Hulic Co., Ltd. (the “**Tender Offeror**”) commenced a Tender Offer on July 1, 2025 for the investment units in Canadian Solar Infrastructure Fund, Inc. (the “**Target Company**”) listed on the Infrastructure Fund Market of Tokyo Stock Exchange, Inc. under the securities code 9284, in accordance with the Financial Instruments and Exchange Act (Act No. 25 of 1948, as amended, the “**Act**”) (the “**Tender Offer**”). After comprehensively considering the status of tenders from the Target Company’s unitholders to the Tender Offer and the prospects for subsequent tenders, the Tender Offeror decided on August 13, 2025 to: change the purchase price per investment unit of the Target Company (the “**Tender Offer Price**”) from 86,710 yen to 89,930 yen; and extend the tender offer period from a total of 30 business days to a total of 45 business days until September 3, 2025, in order to provide the Target Company’s unitholders with further opportunities for making decisions on whether to tender their investment units to the Tender Offer and increase the probability of successful completion of the Tender Offer.

Accordingly, in order to amend the matters stated in the tender offer registration statement filed by the Tender Offeror on July 1, 2025 that are required to be amended pursuant to the above decision, the Tender Offeror filed an amendment to the tender offer registration statement with the Director General of the Kanto Local Finance Bureau on August 13, 2025 in accordance with Article 27-8, Paragraph 2 of the Act.
