvantageous to Common Shareholders in a sense that there will be no dilution of Common Shareholders' voting rights. Further, the Company intends to make the Amendment to Articles of Incorporation with the aim of making the Bond-Type Class Shares as one of new financing options to secure flexibility in financing, while aiming to further strengthen the Company's financial foundation to support aggressive growth investments.

II. Shelf Registration with respect to the Issuance of Series 1 Bond-Type Class Shares

The Company today filed a shelf registration statement with respect to the Series 1 Bond-Type Class Shares as follows.

The issuance conditions and total issuance amount of the Series 1 Bond-Type Class Shares have not yet been determined, except as disclosed in the shelf registration statement. The specific timing of issuance of the Bond-Type Class Shares including Series 1 Bond-Type Class Shares has also not yet been determined. In addition, if the proposed Amendment to Articles of Incorporation is approved at the General Shareholders Meeting, the Company may seek to issue the Series 1 Bond-Type Class Shares with amount of up to 100.0 billion yen, depending on the market environment, and the Board of Directors of the Company will then make a decision in light of the Company's capital policy. The Company proposes to have the authorized share capital through Series 10 so as to realize flexible issuance in the event of any necessity for an increase in equity capital. The specific timing of issuance and conditions of the Series 2 Bond-Type Class Shares and any subsequent series will be determined based on comprehensive consideration of future capital needs and market trends, but at this time,

the Company expects that they would be issued within the range of up to 15 million shares as with the Series 1 Bond-Type Class Shares and are expected to have the same feature as the Series 1 Bond-Type Class Shares, meaning that no voting rights and not convertible into common shares, and therefore they will cause no dilution of voting rights of Common Shareholders.

(1)	Class of offered securities	Series 1 Bond-Type Class Shares
(2)	Planned issue period	Two years from the scheduled effective date of the shelf registration (February 21, 2026 - February 20, 2028)
(3)	Planned issue amount	Up to 100.0 billion yen
(4)	Offering method	Public offering
(5)	Use of proceeds	The proceeds are expected to be used for such as investments and loans, capital expenditures, repayment of borrowings, redemption of bonds and working capital. The details of the foregoing will be determined at the time of the resolution of issuance.

(End of the release)

Note:

This press release has been prepared for the sole purpose of publicly announcing the amendments to the Company's Articles of Incorporation and the shelf registration with respect to Issuance of the Series 1 Bond-Type Class Shares, and not for the purpose of soliciting investment or engaging in any other similar activities in Japan or any foreign country.

Furthermore, this press release does not constitute an offer of securities in the United States. The securities referred to herein have not been, and will not be, registered under the U.S. Securities Act of 1933, and may not be offered or sold in the United States absent registration thereunder or an applicable exemption from registration requirements. In this case, no offering of securities will be made in the United States.

--	---

Bond-Type Class Shares provided for in the following Article have been paid during the fiscal year in which the record date of that dividend falls, the amount of those Interim Preferred Dividends to Bond-Type Class Shares shall be deducted from the Preferred Dividend to Bond-Type Class Shares:

1. The product of the equivalent of the Issue Price (defined in clause 2) per Bond-Type Class Share multiplied by the Annual Dividend Rate (defined in clause 3) (if any fractional remainder arises, the fractional remainder shall be as determined by resolution of the Board of Directors before the issuance of those Bond-Type Class Shares)

2. "Issue Price" means the amount per share to be paid to the Company in connection with the offering of those Bond-Type Class Shares (or, if the Bond-Type Class Shares are offered through purchase and sale by underwriters, the amount per share to be paid by the investors as consideration for the Bond-Type Class Shares), as determined prior to the issuance of those Bond-Type Class Shares.

3. "Annual Dividend Rate" means annual dividend rate determined by a resolution of the Board of Directors before the issuance of those Bond-Type Class Shares (not exceeding ten (10) percent).

(2) If the amount of surplus dividends paid in cash to each Bond-Type Class Shareholders, Etc. per Share of Each Series of Bond-Type Class in a given fiscal year in which the record date falls is less than the amount of the Preferred Dividend to Bond-Type Class Shares payable to those Bond-Type Class Shares for that fiscal

year, that shortfall amount shall be accumulated in subsequent fiscal years by a simple interest calculation calculated by the method determined by a resolution of the Board of Directors based on the Annual Dividend Rate before the issuance of those Bond-Type Class Shares (such accumulated shortfall shall be hereinafter referred to as the "Accumulated Dividends Payable to Bond-Type Class Shares"). The Company shall pay surplus dividends in cash to the Bond-Type Class Shareholders, Etc. until such payment reaches the amount of Accumulated Dividends Payable to Bond-Type Class Shares per Bond-Type Class Share, in preference to any surplus dividends provided for in the preceding item or the following Article.

(3) No surplus dividends shall be paid to Bond-Type Class Shareholders, Etc. in excess of the total of the Preferred Dividend to Bond-Type Class Shares and the Accumulated Dividends Payable to Bond-Type Class Shares.

Article 16. (Interim Preferred Dividend to Bond-Type Class Shares)

When the Company makes a distribution of surplus dividends with 30 June as the record date (hereinafter referred to as the "Interim Dividend Record Date") pursuant to Article 50, the Company shall pay a dividend in cash in the amount per Share of Each Series of Bond-Type Class determined by the calculation method determined by a resolution of the Board of Directors before the issuance of those Bond-Type Class Shares (the "Interim Preferred Dividend to Bond-Type Class Shares") to the Bond-Type Class Shareholders, Etc. recorded in the registry of the

shareholders as of the Interim Dividend Record Date of that dividend, in preference to the Common Shareholders, Etc.; provided, however, that the amount of Interim Preferred Dividends to Bond-Type Class Shares for which the Interim Dividend Record Date falls in a given fiscal year shall not exceed the amount of the Preferred Dividend to Bond-Type Class Shares for which the record date falls in the same fiscal year.

Article 17. (Distribution of Residual Assets)

When the Company makes a distribution of residual assets, the Company shall pay cash in the following amount per Share of Each Series of Bond-Type Class to the Bond-Type Class Shareholders, Etc., in preference to the Common Shareholders, Etc.:

The amount calculated by the method determined by a resolution of the Board of Directors before the issuance of those Bond-Type Class Shares as the sum of the equivalent of the Issue Price per Bond-Type Class Share plus the amount of the Accumulated Dividends Payable to Bond-Type Class Shares pertaining to those Bond-Type Class Shares and the equivalent of the Preferred Dividend to Bond-Type Class Shares pertaining to the period from the first day of the fiscal year in which the date of the distribution of residual assets falls to the date of the distribution of residual assets

(2) No distribution of residual assets shall be made to Bond-Type Class Shareholders, Etc. other than the distribution provided for in the preceding item.

Article 18. (Voting Rights)

The Bond-Type Class Shareholders shall not be entitled to exercise voting rights at the General Meeting of Shareholders with respect to any matter.

Article 19. (Acquisition by the Company in Exchange for Cash)

If an event provided for by a resolution of the Board of Directors before the issuance of Shares of Each Series of Bond-Type Class arises with respect to the Bond-Type Class Shares, the Company may acquire all or part of those Bond-Type Class Shares upon the arrival of a date separately determined by a resolution of the Board of Directors. In such case, the Company shall deliver to the Bond-Type Class Shareholders cash in the amount per Bond-Type Class Share calculated by the method determined by a resolution of the Board of Directors before the issuance of the Shares of Each Series of Bond-Type Class as the sum of the equivalent of the Issue Price per Bond-Type Class Share plus the amount of the Accumulated Dividends Payable to Bond-Type Class Shares pertaining to those Bond-Type Class Shares and the equivalent of the Preferred Dividend to Bond-Type Class Shares pertaining to the period from the first day of the fiscal year in which the date of the acquisition falls to the date of the acquisition, in exchange for the acquisition of those Bond-Type Class Shares. If the Company acquires part of the Bond-Type Class Shares, the Company shall determine the scope of Bond-Type Class Shares to be acquired from Bond-Type Class Shareholders by a reasonable method determined by the Board of Directors.

Article 20. (Share Consolidation or Share Split, etc.)

The Company shall not conduct any share consolidation or share split with respect to the Bond-Type Class Shares, unless otherwise provided by law.

(2) The Company shall not make any gratis allotment of shares or stock acquisition rights to the Bond-Type Class Shareholders.

(3) The Company shall not grant to Bond-Type Class Shareholders any right to receive allotment of shares offered for subscription or stock acquisition rights offered for subscription.

(4) If the Company conducts a share transfer (limited to a sole-share transfer conducted by the Company), the Company shall deliver to Common Shareholders, Etc. shares issued by the wholly owning parent company incorporated in the share transfer that are of the same class as the Common Shares of the Company in exchange for the Common Shares, and deliver to Bond-Type Class Shareholders, Etc. shares issued by the wholly owning parent company incorporated in the share transfer that are of the same class as the Bond-Type Class Shares in exchange for the Bond-Type Class Shares, in the same ownership ratio respectively.

(5) The adjustment of the Preferred Dividend to Bond-Type Class Shares and Accumulated Dividends Payable to Bond-Type Class Shares in the case provided for in the preceding item shall be conducted by the method determined by a resolution of the Board of Directors before the issuance of the Shares of Each Series of Bond-Type Class.

<p>Chapter <u>III</u>: General Meeting of Shareholders</p> <p>Article <u>14</u>. (Time of Convening the General Meeting of Shareholders) The General Meeting of Shareholders of the Company shall be convened in March every year. In addition to the preceding item, Extraordinary General Meetings of Shareholders shall be convened when deemed necessary.</p> <p>Article <u>15</u>. (Omitted)</p> <p>Article <u>16</u>. (Chairman) The President/Director shall serve as chairman at General Meeting of Shareholders. In the event that the President/Director is unable to perform the above duties due to accidents, another director shall stand in the position in accordance with sequence prearranged by the Board of Directors.</p> <p>Article <u>17</u>. (Assumption of Provision of Materials such as Reference Documents for General Meeting of Shareholders by Disclosure on the Internet) When convening General Meeting of Shareholders, the Company shall assume that</p>	<p><u>Article 21. (Order of Priority)</u> <u>Payments of Preferred Dividends to Bond-Type Class Shares and Interim Preferred Dividends to Bond-Type Class Shares, and distribution of residual assets to Shares of Each Series of Bond-Type Class are ranked pari passu.</u></p> <p>Chapter <u>IV</u>: General Meeting of Shareholders</p> <p>Article <u>22</u>.
