2. Purpose and Reasons for the Disposal

At the Board of Directors meeting held on May 10, 2019, MatsukiyoCocokara & Co. resolved to introduce a new compensation plan in the form of restricted stock (hereinafter referred to as the “Plan”) for the directors of the Company, excluding outside directors (hereinafter referred to as the “Eligible Directors”). The purpose of the Plan is to provide medium-to long-term incentives and to promote the alignment of interests with shareholders. Furthermore, at the **12th Annual General Meeting of Shareholders** held on June 27, 2019, the shareholders approved the granting of Monetary Compensation Claims (hereinafter referred to as the “Restricted Stock Compensation”) under the Plan to the Eligible Directors, in an amount not exceeding ¥85 million per year, to be contributed as property for the acquisition of restricted stock. The shareholders also approved that the Transfer Restriction Period for the transfer of such shares shall be determined by the Board of Directors

and set within a range of three to five years. Subsequently, at the **17th Annual General Meeting of Shareholders** held on June 21, 2024, the shareholders approved amendments to the Plan to revise the annual maximum number of shares to be granted to 90,000 and the maximum amount of Monetary Compensation Claims to ¥360 million per year.

An outline of the Plan is provided below:

[Outline of the Plan]

Under the Plan, the Eligible Directors shall contribute the full amount of the Monetary Compensation Claims granted by the Company as contributions in kind and, in return, receive shares of the Company's common stock through issuance or disposal.

The total number of shares of common stock to be issued or disposed of under the Plan shall not exceed 90,000 shares per year. The per-share Issue Price shall be determined by the Board of Directors based on the closing price of the Company's common stock on the Tokyo Stock Exchange Prime Market on the business day immediately preceding the date of the relevant Board resolution (or, if no closing price is available on that date, the closing price on the most recent prior trading day). The price shall be set within a range that is not deemed particularly favorable to the Eligible Directors receiving the shares.

In connection with the issuance or disposal of the Company's common stock under the Plan, the Company and each Eligible Director shall enter into a Restricted Stock Allocation Agreement. The terms of this agreement shall include the following provisions:

1. For a specified period, the Eligible Directors shall not transfer, pledge or otherwise dispose of the allocated shares of the Company's common stock; and
2. The Company may, under certain circumstances, acquire the allocated shares without compensation

In light of the objectives of the Plan, the Company's business performance, the scope of responsibilities of each Eligible Director, and other relevant factors, and with the aim of securing talented individuals and further enhancing their motivation, the Company has resolved to grant a total of ¥83,880,720 in Monetary Compensation Claims (hereinafter referred to as the Monetary Compensation Claims) and allocate 33,660 shares of common stock. In order to realize the sharing of shareholder value over the medium to long term, which is one of the objectives of the Plan, the transfer Restriction Period for this allocation has been set at three years.

Under the Disposal of Treasury Shares, pursuant to the Plan, the eight Eligible Directors as planned allottees will contribute their Monetary Compensation Claims in full as contributions in kind and receive allocated shares of the Company's common stock (hereinafter referred to as the Monetary Compensation Claims).

An overview of the Restricted Stock Allocation Agreements (hereinafter, the "Allocation Agreements") to be entered into between the Company and the Eligible Directors in connection with the Disposal is provided in Section 3 below.

of their term, reaching retirement age, or any other legitimate reason (excluding resignation or retirement due to death), the Transfer Restriction Period shall be lifted immediately upon resignation or retirement. In the case of resignation or retirement due to death, the Transfer Restriction Period shall be lifted immediately upon the time of death.

② Number of Shares Eligible for Lifting of Transfer Restriction Period

The number of shares for which the Transfer Restriction Period will be lifted shall be calculated by multiplying the number of Allocated Shares held at the time of resignation or retirement (as defined in ① above) by the number of months from the commencement of the Eligible Director's service in the 19th fiscal year up to and including the month of resignation, divided by 36. Any fractional shares resulting from this calculation shall be rounded down.

Any Allocated Shares for which the Transfer Restriction Period have not been lifted, either at the end of the Transfer Restriction Period or at the time of lifting as specified in (3), shall be automatically acquired by the Company without compensation.

(Any fractional shares resulting from this calculation shall be rounded down.). Immediately after the Transfer Restriction Period are lifted, any remaining Allocated Shares not subject to the lifting of restrictions shall be automatically acquired by the Company without compensation.

4. Basis and Details of the Issue Price

The Disposal of Treasury Shares to the proposed allottees will be carried out through the contributions of Monetary Compensation Claims granted as restricted stock compensation for the Company's 20th fiscal year under the plan. To ensure that the Issue Price is not arbitrary, the disposal price has been set at ¥2,492 per share—the closing price of the Company's common stock on the Tokyo Stock Exchange Prime Market on July 9, 2026 (the business day immediately preceding the date of the Board of Directors resolution). This price reflects the market value immediately prior to the resolution and is considered reasonable and not particularly favorable to the allottees.
