The corporate governance of Mitsubishi Chemical Group Corporation (the “Company” or “MCG”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

For Realizing KAITEKI, MCG shall establish a system to enhance both the soundness and efficiency of business administration, improve the transparency of its business administration through suitable disclosure of information and dialogue with stakeholders, and endeavor to establish a better suitable corporate governance system.

Please refer to our “Mitsubishi Chemical Group Corporate Governance Guidelines” on the Company’s website for basic policies concerning corporate governance such as the roles, constitution and appointment criteria of the Board of Directors.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code] (Updated)

<Supplementary Principle 2.4.1 Ensuring Diversity in the Promotion to Core Human Resources>
(Voluntary and measurable goals for ensuring diversity)

With regard to the “voluntary and measurable goals” related to the promotion of women, foreign nationals and midcareer hires to middle managerial positions, the MCG Group takes measures in accordance with the MCG Group’s basic strategy and medium-term management plan. However, the Group’s common numerical targets have not been set as each Group company engages in different businesses and conducts recruitment in a different way.

(Concept of ensuring diversity and policies for human resource development and internal environment development to ensure diversity)

For the MCG Group, human resources are the source of value creation and the driving force behind its growth and realization of its Purpose. In the previous fiscal year, the Company formulated a new management vision “KAITEKI Vision 35” and a new medium-term management plan “New Medium-Term Management Plan 2029.” “New Medium-Term Management Plan 2029” is an important step to accelerate the realization of “KAITEKI Vision 35.” In order to realize this plan, the Company will synchronize its HR strategies with its management strategies to maximize human capital value, drive value creation with a “connect” mindset and realize business transformation to adapt to the changing market environment.

To achieve “KAITEKI Vision 35” and “New Medium-Term Management Plan 2029,” the Company will develop the optimum environments, organizations and culture, and provide opportunities for taking on

challenges and learning new skills. By doing so, the Company and individuals can work towards a common goal, through which each individual can reach their full potential.

The Company has been implementing measures with a focus on achieving “Our Vision for FY2029” based on the following five aspects of the vision:

- “Synchronization of management and business strategies with HR strategies”
- “Optimal global placement and promotion of human resources”
- “Environments that maximize potential”
- “Attractive corporate group”
- “Lean and productive organizations”

For details, please refer to page 21 of the 20th Annual Securities Report (only available in Japanese).

[Disclosure Based on the Principles of the Corporate Governance Code] (Updated)

As used in this report, the following terms shall have the following meanings:

“senior management” means corporate executive officers.

“officers” means directors and corporate executive officers.

<Principle 1.4 Cross-Shareholdings>

(Mitsubishi Chemical Group Corporate Governance Guidelines [Development of a framework that improves the soundness and efficiency of management])

The Company and major subsidiaries shall acquire and hold shares of clients, etc. if the shareholding contributes to medium- to long-term improvement in corporate value. The Board of Directors shall review the adequacy of such cross-shareholdings on a regular basis. Considering the effect on the market, we make effort to sell such cross-shareholdings as assessed insufficient in adequacy.

On December 12, 2024, the Board of Directors reviewed the adequacy of all cross-shareholdings of Group as of the end of March, 2024, in light of economic rationale as measured by ROIC and necessity for business, etc. As a result of the review, we have found insufficiency in adequacy of a part of cross-shareholdings. Considering the effect on the market, we are proceeding to sell such cross-shareholdings as assessed insufficient. The exercise of voting rights of the cross-shareholdings shall be determined from the perspective of medium- to long-term improvement in corporate value of clients, etc.

<Principle 1.7 Related Party Transactions>

The Company investigates the existence of related party transactions such as transactions involving members of the board or corporate executive officers and their close relatives through methods including seeking direct confirmation from members of the board and corporate executive officers. The Company sets competitive and conflict-of-interest transactions as a matter to be resolved by the Board of Directors, who confirm the adequacy of the transactions. Should the Company have any transaction with a main shareholder, the Company maintains procedures to prevent any detriment to the Company, given the importance and nature of such a transaction.

<Principle 2.6 Roles of Corporate Pension Funds as Asset Owners>

In order for corporate pension funds to perform their roles as asset owner, Mitsubishi Chemical Corporation which is the core business company of the Company group has taken measures based upon the guidelines as published by Ministry of Health, Labor and Welfare.

Specifically, Mitsubishi Chemical Corporation has set guidelines for management of pension assets, established committee for management of pension assets, determined proportion of composition of political assets and implemented the total assessment of asset management companies.

In addition to the foregoing, in cooperation with consultants, Mitsubishi Chemical Corporation has performed measures for proper management of corporate pension funds.

<Principle 3.1 Full Disclosure>

(What the company aims for)

Upholding “We lead with innovative solutions to achieve KAITEKI, the well-being of people and the planet” as its Purpose, the MCG Group aims to become Green Specialty Company that continues to provide optimal solutions to social problems and deliver impressive results to customers with the power of materials.

(Management Policy)

MCG has formulated a new management vision “KAITEKI Vision 35” covering the period up to the end of FY2035, and a “New Medium-Term Management Plan 2029” covering the period up to the end of FY2029. For details, please refer to the Company’s website.

(Policy and procedures in the appointment/dismissal of the senior management and the nomination of directors)

(Mitsubishi Chemical Group Corporate Governance Guidelines [Development of a framework that improves the soundness and efficiency of management]3(1), [Enhancement of management transparency]4)

The Nominating Committee determines the contents of the proposal for the election and dismissal of Directors to the general meeting of shareholders, and the contents of the proposal to the Board of Directors regarding the selection and dismissal of the President.

Policy on appointment/dismissal of senior management and nomination of directors is described in Exhibit 1 [Policy on appointment/dismissal of senior management and nomination of directors].

(Reason for the Appointment of Officers)

The reason for appointment of officers are described in Exhibit 2 [Reason for appointment of the Director] and [Reason for appointment of the corporate executive officers].

<Supplementary Principle 3.1.3 Sustainability initiatives>

Under the MCG Group’s Purpose “We lead with innovative solutions to achieve KAITEKI, the well-being of people and the planet,” we engage in business activities by setting sustainability as a core of corporate management.

We will strive to improve sustainability and achieve sustainable growth by strengthening our business base, which includes achieving carbon neutrality and enhancing human capital by improving cultivating and developing human resources and improving the working environment.

For details, please refer to the 20th Annual Securities Report (page 16 (only available in Japanese)).

For the impacts that climate change-related risks and opportunities might cause to our business activities and revenues, please refer to page 20 of the 20th Annual Securities Report (only available in Japanese).

<https://www.mcgc.com/ir/pdf/02351/02627.pdf>

<Supplementary Principle 4.1.1 Scope and content of the matters delegated from the Board to the management>

The Company delegates authority to corporate executive officers to make all business execution decisions, with the exception of matters that must be legally resolved by the Board of Directors and important matters in terms of portfolio management.

<Principle 4.9 Independence Standards for Independent Directors>

(Mitsubishi Chemical Group Corporate Governance Guidelines Attachment 2)

Independence Standards for Independent Directors are described at [Matters relating to Independent Directors].

<Supplementary Principle 4.11.1 View on the constitution of the Board of Directors>

(Mitsubishi Chemical Group Corporate Governance Guidelines [Development of a framework that improves the soundness and efficiency of management]2(2))

In order to establish the Group's basic management policies and oversee management appropriately, MCG appoints directors from a multifaceted viewpoint by defining expected universal skills—corporate management, global business, and risk management—and skills required for medium- to long-term management—legal affairs, compliance, finance, our industry and related industries, and technology/science/digital knowledge.

Furthermore, in a bid to enhance oversight functions, a majority of Directors of the Board will not concurrently take on the role of Corporate Executive Officer.

Regarding the skills matrix described above, please refer to the Notice of the General Meeting of Shareholders.

(https://www.mcgc.com/english/ir/stock_info/stock_meeting.html)

<Supplementary Principle 4.11.2 Directors' concurrent positions>

Regarding the Directors of the Board's concurrent positions, please refer to the Notice of the General Meeting of Shareholders.

(https://www.mcgc.com/english/ir/stock_info/stock_meeting.html)

<Principle 4.11.3 Analysis and Evaluation of Effectiveness of the Board of Directors>

- Implementation of the Board of Directors Effectiveness Evaluation

In accordance with the Mitsubishi Chemical Group Corporate Governance Guidelines, the Board of Directors is evaluated for their effectiveness annually and a summary of the results are disclosed.

- Evaluation methods and processes

In accordance with the above Guidelines, regular evaluations were conducted by a third-party organization to ensure the expertise of the evaluation methods and the objectivity of the evaluation process. However, to concentrate on addressing various issues identified in the recent evaluations, the Board of Directors decided to conduct their own evaluation for the fiscal year 2024, specifically focusing on the progress in resolving these issues, without using a third-party organization.

As evaluation processes, regarding the current issues and the direction of responses, a written questionnaire and five-step evaluation of current effectiveness was conducted for the directors and based on the results of the questionnaire, etc., the Board of Directors shared the identified issues and discussed various initiatives, including steps to improve effectiveness, at the Board of Directors Meeting held in June 2025.

- Current issues and the direction of responses

The following issues and response directions were acknowledged. Specific methods for improvement and progress will be reviewed as needed and discussed by the Board of Directors to address these issues.

■ Discussions on management strategies and monitoring methods for business execution

[Issues in fiscal year 2025]

We have identified the following issues: the fiscal year 2024 is a period of transformation in line with the medium-term management plan etc., and as a result, a significant amount of time was spent discussing numerous individual proposals submitted by the executive management, and consequently, discussions on the portfolio strategy, which is the basis for determining the approval or rejection of individual projects, were insufficient and discussions remained focused on individual projects and did not become sufficiently deep. Also, there were cases where individual projects were suddenly proposed, and discussion had to be rushed due to time constraints.

[Direction of responses]

- Deepening discussions on portfolio strategy, etc.
- Proceeding with deliberation for individual projects at an early stage

■ Roles of independent outside directors and executive management

[Issues in fiscal year 2025]

We have identified the following issues: there were differences in the frequency of communication between outside directors and corporate executive officers, resulting in some imbalances in information sharing. Additionally, there was a need for further improvement in the response to issues raised by outside directors at Board of Directors' meetings.

[Direction of responses]

- Enhancing information sharing among the Board of Directors
- Promoting and optimizing communication between the Board of Directors and executive management

■ Operation of the Board of Directors' meetings, agenda setting, and coordination with the Committees

[Issues in fiscal year 2025]

We have identified the following issues: first, due to the time spent discussing individual projects proposed from the executive side, it was not possible to operate according to the annual agenda as originally planned, resulting in some items that should have been discussed being carried over. Second, there is room for improvement in providing information specific to each Committee to directors who are not members of the Committee.

[Direction of responses]

- Setting an appropriate agenda and exercising self-control
- Strengthening the coordination both between the Board and the Committees as well as among the Committees themselves

[Outline of Results of the Evaluation on the Effectiveness of the Board of Directors in Fiscal Year 2024] is described in Exhibit 3.

<Supplementary Principle 4.14.2 Training policy for directors>

(Mitsubishi Chemical Group Corporate Governance Guidelines [Development of a framework that improves the soundness and efficiency of management]4(1))

MCG shall explain to outside directors the Group's business contents and organization on a continuing basis, and provide opportunities to visit domestic and overseas business sites as well as opportunities for dialogue with the management on a regular basis.

For internal directors, opportunities to develop qualities suitable for directors shall be provided through external seminars held by various organizations, in addition to trainings on compliance and internal control.

<Principle 5.1 Policy on Dialogue with Shareholders>

(Mitsubishi Chemical Group Corporate Governance Guidelines Attachment 1)

MCG will ensure appropriate disclosure so as to gain the trust of our shareholders and encourage long-term holding of MCG's shares. MCG also intends to engage in active dialogue with shareholders and reflect it in our corporate activities.

(Policy on Dialogue with Shareholders)

Disclosure to and dialogue with shareholders shall be implemented by each relevant department, in cooperation with each other, under the supervision of the President, officer in charge of IR and officer in charge of legal. Opinions obtained through the dialogue will be reported to the Board of Directors, etc., and shared by the management.

(Status of Dialogue with Shareholders)

As for the status of dialogue with shareholders in FY 2023, please refer to KAITEKI Report 2024 (page 19) on the Company's website.

(https://www.mcgc.com/english/ir/library/kaiteki_report.html)

In addition, the status of dialogue with shareholders in FY 2024 will be announced on the Company's website around in September 2025.

5. Other Special Circumstances which may have Material Impact on Corporate Governance

We have been promoting, in a smooth and efficient manner, our group's portfolio management, financial strategy,

corporate governance, the enhancement of group strength and branding management, demonstrating our group's collective strengths, making efforts to maximize the corporate value of our group as a whole.

Also, we are deeply aware of the fact that corporate activities are supported by the general public. When performing group management, we make every effort to enhance governance of our group as a whole so that the group companies will promote compliance, comply with social rules, faithfully meet the demands of society as a good corporate citizen, and perform corporate social responsibilities.

Among our consolidated subsidiaries, Nippon Sanso Holdings Corporation("NSHD") is listed on the Tokyo Stock Exchange. NSHD is a listed subsidiary that supports the Industry Gases Segment, which is our Group's main business. Under the four-pronged business system of Japan, the United States, Europe and Asia/Oceania, NSHD has been working to further expand its business scale and improve profitability by developing its gas utilization technologies globally. We believe that maintaining the listing of NSHD and conducting business independently will serve the interests of NSHD and us. We also believe that working closely with NSHD to achieve its objectives will lead to maximizing the corporate value of our Group.

Pursuant to Master Agreement dated 13 May 2014 (the "Agreement"), NSHD and we have agreed to maintain the listing of NSHD shares.

We have put in place a system to ensure the appropriateness of operations within our Group, and share compliance, risk management and other Group internal control policies with NSHD.

Meanwhile, NSHD and we have agreed to respect the autonomy of NSHD management in the Agreement, and NSHD has established a voluntary Nomination and Compensation Advisory Committee, which advises the Board of Directors on the nomination of candidates for Directors and Statutory Auditors and the election and dismissal of CEOs and other executive officers. The committee consists of six members, the president and five independent outside directors, one of them serving as the chairperson. This ensures NSHD's independence from us regarding the selection of management team members. NSHD seeks to secure the objectivity and transparency of the Board of Directors in deliberations on transactions with the controlling shareholder, by appointing five independent outside directors who are independent of the controlling shareholder so that they make up majority of the nine-member Board of Directors.

Appointment of Directors and/or Staff to Support the Audit Committee	Appointed
--	-----------

Matters Related to the Independence of Such Directors and/or Staff from Executive Officers (Shikkoyaku)

The Office of Audit Committee was established as an organization to assist the Audit Committee in its duties. This office supports the committee in its duties following the instructions provided by the Audit Committee. In addition, personnel (transfers, evaluations, etc.) decisions on employees in the Audit Committee Secretariat and the office budget must be approved by the Audit Committee.

Cooperation among Audit Committee, Accounting Auditors and Audit Departments

The Company has appointed Ernst & Young ShinNihon LLC as our accounting auditor. The Audit Committee exchanges information with the accounting auditor on audit plans and results regularly. In addition, the Audit Committee works with the internal audit department and an internal control department to efficiently implement audits.

The internal audit department conducts audits of operations of the Company and its group company including Mitsubishi Chemical Corporation in accordance with an annual audit plan, collaborates with the internal audit departments of Nippon Sanso Holdings Corporation, and improves and administers a system designed to ensure that internal audits of the Group are carried out appropriately.

Moreover, the audit department proposes an annual audit plan in cooperation with the Audit Committee, and then formulates the plan with approval from the President and the Audit Committee. The internal audit department reports to the Audit Committee and, if necessary, to the Board of Directors on internal audit implementation status, and audit results. In addition, the internal audit department also cooperates with audits conducted by the Audit Committee, including reporting on the status of audits by the Audit Committee at meetings attended by the head of the internal audit department. In addition, we are working to strengthen our cooperation with our accounting auditor, including regular information exchanges on mutual audit policies and audit results.

- Akihiro Eto: 10/10 (100%)
- Nobuo Fukuda: 3/3(100%)
- Jin Iida: 10/10(100%)

With the aim of achieving the MCG Group's sustainable growth and increasing corporate value over a medium to long term, the Audit Committee focused on the following priority items as its audit policy during the fiscal year under review.

- (a) Establishment and operation of group governance and regional management systems
- (b) Establishment and operation of internal control system
- (c) Progress regarding improving the Effectiveness of the Board of Directors.
- (d) Formulation and adoption of the New Medium-Term Management Plan by the new executive team
- (e) Status of dissemination of the new group philosophy
- (f) Strengthening the management foundation

Full-time Audit Committee members attended the Corporate Executive Officers Committees and other meetings to verify the appropriateness of the business execution decisions and the execution thereof. At the same time, they heard the status of business execution from Corporate Executive Officers and other members, enhanced the investigations of the three operating companies, and worked closely with the internal audit department and the internal control department as well as the MCG Group's corporate auditors and independent auditors, thereby endeavoring to ensure the effectiveness of audits.

Each member of the Audit Committee strived to constantly assess the operational status and verify the soundness through the attendance at the Board of Directors' meetings, etc. and shared the status of the aforementioned activities by full-time Audit Committee members at the Audit Committee while requesting the internal audit department and the internal control department to provide explanations such as the reports on their activities, thereby verifying the development and operation of the Group's internal control systems such as compliance and risk management. In addition, the Audit Committee members further collaborated with the independent auditors through mid-term reviews and other regular exchanges of views and information. In these activities, they endeavored to maintain and enhance management soundness and transparency by conducting objective verifications by outside Audit Committee members.

D. Compensation Committee (Three members; three outside directors; an outside director services as chairman)

The Compensation Committee determines the amount of remuneration paid to individual directors and corporate executive officers.

(2) Business execution

A. Corporate Executive officers

The corporate executive officers decide the execution based on basic management policies (medium term business strategies and annual budgets, etc.).

Regarding important matters in the management of the Group, deliberations are made at the corporate executive officers, which is the council by the corporate executive officers. In addition to determining the division of duties of each corporate executive officer for other matters, we make it appropriate and efficient decision-making by clarifying the authority to decide the corporate executive officer in charge.

B. Corporate Executive Officers Committee

The Corporate Executive Officers Committee is composed of all corporate executive officers, deliberates and decides on important matters concerning the management of the Company and the Company group, and also monitors the Group's business based on the medium-term management plan, annual budget etc. Members

of the Audit Committee and management team members including the executive officers designated by the president and CEO can participate in the meetings of this committee to express their opinions. The meetings are held in a way that enables a range of viewpoints to be incorporated into management decisions. That being said, the Member of the Audit Committee can attend the Corporate Executive Officers Committee at any time to express freely.

(3) Audits

We have appointed Ernst & Young ShinNihon LLC as our accounting auditor. The accounting auditor maintains close ties with the Audit Committee and reports on the audit system, audit plans, audit status, and audit results. In addition, we exchange necessary information and opinions with the accounting auditor to ensure that audits are efficiently and effectively carried out.

In FY2024, the following are the names of the certified public accounts that executed accounting audits and the number of personnel that assisted in accounting audit operations.

-Names of the CPS that executed operations (number of continuous audit years)

IV. Matters Related to the Internal Control System

1. Basic Views on Internal Control System and the Progress of System Development

The Company intends to strengthen and thoroughly enforce the internal control system based on the basic policy concerning the internal control system resolved at the Board of Directors. At the end of each fiscal year, the Board of Directors reviews the operational status of the basic policy, and as necessary the Company will review its contents. The contents of the basic policy as of this report present are as follows.

1. System required for execution of duties of the Audit Committee

(1) Management shall set the Office of Audit Committee as a body to assist the Audit Committee's duties and have it assist in auditing based on the instructions thereof. The appointment (transfer, evaluation, etc.) of employees of the Office of Audit Committee and the development of the budget of the Office of Audit Committee shall be subject to approval of the Audit Committee.

(2) Pursuant to regulations such as the Audit Standard of the Audit Committee, Directors, Corporate Executive Officers, and employees shall inform the Audit Committee of any important management matters to MCG and a corporate group with MCG as a parent company under the Companies Act (the "MCG Group") (including any fact or fraudulent act that might do material harm to MCG or any important fact in violation of laws, regulations or Articles of Incorporation).

(3) Management stipulates that any Director, Corporate Executive Officer, Corporate Auditor, or employee of the MCG Group who has made a report to the Audit Committee shall not be treated unfavorably because of the report.

(4) Of expenses incurred by the Audit Committee or members of the Audit Committee, those deemed necessary for the execution of their duties shall be borne by MCG.

(5) In order to ensure that Audit Committee's audits are conducted in an effective manner, Management shall appoint full-time members of the Audit Committee as well as facilitate the Audit Committee's regular meetings with senior executives, including the President, and coordination and information exchange between the Audit Committee and the Internal Audit Office.

2. System for ensuring that Corporate Executive Officers execute their duties efficiently

(1) Except matters that significantly affect the MCG Group's portfolio management and matters to be resolved by the Board of Directors as required by law (basic management policy, etc.), the Board of Directors allows Corporate Executive Officers to make swift decisions by delegating all the business execution decisions to them in principle.

(2) To make decisions on business execution delegated to Corporate Executive Officers, Management shall develop a system in which the MCG Group's decisions and execution of business are made properly and efficiently by setting a rule that the MCG Group's important management matters are decided by the President and Corporate Executive Officer after deliberation at the Executive Management Committee, and by defining the authority of responsible Corporate Executive Officers, responsibilities of each department, and authority assigned to subsidiaries on other matters.

(3) Corporate Executive Officers shall conduct management administration of subsidiaries in accordance with the basic management policy formulated by the Board of Directors (the Group's medium-term management plan, annual budgets, etc.) in an effort to achieve them. In addition, Corporate Executive Officers shall develop a system in which important management matters of subsidiaries are reported to the Company through the Executive Management Committee and medium-term management plans, annual budget control, etc.

3. System for ensuring that Corporate Executive Officers' and employees' execution of their duties conform to laws, regulations, and Articles of Incorporation

(1) The MCG Group shall treat the Group Charter of Corporate Behavior as the basic regulations on compliance matters within the MCG Group.

(2) Management shall develop, properly operate and manage internal control systems in order to ensure the reliability of financial reporting.

(3) In accordance with the Group Compliance Promotion Regulations and other relevant rules and regulations, Management shall develop a promoting framework for compliance, training and education programs, audit/monitoring systems, hotlines, and other compliance promotion programs of the MCG Group and properly operate and manage these programs by appointing a Corporate Executive Officer in charge of compliance promotion (Chief Compliance Officer).

4. Regulations, structure and systems for managing risks of loss

The President shall be the Chief Risk Management Officer. In accordance with the Group's Basic Regulations on Risk Management and other relevant rules and regulations, the President shall be responsible for preventing serious risks from occurring in connection with or arising from the MCG Group's business activities, and for developing, properly operating and managing risk management systems for minimizing damage if any risk occurs.

5. System for preserving and managing information related to Corporate Executive Officers' execution of their duties

In accordance with the Information Security Policy, Information Management Rules, and other relevant rules and regulations of the MCG Group, Management shall preserve and manage the minutes of the Executive Management Committee, approval documents, and other documents and electromagnetic records related to Corporate Executive Officers' execution of their duties and develop a system that allows Corporate Executive Officers and Directors to inspect them.

6. System for assuring operational legitimacy within the corporate group

In accordance with the above policy and the Group's Management Regulations and other relevant rules and regulations, Management shall implement the management of the MCG Group (management of business objectives, reporting and approval of important matters and the Group's internal audits, etc.) and ensure operational legitimacy within the MCG Group by sharing the Group's internal control policies and systems covering compliance and risk management within the Group.

2. Basic Views on Eliminating Anti-Social Forces

At the MCG Group, fair business practices outlined in the group Charter of Corporate Behavior in the basic policy 3 (1) of the aforementioned internal control system promote the severing of any ties with anti-social forces. To reject any and all unreasonable demands from antisocial forces, the general affairs department, which is in charge of handling these matters, works closely with related administrative organizations, and takes necessary action to ensure that everyone in the group is well-informed.

V. Other

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures	Not Adopted
------------------------------------	-------------

Supplementary Explanation

The Company implements highly efficient and transparent group management to enhance its competitive and earnings strengths through the optimal allocation of management resources. As a group, we aim to further improve our corporate value to respond to the trust placed in us by our shareholders.

We have not introduced anti-takeover measures. In the event of a major purchase of our shares that would erode the group's corporate value or the profits we share with our shareholders, we will implement measures that we believe to be appropriate for addressing the situation.

2. Other Matters Concerning to Corporate Governance System (Updated)

The following is a policy for disclosure of company information and summary of timely disclosure system.

1. Policy for disclosure of company information

Under our disclosure policy, MCG has disclosed material information as defined in standards in the Securities Listing Regulations established by the Tokyo Stock Exchange ("timely disclosure standards") and Article 27-36 of the Financial Instruments and Exchange Act (such as information of the MCG Group, including that regarding decisions, incidents, and earnings results that may have an impact on the investment judgement of shareholders and investors, "material information").

Furthermore, we will exert an effort to actively disclose information that is deemed valuable to shareholders and investors, even if it is not material information.

The information for disclosure will be controlled by the cooperation of IR Office and Corporate Communication Office.

2. Summary of timely disclosure system

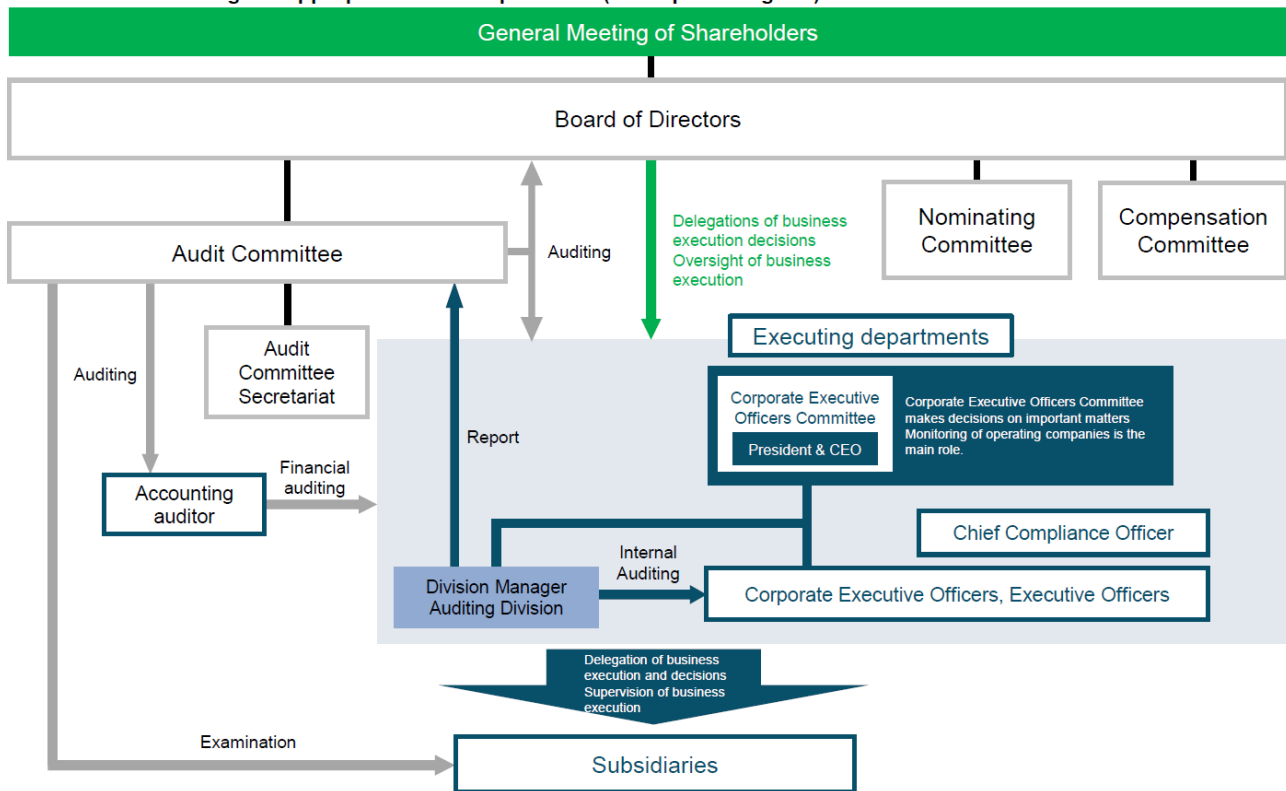

(1) Decisions on information related to earnings, which is covered under timely disclosure standards, is decided upon in resolutions taken up by the Board of Directors or in discussions by the Corporate Executive Officers Committee. After decisions have been made, IR Office implement timely disclosure.

(2) In information related to decisions, which is covered under timely disclosure standards, matters that require resolutions taken up by the Board of Directors or discussions by the Corporate Executive Officers Committee are decided once approved by the body concerned. For matters that require approval using request forms, are decided once approval is received. In either case, IR Office and Corporate Communication Office cooperate to conduct a survey to determine whether these are matters that require timely disclosure. The result of this survey is reported to the director in charge of IR (person in charge of managing information). In addition, timely disclosure is implemented should the matter require so.

(3) For information related to an occurring incident, which is covered under timely disclosure standards, at the time the related department realizes the incident has occurred, it should work with IR Office and Corporate Communication Office and conduct a survey of the incident to determine whether the matter requires timely disclosure. The result of this survey is reported to the director in charge of IR. When necessary, it should also be reported to the Board of Directors and Corporate Executive Officers Committee. Timely disclosure should be implemented if the matter requires so.

That being said, rules prohibiting insider trading should be established to govern the handling the unpublished important information up to the moment of timely disclosure and to thoroughly prevent insider trading.

Mitsubishi Chemical Group Corporation

Outline of Results of the Evaluation on the Effectiveness of the Board of Directors
in Fiscal Year 2024

1. Evaluating the effectiveness of the Board of Directors

Under the Mitsubishi Chemical Group Corporate Governance Guidelines, the Board of Directors is required to evaluate its effectiveness and disclose the summary of evaluation results every year. The methods and findings of the effectiveness evaluation conducted in fiscal year 2024 are summarized below.

2. Evaluation methods and processes

In fiscal year 2024, the effectiveness of the Board of Directors was evaluated by the following methods and processes

i. Evaluation methods

- In accordance with the above Guidelines, regular evaluations were conducted by a third-party organization to ensure the expertise of the evaluation methods and the objectivity of the evaluation process. However, to concentrate on addressing various issues identified in the recent evaluations, the Board of Directors decided to conduct their own evaluation for the fiscal year 2024, specifically focusing on the progress in resolving these issues, without using a third-party organization.

ii. Evaluation processes

- Regarding the current issues and the direction of responses, a written questionnaire consisting of the following items was conducted for the directors in May 2025:
 - The state of deliberations on management strategies, and the monitoring of business execution
 - The roles of independent outside directors and executive management
 - The operation and agenda setting of the Board of Directors' meetings, as well as the coordination with the respective Committees, etc.
- Based on the results of the questionnaire, etc., the Board of Directors shared the identified issues and discussed various initiatives, including steps to improve effectiveness, in June 2025.

3. Efforts promoted based on the previous effectiveness evaluation

Based on the findings from the effectiveness evaluation conducted and directors' suggestions provided in fiscal year 2023, the Company implemented the following measures in fiscal year 2024.

- Discussions on management strategies and monitoring methods for business execution
 - The new management vision and medium-term management plan announced in November 2024 were formulated through careful and constructive discussions between the executive management team and the Board of Directors.
 - The content of the CEO's report on the status of business execution has been enhanced, and

specific and tangible execution status has been reported to the Board of Directors.

■ Roles of independent outside directors and executive management

- For certain important matters, prior explanations to outside directors and responses to individual questions were implemented, and operations were improved to ensure that sufficient discussion was conducted at the Board of Directors' meeting.
- Communication opportunities were increased through the implementation of off-site meetings between outside directors and executive management team and the attendance of outside directors at global conferences (programs that bring together senior executives from group companies located in Japan and overseas to communicate management policies, exchange opinions, and foster relationships).
- Outside directors' visit of our domestic business sites was conducted to deepen their understanding of our business, providing opportunities to exchange opinions with operational staff

■ Operation of the Board of Directors' meetings, agenda setting, and coordination with the Committees

- Efforts were made to improve the operation of the Board of Directors, including establishing guidelines for resolutions on individual matters and formulating an annual agenda.
- We increased the frequency of reports from each Committee to the Board of Directors and enhanced the content of those reports.
- Returning to the basics of company law, the Nominating Committee's operating policies were clarified and the matters subject to resolution were reviewed.

4. Current issues and the direction of responses

In fiscal year 2024, we implemented the above measures to improve the effectiveness of our Board of Directors. To further improve the effectiveness of the Board of Directors, we have identified the following issues and directions for addressing them. Specific methods for improvement and progress will be reviewed as needed and discussed by the Board of Directors to address these issues.

■ Discussions on management strategies and monitoring methods for business execution

[Issues in fiscal year 2025]

We have identified the following issues: the fiscal year 2024 is a period of transformation in line with the medium-term management plan etc., and as a result, a significant amount of time was spent discussing numerous individual proposals submitted by the executive management, and consequently, discussions on the portfolio strategy, which is the basis for determining the approval or rejection of individual projects, were insufficient and discussions remained focused on individual projects and did not become sufficiently deep. Also, there were cases where individual projects were suddenly proposed, and discussion had to be rushed due to time constraints.

[Direction of responses]

- Deepening discussions on portfolio strategy, etc.
- Proceeding with deliberation for individual projects at an early stage

■ Roles of independent outside directors and executive management

[Issues in fiscal year 2025]

We have identified the following issues: there were differences in the frequency of communication between outside directors and corporate executive officers, resulting in some imbalances in information sharing. Additionally, there was a need for further improvement in the response to issues raised by outside directors at Board of Directors' meetings.

[Direction of responses]

- Enhancing information sharing among the Board of Directors
- Promoting and optimizing communication between the Board of Directors and executive management

■ Operation of the Board of Directors' meetings, agenda setting, and coordination with the Committees

[Issues in fiscal year 2025]

We have identified the following issues: first, due to the time spent discussing individual projects proposed from the executive side, it was not possible to operate according to the annual agenda as originally planned, resulting in some items that should have been discussed being carried over. Second, there is room for improvement in providing information specific to each Committee to directors who are not members of the Committee.

[Direction of responses]

- Setting an appropriate agenda and exercising self-control
- Strengthening the coordination both between the Board and the Committees as well as among the Committees themselves

Mitsubishi Chemical Group Corporation will continue to work toward building a more effective Board of Directors, fully considering the findings from the evaluation of the Board effectiveness and incorporating various suggestions from the directors.

iv. Activities by the Compensation Committee during the fiscal year under review

The Compensation Committee held 14 meetings between April 2024 and March 2025 to decide remuneration, etc., for Directors and Corporate Executive Officers. Major matters discussed and determined during the fiscal year under review are as outlined below:

- The Committee discussed the evaluation of performance, etc., for fiscal 2023 and determined the amount of performance-linked remuneration to be paid in June 2024.
- The Committee discussed and determined the remuneration base amount and performance targets for performance-linked remuneration for the fiscal year under review including those for newly elected Corporate Executive Officers.
- The number of shares to be delivered to each Corporate Executive Officer was determined in accordance with the share delivery rules concerning shares with restriction of transfer.
- Based on the Compensation Committee's resolution regarding PSUs, the number of base shares for each position under the 2024 Plan was determined.
- Regarding remuneration systems and levels for Directors and Corporate Executive Officers, the Committee compared and reviewed market trends and verified their validity, as well as their compatibility with the “Policy on Deciding Remuneration for Directors and Corporate Executive Officers.”
- Through these reviews and discussions, the Committee confirmed that the remuneration systems and levels for Directors and Corporate Executive Officers in fiscal 2024 were appropriate.
- Under the “New Medium-Term Management Plan 2029,” MCG has shifted to a new structure in which we, as a holding company, are responsible for formulating strategies for the entire group, optimally allocating management resources, and overseeing business management, while the operating companies under our umbrella are each responsible for their own business management. In line with this change, we have held a number of discussions on the remuneration system to realize our commitment in the Medium-Term Management Plan to strongly link shareholder value to the remuneration structure of the management team and respond to shareholder entrustment with results. In considering the level of compensation, we organized the role of each Corporate Executive Officer under the new management structure, benchmarked remuneration against peer groups (manufacturing companies of similar size), and discussed the suitable remuneration levels for the Company’s Corporate Executive Officers. The Committee also discussed the expansion of the performance-linked ratio (annual bonus and PSU) and performance indicators according to roles with the aim of better linking Corporate Executive Officers’ remuneration to business and stock price performance, and making it work as a more effective incentive.
- Based on the above discussions, we decided on a new remuneration level and structure for Corporate Executive Officers as well as a performance-linked remuneration system starting from fiscal 2025.
- Regarding the disclosure of remuneration for officers, the Committee discussed its basic policy and specific details.

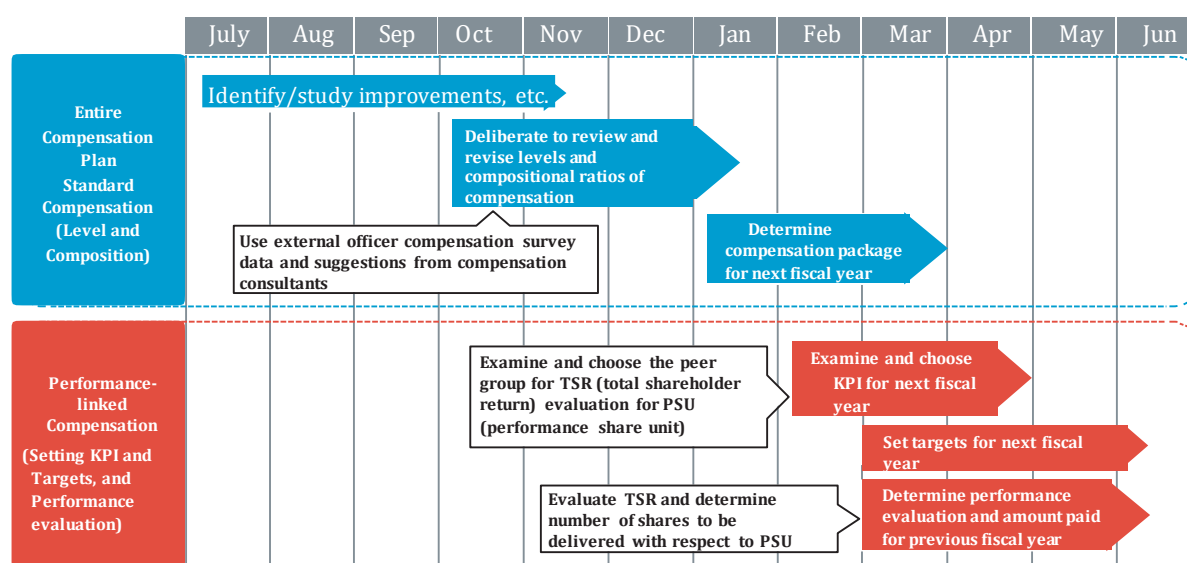

**Validity of remuneration, etc., for officers for the fiscal year under review and
approach/response for fiscal 2025 and beyond**

The Compensation Committee of the Company discusses how the remuneration plan for Directors and Corporate Executive Officers should be in order to realize the Purpose and makes decisions. When making its decisions, the Committee always ensures a fair and reasonable process that allows it to fulfill its accountability for all stakeholders including shareholders, customers, and employees, and reflects such in disclosures as well.

In an effort to carry out this accountability appropriately, the Committee had repeated discussions by reference to objective, expert, and adequate information and in line with the “Policy on Deciding Remuneration for Directors and Corporate Executive Officers,” before concluding that the details of individual remuneration, etc., for the fiscal year under review are valid.

In addition, in order to achieve the structure set out in the “New Medium-Term Management Plan 2029” with Manabu Chikumoto as President, the Compensation Committee held a number of discussions regarding a remuneration system appropriate to the roles and responsibilities of the new management team, and set remuneration and other details for fiscal 2025 as fair and reasonable remuneration.

(2) Policy on Deciding Remuneration for Directors and Corporate Executive Officers

i. Method of determining the Policy, and revisions

a. Method of determining Policy on Deciding Remuneration for Directors and Corporate Executive Officers

The policy on deciding individual remuneration, etc., for officers of the Company is determined by the Compensation Committee every fiscal year, after reviewing its validity. Changes in business environment, opinion from shareholders and investors are weighed in the Compensation Committee meetings, and information necessary for discussions are obtained from outside remuneration consultants at Towers Watson (WTW), who are replete with global experience and knowledge.

b. Main revisions in Policy on Deciding Remuneration for Directors and Corporate Executive Officers, effective from fiscal 2025

As described in “(1) (iv) Activities by the Compensation Committee during the fiscal year under review” (see page 41), under the new executive structure, the Company decided to partially revise the remuneration constitution ratio and the details of the performance-linked remuneration system in order to strongly link shareholder value to the remuneration structure of the management team and respond to shareholder entrustment with results.

Item	Before revision	After revision	Aims of revision

ii. Policy on Deciding Remuneration for Directors and Corporate Executive Officers for the fiscal 2025

a. Principle of remuneration

Systems for Directors and for Corporate Executive Officers are separate, and remuneration is determined by the Compensation Committee based on the following concepts:

Basic policy on deciding remuneration, etc., for Directors

- Given their role of overseeing and auditing management of the Company from an independent and objective standpoint, remuneration for Directors shall be mainly consist of basic remuneration (fixed remuneration). In order to encourage supervising and providing advice on management from the viewpoint of shareholders and investors with an eye to enhancing corporate and shareholder value, Stock remuneration not linked to performance shall be paid in addition to basic remuneration.
- In order to secure personnel suitable for executing the responsibilities of Directors of the Company with a Nominating Committee, etc., the level of remuneration shall be determined by considering the levels of other companies, expected roles/functions, hours required to execute their duties, and other factors.

Basic policy on deciding remuneration, etc., for Corporate Executive Officers

- A remuneration plan shall be the one that makes officers conscious of the integrated practice of the three axes (MOS/MOT/MOE) for realizing the MCG Group's Purpose.
- A remuneration plan shall be the one that effectively functions as an incentive to enhance short-term and medium and long-term performance and improve sustainable corporate value and shareholder value.
- The level of remuneration shall be a level competitive enough to acquire and keep good management personnel who lead the sustainable growth of the MCG Group.
- Remuneration shall be determined through a fair and reasonable decision-making process that can fulfill accountability for all stakeholders including shareholders, customers, and employees.

Basic policy on deciding remuneration, etc., for officers recruited from outside

- Remuneration, etc., for officers recruited from outside shall be determined on a case-by-case basis, by considering the levels and customs of remuneration expected in the place/country of birth or residence of the officer recruited under the above basic policies.

b. Remuneration system

Directors

Remuneration for Directors shall be consist of basic remuneration (fixed remuneration) and Stock remuneration (shares with restriction of transfer). However, the remuneration system for Corporate Executive Officers shall apply to internal Directors who concurrently serve as Corporate Executive Officers.

Corporate Executive Officers

Remuneration for Corporate Executive Officers shall be comprised of the following:

Type of remuneration			Outline
Fixed		Basic remuneration	<ul style="list-style-type: none"> • Basic remuneration is paid for the execution of responsibilities/duties • Defined by roles and the size of responsibilities of each Corporate Executive Officer
Variable	Short-term / Cash	Annual bonus	<ul style="list-style-type: none"> • Each fiscal year, monetary remuneration is paid based on company-wide performance evaluations (evaluations of the three axes for realizing the Group's Purpose) and individual appraisal (on the achievement of initiative targets under the medium and long-term management plan, leadership status, etc.).
	Long-term / Stock	Performance share unit (PSU)	<ul style="list-style-type: none"> • Stocks are issued based on growth in the Company's share price in a period of three years (TSR evaluation*) (*) In comparison to JPX-Nikkei 400 Index and peer group (domestic or foreign chemical companies with global operational presence)

		Shares with restriction of transfer (RS)	<ul style="list-style-type: none"> Shares with restriction of transfer worth the base value defined by title are issued every fiscal year and the restriction of transfer will be removed when an officer retires
--	--	--	--

Note: For foreign national officers, fringe benefits and severance pay may be paid in addition to the above, to the extent appropriate, by considering the levels and customs of remuneration expected in the place/country of birth or residence of the officer recruited.

c. Method of setting the levels / percentage of remuneration

Directors

The levels of remuneration for Directors shall be determined by considering the levels of remuneration for non-executive directors or outside directors at other companies of similar size in domestic sales and market capitalization, roles and functions expected of each Director (the leader of the Independent Outside Directors and Member/Chairperson of the Nominating/Compensation/Audit Committees), and hours required to execute their duties (full-time/part-time classification).

The ratio of Stock remuneration to Directors will be set in consideration of the expected roles of each Director and trends at other companies. The ratio of Stock remuneration to basic remuneration in fiscal 2025 will be approximately 10% or less.

Corporate Executive Officers

Remuneration, etc., for Corporate Executive Officers shall be set at a competitive level with appropriate percentage of remuneration, after comparing the levels of remuneration and performance linkage with peer groups (manufacturing companies of similar size) in Japan (for foreign national officers, however, sales in certain regions shall be considered in order to acquire the talent, such as the place/country of birth or residence of an officer) and market capitalization.

Emphasizing the role of incentives in improving business and stock price performance, the percentage of performance-linked remuneration (annual bonus and PSU base amount) will be set at roughly 50% or more of total remuneration (60% or more for the President). The greater the role and responsibility of executives in terms of performance, the higher the percentage of performance-linked remuneration should be set. Stock remuneration has a higher proportion of PSU as compared to RS.

FY2025 Composition of Standard Remuneration for Corporate Executive Officers (Illustration)

[Basic remuneration : bonus : stock remuneration] ratios for FY2025 are set at [1 : 0.7 : 0.9] for Corporate Executive Officer, President and CEO, and for other Corporate Executive Officers as following President and CEO, for the higher title to earn the greater ratio of variable remuneration.

d. Annual bonus

The amount of individual bonus for Corporate Executive Officers is determined based on company-wide performance evaluation (on the achievement of annual targets in the three axes for realizing the Group's Purpose) and individual appraisal (on the achievement of initiative targets set individually under the medium and long-term management plan, leadership status, etc.).

$$\begin{array}{ccccccc} \text{Individual bonus} & & & \text{Company-wide performance} & & & \text{Final evaluation} \\ \text{amount} & = & \text{Base amount by title} & \times & \text{evaluation + Individual} & \times & \text{adjustment} \\ & & & & \text{appraisal} & & \\ & & & (0-200\%) & & & (80-120\%) \end{array}$$

Company-wide performance evaluation (Three axes for realizing the Group's Purpose)	MOS	Selected mainly on the basis of indicators related to the prevention of lost time injuries and security incidents, etc., reduction of greenhouse gas emissions, and improvement of employee engagement.	15.0%
	MOT	Selected mainly on the basis of indicators related to R&D, IP activities, DX, and other efforts to realize the management plan	7.5%
	MOE	Core operating income, ROIC, etc. *In addition to the consolidated results of the Company, the consolidated results of MCG are also evaluated.	62.5%
Individual appraisal		Set individual targets for achievement of goals in the Medium-Term Management Plan and demonstration of leadership, etc.	15.0%

[Company-wide performance evaluation]

Management indicators in each of the three axes (MOS, MOT, MOE) for the realization of the Group's Purpose will be used as direct metrics of bonus evaluation. Specific evaluation metrics are described above.

[Individual appraisal]

For targets for the Corporate Executive Officer, President and CEO, those declared by the Corporate Executive Officer, President and CEO at the beginning of the fiscal year are reviewed and determined by the Compensation Committee and the Nominating Committee. As to their evaluation, they are reviewed and determined by the Compensation Committee and the Nominating Committee at the end of the fiscal year, based on self-assessment by the Corporate Executive Officer, President and CEO.

For targets and evaluation for Corporate Executive Officers other than the Corporate Executive Officer, President and CEO, they are determined through an interview held between each Corporate Executive Officer and the Corporate Executive Officer, President and CEO, then reviewed and approved by the Compensation Committee and Nominating Committee. In cooperation with the Nominating Committee, the Compensation Committee verifies the fairness and reasonableness of the targets and evaluations for the respective Corporate Executive Officers.

[Final evaluation adjustment]

Only in cases that resulted in notable achievements or significant losses that were unforeseen at the beginning of the fiscal year, the Compensation Committee and Nominating Committee deliberate on the details and the need to take them into consideration, and such details and need will be added to or subtracted from the final evaluation.

e. Performance share unit (PSU)

Under the Company's PSU system, which is intended to make officers conscious of sustainable improvement in corporate value and shareholder value, common stock of the Company is issued every year, in principle, in the number calculated in proportion to growth in the Company's share price (TSR: total shareholder return) during a period of three years. The method of calculating the number of stocks to be issued individually under the Company's PSU system is as follows: Effective from the 2025 Plan, the shares delivered shall be subject to restrictions on transfer, and the period of restriction on transfer shall be the period from the date of delivery of the shares to the date of retirement from the position of Director or Corporate Executive Officer, etc. of the Company or its wholly owned domestic subsidiary.

[TSR Evaluation Period]

TSR evaluation period for the FY2025 Plan will be from FY2025 to FY2027.

	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030
FY 2025 PSU	TSR Evaluation Period			Stock issuance		
FY 2026 PSU		TSR Evaluation Period			Stock issuance	
FY 2027 PSU			TSR Evaluation Period			Stock issuance

[TSR Evaluation Category]

The Company TSR is compared to the index growth and the peer group TSR.

Category of evaluation	% of evaluation	Method of evaluation
Index growth comparison	50%	The coefficient of evaluation is determined by whether the Company TSR is better/worse than JPX-Nikkei 400 Index (including dividends) growth.
Peer group TSR comparison	50%	The coefficient of evaluation is determined by the rank of the Company TSR in the peer group (domestic or foreign chemical/health care companies of similar size to the Company in domestic sales and market capital).

[Method of calculating the number of shares issued]

f. Stock remuneration with restriction of transfer (RS)

Each year, the Company shall deliver shares of the Company's common stock equivalent to the base amount determined by position or office in accordance with the share delivery rules concerning Stock remuneration with restriction of transfer to the Director and Corporate Executive Officer. In order to share shareholder value and increase the share price over the medium to long term, the restricted transfer period shall be the period from the date of delivery of shares to the date of retirement as the Director or Corporate Executive Officer of the Company or its wholly owned domestic subsidiary.

g. Remuneration clawback and other important matters

The Company may use other special remuneration and benefits, where necessary, after a case-by-case review by the Compensation Committee. In addition, in the event of subsequent revisions to financial statements due to material accounting errors, etc. or, if any gross misconduct/violation, etc., is found with a Director or a Corporate Executive Officer, the Company may make a claim for seizing one's right to receive remuneration ("malus clause") or getting back one's remuneration ("clawback clause") against this Director or Corporate Executive Officer through a review by the Compensation Committee.
