### **Regarding Some Media Reports**

Today, some media outlets reported the arrest of an individual on suspicion of violating the Financial Instruments and Exchange Act (insider trading) in connection with our company's stock.

The reports include a statement suggesting that a non-public material fact was conveyed to the arrested individual by one of our employees. However, this is not factual.

Our company continues to fully cooperate with the investigative authorities, and should any matters arise that require disclosure, we will promptly make such information public.
