(Notes)

1. The Company has no conflicts of interest with any of these candidates.
2. The Company has a directors and officers liability insurance (D&O Insurance) policy in place, as stipulated in Article 430-3, Paragraph 1 of the Companies Act, and the policy is scheduled to be renewed in May 2026. All the candidates referred to in this item are already insured under the said insurance policy and will continue to be insured after their appointments.
 - Ratio of insurance premiums borne by the insured party
The premiums shall be fully paid by the Company, including the premiums for special clauses. Therefore, no portion of the premiums shall be borne by the insured party.
 - Outline of insurable contingencies subject to coverage
This policy, together with the special clauses, will cover damages that may arise when an insured Director assumes liabilities as a result of the execution of his duties or due to claims brought against him for being

held responsible for the consequences of his action. However, the policy has an exclusion that the insurance company contends precludes coverage, such as liabilities incurred as a result of an unlawful act that an insured individual willfully and knowingly commits.

- The number of the Company's shares owned by candidates includes equities held by the Artnet Officer Stocks Society.

Note: The table above does not represent all the experience and expertise possessed by each candidate for Director.

(Reasons for selecting the skills in the skills matrix)

| Skill | Reason for selection |
|-----------------------------|---|
| Corporate management | We believe that competence and experience in engaging in corporate management and important decision-making are critical for the purposes of formulating and executing business strategies and plans in order to achieve sustained growth and increase the medium- and long-term enterprise value, based on our management philosophy of being an Engineer Support Company. |
| Technologies | We believe that possession of a high level of expertise in the Company's technology fields, along with competence and experience in promoting the growth and self-actualization of engineers, is critical for the purposes of participating in cutting-edge projects at an early stage and shifting careers to growing industry fields. |
| Business strategy | We believe that competence and experience in discerning medium- and long-term societal changes and guiding the Company's strategy accordingly are critical for the purposes of swiftly grasping the changes in client needs, shifts in employee preferences, and change in the market environment and building a foundation for sustainable and next-generation growth. |
| Recruitment and development | We believe that competence and experience in maintaining and creating the Company's unique "high value-added engineering group" even as the competition for talent intensifies are critical for the purpose of expanding our business by increasing the number of engineers, their utilization rate, and the unit price of engineers, all three of which are our important management indicators. |
| Sales | We believe that in-depth knowledge and extensive experience in marketing, and sales are critical for the purposes of maintaining and building a strong client base through selecting and swiftly assigning engineers whose skills level is appropriate for the development needs and plans of our clients and enhancing client satisfaction, alongside conducting efficient and balanced sales activities. |
| Finance and accounting | We believe that possessing adequate knowledge of finance and accounting, as well as competence and experience in working on financial strategies to enhance enterprise value, is critical for the purposes of striving for transparent and trustworthy financial management, establishing a stable financial base, enhancing enterprise value continuously, and strengthening shareholder returns. |
| Governance | We believe that adequate knowledge and experience needed to establish frameworks for risk management, compliance, and corporate governance are critical for the purpose of further strengthening our internal control and risk management efforts through the application of business management systems (including internal control systems) to enable flexible adaptation to changes in the business environment. |
