Details are as follows:

#### 1. Details of the borrowing

##### < Short-term borrowing >

Lender	Loan amount	Interest rate	Drawdown date (plan)	Due date (Note 1)	Borrowing and repayment methods, security, and guarantee
Sumitomo Mitsui Trust Bank, Limited Mizuho Bank, Ltd. MUFG Bank, Ltd.	1.998 billion yen	0.275 % +Base rate (Note 2)	February 2, 2026	February 2, 2027	Borrowing based on the commitment line agreement dated June 10, 2025 with the lenders shown at left as the creditor, lump-sum repayment, unsecured, and unguaranteed

(Note 1) If the due date is a non-business day, it shall be the following business day. If such day falls in the following month, it shall be the immediately preceding business day.

(Note 2) The interest payment will be made on the last day of February 2026 and the last day of each month thereafter as well as on the due date of the principal. The base rate applicable to the period for the calculation of the interest payable on an interest payment date is the JBA one-month Japanese Yen TIBOR as of a date two business days prior to the interest payment date immediately preceding each interest payment date. (For the first interest payment, it will be on the drawdown date.) However, if the base rate applicable to the calculation period doesn't exist, the base rate will be the one corresponding to the period that will be calculated based on a method provided in the agreement.

After this, API will not announce the interest rate decisions for the borrowing. For changes in the JBA Japanese Yen TIBOR, the base rate, please check the website of the JBA TIBOR Administration (<http://www.jbatibor.or.jp/english>).
