Notice Concerning Heavy Oil Spill Incident at Our Contracted Worksite

We hereby report that a heavy oil spill incident has occurred at one of our contracted worksites. We sincerely apologize for the significant inconvenience and concern this is causing to the local residents and all concerned parties.

The details confirmed as of now are as follows.

1. Summary of the incident

- (1) Date of the incident: Friday, September 26, 2025
- (2) Location of the incident: Nippon Life Insurance Company facility (Ibaraki City, Osaka Prefecture)
- (3) Details of the incident: During inspection of the emergency generator within the facility, heavy oil leaked from the generator's fuel tank due to an operational error, with a portion of the oil flowing outside the facility premises.

2. Status of our response to the incident

- Under the guidance of the relevant authorities, we are currently implementing measures to prevent the spread of heavy oil and conducting recovery operations.
- We are checking for impacts on the surrounding environment (such as rivers) and will implement all necessary countermeasures.
- We are conducting a thorough investigation into the cause of the incident and will take all possible measures to prevent recurrence.

3. Impact on financial results

An investigation into the cause of the incident is underway in cooperation with the contractor who performed the inspection. If any facts requiring disclosure, including impact on financial results, are identified, we will promptly disclose them.

We sincerely apologize once again for the significant inconvenience the incident is causing to the residents of the area and all concerned parties.

For inquiries regarding this matter, please contact:
