3. Cause of Action and Background of the Lawsuit

As disclosed in our announcement on May 24, 2024, titled "(Progress of Disclosure) Notice Concerning Conclusion of Definitive Agreement on Business Transfer of Professional Work Business (Disaster Countermeasures and Field Work)," the Company transferred its Professional Work Business to the plaintiff, TECHNO HORIZON CO., LTD.

The plaintiff asserts that there were defects in the software assets, etc., transferred by the Company, and that these defects were not resolved even after the business transfer, ultimately forcing them to halt system development. The plaintiff claims that the Company is responsible for addressing these defects prior to the business transfer and that the Company failed to disclose these defects before the transfer. Consequently, the plaintiff has now filed a lawsuit against the Company.

The Company has, from the initial stages of the transfer process, engaged in sincere and diligent discussions, and concluded the contract after reaching sufficient consensus. Since then, the Company has continued to faithfully fulfill its contractual obligations, and with the recognition that the Company has not deviated from the contract in any way, the Company has continued discussions with the plaintiff as necessary.
