

## Gunze Scores B in Climate Change Section of CDP 2024

Osaka-Gunze Limited (Headquarters: Osaka, Japan; President: Toshiyasu Saguchi) [TOKYO:3002] is pleased to announce that Gunze responded to the Climate Change section of the CDP questionnaire and was certified in 2024 with a score of "B" (Management Level), indicating that the company is "aware of and acting on its own environmental risks and impacts".

### ■ About CDP

CDP is a global non-profit that runs the world's only independent environmental disclosure system for companies, capital markets, cities, states and regions to manage their environmental impacts. CDP also works to encourage companies to reduce greenhouse gas emissions and conserve water resources and forests.

In 2024, 24,800 companies worldwide and more than 2,100 Japanese companies responded to the CDP questionnaire and disclosed information, and our company's certified "B" score is the third highest among the eight levels.

### ■ Our Approach to Sustainable Management

In its mid-term management plan "VISION 2030," Gunze has set the goal of achieving both social contribution and sustainable growth of Gunze through sustainable management that balances "social value" and "economic value," and is promoting an approach to "environmentally responsible management" that can achieve both of these goals. Gunze has been actively promoting the three key initiatives of "addressing climate change," "creating a resource recycling society," and "sustainable procurement" to create both social and economic value.
