First Three Quarters of the Fiscal Year Ending December 31, 2025 Financial Summary

1. Overview of operating results

(1) Overview of quarterly operating results

During the nine months ended September 30, 2025, the Japanese economy continued on a modest recovery track, supported by factors such as improvements in employment and income conditions. Meanwhile, the outlook for the economy remains uncertain due to ongoing global instability, persistent price inflation, and the potential impact of future U.S. policy developments.

Under this business environment, the Oenon Group worked to achieve sound and sustainable growth and enhance corporate value over the medium to long term. To do so, we worked to achieve the objectives of the "Medium-Term Management Plan 2028," with a focus on addressing the three key challenges outlined in our long-term vision, "NEXT100."

As a result, in the nine months ended September 30, 2025, net sales amounted to \(\frac{4}{6}3,184\) million (up 4.5% year on year). On the profit front, the Group recorded operating income of \(\frac{4}{3},114\) million (up 50.9% year on year) and ordinary income of \(\frac{4}{3},239\) million (up 49.8% year on year). Profit attributable to owners of the parent was \(\frac{4}{2},339\) million (up 45.0% year on year).

(Alcoholic beverages)

In the *shochu* category (within Japanese alcohol products), sales were favorable for *kou-otsu* blended *shochu* products in the *SUGO-MUGI* and *SUGO-IMO* series. However, due to the discontinuation of the *Kaito* series of *otsu* -type *shochu* and a decline in store-brand products, sales decreased. In the same category, the Group launched *KOKOYOI*, a new-genre *otsu*-type *shochu* that proposes "a new style of *shochu*," brewed using aroma hops, ale yeast, and multiple botanicals. Additionally, in celebration of the 45th anniversary of the *Hakata no Hana* series, the packaging of the 25% ABV, 1,800ml bottle of the *otsu*-type *shochu Hakata no Hana Mugi* was

redesigned to more intuitively convey the product's value, at the same time, a special 45th anniversary website were launched and a brand site were also renewed.

In *chu-hi* and other RTD products, sales increased due to strong performance of store-brand products and the packer business.

In the *sake* category, sales declined for both own-brand and store-brand products, causing category sales to fall.

In brewing and industrial alcohol for sale, sales increased, supported by strong performance in sales of alcohol for beverage production and of industrial-use alcohol.

In wine and spirits, sales were strong for *chu-hi* base spirits, which allow consumers to just add carbonated water to enjoy drinking at home while replicating the feeling of being in an *izakaya* (Japanese-style pub). Sales also grew for *WHISKY KOHKUN*, a type of whisky that is ideal for mixing in highballs. However, sales fell for imported wine and alcohol for beverage production. As a result, category sales decreased year on year.

(Enzymes and pharmaceuticals)

Sales in the enzymes and pharmaceuticals segment were \(\frac{\pma}{3}\),644 million (up 13.0% year on year), supported by growth in the contract manufacturing business in Japan, as well as to favorable overseas sales in the enzymes category. Operating income came to \(\frac{\pma}{7}12\) million (up 54.2% year on year).

(Real estate)

In the real estate segment, sales amounted to ¥991 million (up 16.7% year on year) due to factors such as rent revisions for leased properties. Operating income was ¥578 million (up 29.5% year on year).

(2) Financial conditions

As of September 30, 2025, total assets amounted to \(\frac{1}{2}\)53,036 million, down \(\frac{1}{2}\)2,702 million from December 31, 2024, due to a decrease in trade notes and accounts receivable despite an increase in investment securities.

Liabilities amounted to \(\frac{4}{26}\),988 million, down \(\frac{4}{4}\),271 million from the end of the previous fiscal year. Short-term loans payable rose, but accrued liquor tax and accounts payable—other declined.

Net assets up \(\pm\)1,569 million, to \(\pm\)26,047 million, mainly because of an increase in retained earnings.

(3) Explanation of Consolidated financial forecast and other forward-looking information The full-year financial forecast remains unchanged from the figures announced on July 30, 2025.
