(For the first interest payment, it will be on the drawdown date.) However, if the base rate applicable to the calculation period doesn't exist, the base rate will be the one corresponding to the period that will be calculated based on a method provided in the agreement. After this, API will not announce the interest rate decisions for the borrowing. For changes in the JBA Japanese Yen TIBOR, the base rate, please check the website of the JBA TIBOR Administration (<http://www.jbatibor.or.jp/english>).
