3. Sale of altcoins

1) Overview of altcoins sold

The Company comprehensively evaluated the market environment, the risk-return characteristics of each crypto asset, and its financial strategy, and resolved to sell all of its altcoin holdings. By doing so, the Company will advance the selection and concentration of its crypto asset portfolio. Moving forward, the Company will clarify its asset management strategy and enhance capital efficiency by focusing its holdings and utilization primarily on Bitcoin.

Crypto asset	Quantity sold	Book value* (yen)	Selling price (yen)	Gain/loss on sale (yen)
Ethereum (ETH)	901.44672542	293,222,590	353,425,711	60,203,121
Solana (SOL)	13,920.07255868	178,580,610	227,885,508	49,304,898
