Notice of Selection as a Constituent of the JPX Start-Up Acceleration 100 Index

TerraSky Co., Ltd. ("TerraSky") is pleased to announce that it has been selected as a constituent of the newly established "JPX Start-Up Acceleration 100 Index." This selection was announced on February 13, 2026, by JPX Market Innovation & Research, Inc. (JPXI), a subsidiary of Japan Exchange Group, Inc.

The JPX Start-Up Acceleration 100 Index is a stock index composed of 100 representative high-growth startup companies in Japan, selected based on criteria such as market capitalization and revenue growth rates. Through the utilization of this index—including investment in index-linked products such as ETFs—it aims to promote management that is more conscious of growth among startup companies and to create a virtuous cycle of expanding investment in startups that achieve such growth. The calculation and dissemination of the index are scheduled to commence on March 9, 2026.
