GungHo Online Entertainment, Inc. (Headquarters: Chiyoda-ku, Tokyo, Representative Director, President and CEO: Kazuya Sakai) today announced the release of the party game 'Chit Chat Party!' for Nintendo Switch™ 2, effective today, September 17, 2026 (Thursday).

'Chit Chat Party!' is a cooperative communication game where players use the Nintendo Switch™ 2's game chat feature to talk to each other, communicate with family and friends, and work together to take on challenges.

This title includes three types of games: 'Watermelon Split,' where players guide a blindfolded friend to a watermelon using only their voice; 'Delivery Panic,' where players split into roles of map reader and cargo carrier to deliver orders to a destination; and 'Ghost Hunt,' where players find and repel mischievous ghosts lurking in a spooky mansion. In addition to solo play, you can enjoy multiplayer with up to four players, including an 'Audience' mode where you can watch and cheer on your friends' gameplay.

We at GungHo will strive to create high-quality game contents that can be fully enjoyed by game users around the world and expand our business globally, under the philosophy of 'pursuing business operations to take on challenges and create new products.'
