About the "My Hero Academia" anime series

The "My Hero Academia" anime series is based on the popular manga by Kohei Horikoshi, which was serialized for ten years in *Weekly Shonen Jump* (published by Shueisha) and has surpassed 100 million copies in circulation worldwide.

The story is set in a world where approximately 80% of the population possesses supernatural abilities known as "Quirks."

High school student Izuku Midoriya (also known as "Deku") and his classmates at U.A. High School strive to become Heroes—professionals who protect society from disasters and "Villains" who abuse their Quirks—in this unfolding story of growth, battle, and friendship.

Starting with the first season in April 2016, a total of 170 episodes across eight seasons have been broadcast leading up to the "FINAL SEASON" in 2025, and four theatrical movies have also been released.

The series is currently available on various streaming platforms.
