

## **Message from the Management**

We deeply appreciate the exceptional support you have provided us.

We would like to express greetings as we report on the Company's businesses for the 103rd Fiscal Year (April 1, 2025–March 31, 2026).

In the 103rd fiscal year, while there were concerns about trends in U.S. trade policy and heightening geopolitical risks, the domestic economy appeared to be gradually recovering. Under these circumstances, domestic and overseas sales remained strong as the Group actively promoted business development. As a result, consolidated net sales, consolidated operating income, consolidated ordinary income, and profit attributable to owners of parent all reached record highs.

Under the Corporate Philosophy of “The NOF Group is dedicated to contributing to humanity and society as a corporate group that creates new value through the power of chemistry, ‘from the biosphere to outer space,’” and the three values of “Challenge,” “Fairness,” and “Harmony,” the entire NOF Group is working on business activities. We continue to strive towards achieving the targets of the 2028 Mid-Term Management Plan, positioned as Stage III “Business Domain Expansion” upheld in “NOF Vision 2030.”

We kindly ask all shareholders for your continuing support.

Koji Sawamura  
President & Chief Executive Officer

## Proposals and References

### Proposal No. 1: Appropriation of Surplus

Recognizing the profit distribution to shareholders as one of the most important managerial issues, the Company strives to strengthen its financial position and management foundation, while improving the dividend amounts.

Concerning the year-end dividend for the fiscal year under review, taking into account the business results for the fiscal year under review, future business developments and other factors, we hereby propose the details as follows.

(1) Type of property for dividends:

Cash

(2) Allotment of property for dividends to shareholders and total amount thereof:

¥35 per share of the Company's common stock for a total of ¥7,929,206,775.

As the Company paid ¥26 per share as an interim dividend, the annual dividend is ¥61 per share for the fiscal year under review.

(3) Effective date of distribution of surplus:

June 29, 2026

**Proposal No. 2: Election of Six (6) Directors (excluding Directors who are Audit and Supervisory Committee Members)**

The terms of office of all six (6) Directors (excluding Directors who are Audit and Supervisory Committee Members; the same applies hereinafter for this proposal) will expire at the end of this year's Annual General Meeting of Shareholders.

Accordingly, the Company proposes the election of six (6) Directors.

Candidates for Director are decided by the Board of Directors after consultation with the Nomination Committee (voluntary). The Company obtained the opinion of the Audit and Supervisory Committee that it was appropriate to nominate the individuals proposed in this proposal as candidates.

The candidates are as follows.

He serves as the chairman of the Compensation Committee and a member of the Nomination Committee, and also attends the Sustainability Committee as an observer, participating in deliberations at these committees. The Company expects him to continue to fulfill the role of conducting appropriate oversight, etc. over business execution and providing advice to management on all aspects of the management from a fair and objective standpoint, based on his professional viewpoint, including his advanced knowledge on human resources, labor, finance and accounting, and corporate management.</p> <p>[Views on Independence] Takashi Kamada meets the Tokyo Stock Exchange’s requirements for Independent Directors/Auditors and satisfies the Company’s “Standards for Determination of the Independence of Outside Officers.” If his appointment is approved, the Company will register to the Tokyo Stock Exchange that he is an Independent Director/Auditor as defined by the Tokyo Stock Exchange. Takashi Kamada formerly had an executive role in Mizuho Trust &amp; Banking Co., Ltd., with which the Company engages in transactions. However, as of the fiscal year ended March 31, 2026, the Company’s total loans from this financial institution account for 1.0% of the Company’s total assets, which is a low percentage. Furthermore, the Company has ongoing transactions with multiple financial institutions and is not dependent on any particular financial institution. For these reasons, the influence of the business relationship between Mizuho Trust &amp; Banking Co., Ltd. and the Company is not equivalent to that of the relationship with a subsidiary or an affiliate, the standard for consideration as a “major business partner” with regard to the decision-making of the Company’s business execution.</p>	200

Serving as the chairman of the Nomination Committee and a member of the Compensation Committee, and attending meetings of the Sustainability Committee as an observer, she has also engaged in the deliberations, etc. of these committees. Although she has never been involved in corporate management except as an outside officer, for the reasons above, the Company expects her to continue fulfilling the role of conducting appropriate oversight, etc. over business execution and providing advice to management, based on her professional viewpoint, including her global perspective on legal affairs and risk management. Therefore, the Company nominates her as a candidate for Outside Director.</p> <p>[Views on Independence] Izumi Hayashi meets the Tokyo Stock Exchange's requirements for Independent Directors/Auditors and satisfies the Company's "Standards for Determination of the Independence of Outside Officers." Izumi Hayashi is a partner of Sakurazaka Law Offices, but there are no consulting or other relationships involving commissioning of legal services between the Company and this office. The Company has no history of payments to this office in the past three years.</p>	4,100

- Notes:
1. Izumi Hayashi's name as indicated in her family register is Izumi Sakamoto.
  2. Izumi Hayashi is currently an Outside Director of the Company and was previously a non-executive director (Outside Corporate Auditor) of the Company for one year from June 2020 to June 2021. At the end of this year's Annual General Meeting of Shareholders, her term of office as an Outside Director of the Company will be five years and her total term of office including her term as an Outside Corporate Auditor will be six years.

- 
- Notes:
1. There is no special interest between the candidates and the Company.
  2. Pursuant to Sub-Article 1 of Article 427 of the Companies Act, the Company has concluded an agreement with Takashi Kamada and Izumi Hayashi that limits their liability for damages indicated in Sub-Article 1 of Article 423 of the same Act (a limitation of liability agreement) as Directors. The amount of limitation of liability for damages based on such an agreement is the amount stipulated by laws and ordinances. If the candidates are elected as Directors, the Company plans to continue the said agreement with them.
  3. The Company has concluded an indemnity agreement indicated in Sub-Article 1 of Article 430-2 of the Companies Act with Takeo Miyaji, Koji Sawamura, Manabu Saito, Takashi Kamada, and Izumi Hayashi to indemnify expenses under Item 1 of said Sub-Article and losses under Item 2 of said Sub-Article to the extent stipulated by laws and ordinances. If the candidates are elected as Directors, the Company plans to continue the said agreements with them. If the newly nominated candidate Eui-Chul Kang is elected as a Director, the Company plans to conclude the said agreement with him.
  4. The Company has entered into a Directors and Officers liability insurance (D&O insurance) contract with an insurance company. In the event of claims for damages by shareholders or other third parties, arising from actions or omissions in the execution of duties by the insured Directors, the said insurance contract will cover damage incurred by the said Director. If the candidates are elected as Directors, they shall be insured under the said insurance contract, and the Company plans to renew the said insurance contract during their terms of office.

### **Opinions of the Audit and Supervisory Committee**

Three Outside Directors who are Audit and Supervisory Committee Members attended meetings of the Nomination Committee, a voluntary advisory committee, as members. By confirming the details of the proposal and expressing their opinions regarding the selection of candidates for Director excluding Directors who are Audit and Supervisory Committee Members, they facilitate cooperation between the Audit and Supervisory Committee and the Nomination Committee. The Nomination Committee has established guidelines for conducting deliberations from the perspective of harmonization of the overall composition of the Board of Directors, maintaining and improving diversity, and maintaining the appropriate number of members. Members of the Nomination Committee exchanged opinions and determined that the selection of candidates for Director excluding Directors who are Audit and Supervisory Committee Members was appropriate.

After verifying the opinion of the Nomination Committee, the Audit and Supervisory Committee determined that it was appropriate to nominate the individuals proposed in this proposal as candidates.

### Proposal No. 3: Election of One (1) Director who is an Audit and Supervisory Committee Member

Director who is an Audit and Supervisory Committee Member Masanobu Miyo will resign at the end of this Annual General Meeting of Shareholders. Accordingly, the Company proposes the election of one (1) Director who is an Audit and Supervisory Committee Member as a replacement.

The Company obtained the Audit and Supervisory Committee's consent to this proposal to be submitted to the General Meeting of Shareholders and its opinion that it was appropriate to nominate the individual proposed in this proposal as a candidate.

The candidate is as follows.

Name (Date of birth)	Past experience, positions, responsibilities, and significant concurrent positions	Number of shares of the Company held
Junko Hamamoto (February 15, 1966)	April 1989	Joined The Fuji Bank, Limited (currently Mizuho Bank, Ltd.)
	May 2009	Head, Overseas Network Management Office, International Department of Mizuho Securities Co., Ltd.
	April 2011	Deputy General Manager, Overseas Network Operations Department of Mizuho Securities Co., Ltd.
	April 2017	Deputy General Manager, Credit Planning Department of Mizuho Bank, Ltd.
	September 2019	President of Mizuho Bank (Switzerland) Ltd.
	April 2022	Joined the Company
	June 2024	General Manager, Corporate Communications Dept. of the Company
	June 2025	Operating Officer; General Manager, Corporate Communications Dept. of the Company (to present)
[New appointment]	[Reason for nomination as a candidate for Director who is an Audit and Supervisory Committee Member] Junko Hamamoto has gained broad knowledge and extensive on-site work experience, primarily in overseas network management, through her career at a financial institution. Since assuming the position of General Manager of Corporate Communications Dept. at the Company, she has been driving initiatives to enhance corporate value, including building two-way communication with internal and external stakeholders and serving as the head of the Sustainability Committee Secretariat. The Company nominates her as a candidate for Director who is an Audit and Supervisory Committee Member, expecting her to strive for the enhancement of audit and supervision, etc. by drawing on her extensive experience and broad insight.	500

- Notes:
1. There is no special interest between the candidate and the Company.
  2. Pursuant to Sub-Article 1 of Article 427 of the Companies Act, if Junko Hamamoto is elected as a Director who is an Audit and Supervisory Committee Member, the Company plans to conclude an agreement with her that limits her liability for damages indicated in Sub-Article 1 of Article 423 of the same Act (a limitation of liability agreement) to the amount stipulated by laws and ordinances.
  3. If Junko Hamamoto is elected as a Director who is an Audit and Supervisory Committee Member, the Company plans to conclude an indemnity agreement indicated in Sub-Article 1 of Article 430-2 of the Companies Act with her to indemnify expenses under Item 1 of said Sub-Article and losses under Item 2 of said Sub-Article to the extent stipulated by laws and ordinances.
  4. The Company has entered into a Directors and Officers liability insurance (D&O insurance) contract with an insurance company. In the event of claims for damages by shareholders or other third parties, arising from actions or omissions in the execution of duties by the insured Directors, the said insurance contract will cover damage incurred by the said Director. If Junko Hamamoto is elected as a Director who is an Audit and Supervisory Committee Member, she shall be insured under the said insurance contract, and the Company plans to renew the said insurance contract during her term of office.

## **Proposal No. 4: Partial Revision of Performance-Linked Stock Compensation Plan for Directors**

### **1. Reason for the proposal and grounds for its appropriateness**

At the 96th Annual General Meeting of Shareholders held on June 27, 2019, the Company obtained approval for the introduction of a performance-linked stock compensation plan “Board Benefit Trust” (BBT) (hereinafter referred to as the “Current BBT Plan”) for Directors who concurrently serve as Operating Officers (excluding Directors who are Audit and Supervisory Committee Members and Outside Directors among the other Directors; hereinafter referred to as “Directors”; the same shall apply hereinafter in this proposal unless otherwise stated) and Operating Officers with a title (hereinafter collectively referred to as “Directors, etc.”). Furthermore, at the 98th Annual General Meeting of Shareholders held on June 29, 2021, the Company obtained approval for the resetting of the compensation framework related to the Current BBT Plan (hereinafter, the resolutions at each of the above General Meetings of Shareholders are collectively referred to as the “Original Resolution”).

This proposal seeks approval for the partial revision of the Current BBT Plan and the transition to the “Board Benefit Trust-Restricted Stock” (BBT-RS) (hereinafter referred to as the “Plan”), under which shares to be delivered are subject to transfer restrictions until retirement, as well as approval for the change to the maximum number of points to be granted per fiscal year to Operating Officers with a title in conjunction with a review of the ratio of stock compensation for Directors, etc. The purpose of this proposal, in line with the Original Resolution, is to further clarify the linkage between the compensation of Directors, etc. and the Company’s financial results and stock value, and to strengthen the awareness of Directors, etc. of their contribution to the medium- to long-term improvement in financial results and enhancement of corporate value by having Directors, etc. share the benefits of stock price increases and the risk of stock price declines with the shareholders.

The Company believes that the content of this proposal is appropriate, as the Company’s Compensation Committee has provided a report to the effect that the revision to the Plan is appropriate, taking into account the purpose of the Plan and the effect of providing incentives for medium- to long-term improvement in financial results, and as the proposal is consistent with the policy concerning details of compensation, etc. of individual Directors of the Company (Business Report, “4. Officers of the Company, (5) Compensation, etc. of Directors”).

This proposal seeks approval for the specific method of calculation and specific details of the amount of compensation, etc. based on the Plan, in order to provide compensation based on the Plan to the Directors of the Company as a separate framework from the compensation amount for Directors (excluding Directors who are Audit and Supervisory Committee Members) approved at the 98th Annual General Meeting of Shareholders held on June 29, 2021 (not exceeding ¥360 million per year (of which not exceeding ¥40 million per year is allocated to Outside Directors); excluding employee salaries). The details of the Plan shall be delegated to the Board of Directors within the framework set forth in 2. below.

If Proposal No. 2, “Election of Six (6) Directors (Excluding Directors who are Audit and Supervisory Committee Members),” is approved as proposed, the number of Directors subject to the Plan will be four (4).

The Audit and Supervisory Committee has expressed its opinion that the revision to the Plan is appropriate, taking into account the purpose of the Plan and the decision-making process for this proposal, including the report from the Compensation Committee.

### **2. Specific method of calculation and specific details of the amount of compensation, etc. related to the Plan**

#### **(1) Overview of the Plan**

The Plan is a performance-linked stock compensation plan under which the Company’s shares are acquired through a trust using funds contributed by the Company (hereinafter, such trust established pursuant to the Plan is referred to as the “Trust”), and the Company’s shares and cash equivalents of such shares at their market value (hereinafter collectively referred to as the “Company’s Shares, etc.”) are distributed through the Trust to the Directors, etc., pursuant to the Officer Stock Distribution Rules established by the Company.

The Directors, etc. shall receive the Company’s shares in principle at a certain time each year, and shall receive cash equivalents of the Company’s shares at their market value in principle upon their retirement. In cases where Directors, etc. receive the distribution of the Company’s shares during their tenure, the Directors, etc. shall, prior to the distribution of the Company’s shares, enter into a transfer restriction agreement with the Company as set forth in 3. below. As a result, the Company’s shares distributed to the Directors, etc. during their tenure shall be subject to restrictions on disposition, including transfer, until the retirement of the said Directors, etc.

In conjunction with the revision to the Plan, the points already granted under the Current BBT Plan to Directors, etc. who are in office at the time of the conclusion of the General Meeting shall, subject to approval of this proposal, be transitioned to points under the Plan, and the said Directors, etc. shall receive the distribution of the Company’s Shares, etc. based on the transitioned points at a time designated by the Company after the conclusion of the General Meeting. The shares to be distributed to the said Directors, etc. shall also be subject to restrictions on disposition, including transfer, pursuant to the transfer restriction agreement described above.

(2) Eligible persons under the Plan

Directors who concurrently serve as Operating Officers (Directors who are Audit and Supervisory Committee Members and Outside Directors among the other Directors are excluded from the Plan) and Operating Officers with a title.

(3) Trust period

From August 2019 until the termination of the Trust (No specific termination date has been set for the trust period of the Trust; the Trust shall continue as long as the Plan remains in effect. The Plan will be terminated upon the delisting of the Company's shares, the abolition of the Officer Stock Distribution Rules, or other similar events.)

(4) Amount of money contributed to the Trust

The Company has, within the scope of the Original Resolution, contributed ¥180 million in August 2019 to establish a trust under the Current BBT Plan. The Trust shall continue to exist as a trust under the Plan as revised by the resolution approving this proposal.

Subject to the approval of this proposal, the Company shall revise the Current BBT Plan to the Plan covering three fiscal years from the fiscal year ending March 31, 2027 to the fiscal year ending March 31, 2029 (hereinafter, the period of such three fiscal years shall be referred to as the "Initial Target Period," and each of the Initial Target Period and each subsequent three-fiscal-year period commencing after the expiration of the Initial Target Period shall be referred to as the "Target Period") and each subsequent Target Period thereafter. Until the termination of the Plan, the Company shall, in principle, for each Target Period, reasonably estimate the number of shares necessary to make distributions to the Directors, etc. under the Plan, and make additional contributions to the Trust of funds that the Company deems necessary for the Trust to acquire shares in advance.

However, in cases where the Company makes such additional contributions and there are any of the Company's shares (excluding the Company's shares equivalent to the number of points granted to the Directors, etc. for each Target Period up to the immediately preceding one, for which distributions to the Directors, etc. have not yet been completed) and cash remaining in the trust assets (hereinafter collectively referred to as the "Remaining Shares, etc."), such Remaining Shares, etc. shall be applied as the source of funds for distributions under the Plan in subsequent Target Periods, and the amount of additional contributions shall be calculated taking into account the Remaining Shares, etc.

The Company shall make timely and appropriate disclosure when it decides to make additional contributions.

(5) Method of acquisition and number of shares to be acquired by the Trust

The Trust shall acquire the Company's shares using the funds contributed pursuant to (4) above as the source of funds, through the stock exchange market or by way of subscribing for the Company's treasury stock to be disposed of.

Since the maximum number of points to be granted to the Directors, etc. is 54,000 points per fiscal year as set forth in (6) below, the maximum number of the Company's shares to be acquired by the Trust for each Target Period shall be 162,000 shares.

The Company shall make timely and appropriate disclosure regarding the details of the acquisition of the Company's shares by the Trust.

(6) Maximum number of the Company's Shares, etc. to be distributed to the Directors, etc.

For each fiscal year, the Directors, etc. shall be granted points, the number of which is to be decided taking into account their respective positions, achievement level of performance targets, etc. based on the Officer Stock Distribution Rules. The total number of points to be granted to the Directors, etc. per fiscal year shall not exceed 54,000 points (of which 36,000 points are allocated to Directors of the Company).

This was determined by comprehensively taking into account the current level of officer compensation, trends in the number of Directors, etc., future prospects, and other factors, and has been judged to be appropriate.

Each point granted to the Directors, etc. shall be converted into one (1) share of the Company's common stock at the time of the distribution of the Company's Shares, etc. pursuant to (7) below (in the event of a share split, stock allotment without contribution, or stock consolidation, etc., after approval of this proposal, reasonable adjustments will be made to the maximum number of points, the number of points granted or the conversion ratio, according to the said ratio, etc. of the event).

The number of voting rights attached to the shares corresponding to the maximum number of points to be granted to Directors per fiscal year is 360, which represents approximately 0.016% of the total number of voting rights of 2,260,548 (as of March 31, 2026) related to the total number of issued shares.

The number of points held by a Director, etc., which will be used as the basis for the distribution of the Company's Shares, etc. pursuant to (7) below, shall be in principle, the number of points granted to the said Director, etc. by the time of determination of the beneficiary pursuant to (7) below (hereinafter, the number of points calculated in such manner shall be referred to as the "Defined Number of Points").

(7) Distribution of the Company's Shares, etc. and specific method of calculation of the amount of compensation, etc.

Directors, etc. who satisfy the beneficiary requirements shall, by completing the prescribed beneficiary determination procedures, in principle receive the distribution of the Company's shares from the Trust at a certain time each year, in the number corresponding to the "Defined Number of Points" as determined in accordance with (6) above.

However, if the requirements set forth in the Officer Stock Distribution Rules are satisfied, the Directors, etc. shall, with respect to a certain percentage of the points, in principle receive cash equivalents of the Company's shares at their market value upon their retirement, in lieu of the distribution of the Company's shares. The Trust may sell the Company's shares in order to make such cash payment.

In cases where Directors, etc. receive the distribution of the Company's shares during their tenure, the Directors, etc. shall, prior to the distribution of the Company's shares, enter into a transfer restriction agreement with the Company as set forth in 3. below. As a result, the Company's shares distributed to the Directors, etc. during their tenure shall be subject to restrictions on disposition, including transfer, until the retirement of the said Directors, etc.

In addition, even if points have been granted to a Director, etc., such Director, etc. shall not be entitled to receive the distribution if he or she has been dismissed by a resolution of a General Meeting of Shareholders or a meeting of the Board of Directors, has retired due to certain misconduct during his or her tenure, or has engaged in inappropriate conduct, etc. during his or her tenure that may cause damage to the Company.

The amount of compensation, etc. to be received by Directors shall be based on the amount calculated by multiplying the total number of points granted to Directors at the time of the granting of points by the book value per share of the Company's shares held by the Trust (provided that, regarding the Company's shares, in the event of a share split, stock allotment without contribution, or stock consolidation, etc., reasonable adjustments will be made according to the said ratio, etc. of the event). In cases where cash is exceptionally distributed pursuant to the Officer Stock Distribution Rules and such distribution is deemed appropriate, the said amount shall be added to the above amount.

(8) Exercise of voting rights

Voting rights attached to the Company's shares held in the Trust account shall not be exercised in any case, in accordance with instructions from the trust administrator. By adopting such method, the Company intends to ensure neutrality in the exercise of such voting rights with respect to the Company's management.

(9) Treatment of dividends

Dividends on the Company's shares held in the Trust account shall be received by the Trust and applied to the acquisition cost of the Company's shares, the trust fees of the trustee in relation to the Trust, and other fees. In the event of the termination of the Trust, any dividends and other amounts remaining in the Trust shall be distributed to the Directors, etc. who are in office at that time, proportionally according to the number of points held by each of them.

(10) Treatment upon termination of the Trust

The Trust shall be terminated upon the delisting of the Company's shares, the abolition of the Officer Stock Distribution Rules, or other similar events.

Upon the termination of the Trust, the Company intends to acquire all of the Company's shares among the residual assets of the Trust without consideration and cancel them by a resolution of the Board of Directors. As for the cash among the residual assets of the Trust, the remaining amount after deducting the cash to be distributed to the Directors, etc. pursuant to (9) above shall be delivered to the Company.

3. Overview of the transfer restriction agreement relating to the Company's shares to be distributed to the Directors, etc.

In cases where Directors, etc. receive the distribution of the Company's shares during their tenure, the Directors, etc. shall, prior to the distribution of the Company's shares, enter into a transfer restriction agreement with the Company (hereinafter referred to as the "Transfer Restriction Agreement") that includes, in outline, the contents as outlined below (The Directors, etc. shall receive the distribution of the Company's shares on the condition that they enter into the Transfer Restriction Agreement.). However, if the Directors, etc. have already retired at the time of the distribution of the shares or in similar circumstances, the Company's shares may be distributed without entering into the Transfer Restriction Agreement.

a. Details of transfer restrictions

The Directors, etc. shall not transfer, create a security interest over, or otherwise dispose of the Company's shares distributed to them during the period from the date on which they receive the distribution of the Company's shares to the date on which they retire from all positions as Directors, etc. of the Company (or, if they retire between the last day of a fiscal year and the day preceding the Annual General Meeting of Shareholders, the date of the Annual General Meeting of Shareholders immediately following the date of their retirement) (hereinafter referred to as the "Transfer Restriction Period").

b. Acquisition without consideration by the Company

In cases where certain misconduct occurs, the requirements for the lifting of transfer restrictions set forth in (3) below are not satisfied, or other similar events occur, the Company shall acquire such shares without consideration.

c. Lifting of transfer restrictions

In cases where the Directors, etc. retire from all positions as Directors, etc. of the Company for legitimate reasons or due to death, the transfer restrictions shall be lifted upon the expiration of the Transfer Restriction Period.

d. Treatment in the event of corporate reorganization, etc.

In cases where, during the Transfer Restriction Period, a merger agreement under which the Company becomes a dissolving company or matters relating to other corporate reorganization, etc. are approved at a General Meeting of Shareholders of the Company or otherwise, the transfer restrictions shall be lifted, by a resolution of the Board of Directors of the Company, effective immediately before the business day preceding the effective date of such corporate reorganization, etc.

The Company's shares subject to the transfer restrictions under the Transfer Restriction Agreement are expected to be managed in a dedicated account opened by the relevant Directors, etc. at a securities company designated by the Company during the Transfer Restriction Period, so that the relevant Directors, etc. cannot transfer, create a security interest over, or otherwise dispose of such shares during the Transfer Restriction Period.

In addition to the foregoing, the Transfer Restriction Agreement shall also include the following: the method of expression of intent and notification under the Transfer Restriction Agreement, the method of amendment of the Transfer Restriction Agreement, and other matters to be determined by the Board of Directors.

## Cross-Shareholdings

(Policy on Cross-Shareholdings)

The Company may hold shares as cross-shareholdings only when it is determined that it will contribute to improving the Company's corporate value over the mid- to long-term by maintaining and strengthening smooth business operations and business relationships. It is our basic policy to reduce cross-shareholdings for which the significance of holding is deemed to have diminished.

(Efforts to reduce cross-shareholdings)

Under the basic policy, each year, the Board of Directors shall individually examine cross-shareholdings and review the appropriateness of continuing the holding. As a result of the review, the Company sold fourteen (14) stocks other than unlisted stock in fiscal year 2025 (including partial sales). In addition, one (1) unlisted stock was reduced due to company liquidation. The ratio of cross-shareholdings to net assets as of March 31, 2026, was 14.3%.

## **Business Report (From April 1, 2025 to March 31, 2026)**

### **1. Current Status of the NOF Group**

#### **(1) Progress and Results of Operations**

During the fiscal year under review (from April 1, 2025 to March 31, 2026), the outlook for the global economy deteriorated due to increased risks of an economic downturn and policy uncertainties caused by U.S. trade policy. The outlook remained uncertain due to concerns about the impact of the prolonged crisis in Ukraine, the increasingly strained situation in the Middle East, elevated prices of raw materials and fuel, and fluctuations in the financial and capital markets. In Japan, although the impacts of U.S. trade policy were seen mainly in the automobile industry, personal consumption has been picking up, and the economy has continued its gradual recovery trend.

As for the business environment surrounding the Group, even though domestic economic conditions were gradually recovering, there was ongoing monitoring of a downturn due to continuously high raw material and fuel prices, the impact of tariff measures in the United States, and the influence of the situation in the Middle East.

In this business environment, under the three-year 2025 Mid-Term Management Plan with fiscal year 2025 as its final year, and in keeping with the basic policy of “Practice and Breakthrough,” we have been working to address the following challenges of “Expanding business by addressing changes in markets,” “Accelerating new product and new technology development,” “Improving productivity,” “Pursuing safety and security,” and “Promoting CSR.” We have also made repeated management efforts to develop new markets, expand sales, and reduce production costs with a view to achieving sustainable growth.

In order to further strengthen “Expanding business by addressing changes in markets,” we expanded our business with a focus on our three prioritized business fields of “life and healthcare,” “environment and energy” and “electronics and IT” as we advanced our transition into a solutions-based business model. In addition, for this fiscal year, we implemented the “Industry-Academia Commissioned Research Type Open Innovation Program 2025,” which invited the development of next-generation materials and technologies in the electronics field expected to grow, and promoted “Accelerating new product and new technology development” toward the realization of a sustainable society and the chemical industry as it should be in the future.

As a result of the above, for the consolidated fiscal year ended March 31, 2026, consolidated net sales were ¥257,967 million, or up 8.2% from the previous fiscal year. Consolidated operating income was ¥47,411 million, or up 4.6% year on year, consolidated ordinary income was ¥50,366 million, or up 8.1% year on year, and profit attributable to owners of parent was ¥40,550 million, or up 11.1% year on year.

The outline of the performance in each business segment of the Group is explained below.

## Functional Chemicals

In the field of fatty acid derivatives, net sales decreased as shipments of environmental/energy products in Asia were sluggish.

With regard to surfactants, net sales decreased due to weak shipments of toiletry-related products.

In ethylene oxide/propylene oxide derivatives, net sales decreased due to weak demand for synthetic resins and resin processing.

In organic peroxides, net sales decreased due to weak demand in Japan and Asia.

In special anti-corrosion agents, net sales increased due to steady demand in Japan and overseas.

As a result, in the Functional Chemicals Segment, consolidated net sales were ¥145,751 million, or down 3.4% year on year, and consolidated operating income was ¥26,846 million, or down 9.9% year on year.

## Pharmaceuticals, Medicals and Health

Regarding edible processed oils and fats and functional food materials, net sales increased as the Company worked to maintain appropriate prices, despite a slowdown in demand for breadmaking, confectionery, and processed food products.

In health-related products, net sales increased due to an increase in shipments for health foods.

In biocompatible materials, net sales decreased due to a decrease in shipments of 2-Methacryloyloxyethyl phosphorylcholine (MPC)-related products.

In the field of raw materials for DDS (drug delivery system) drug formulations, net sales were in line with the previous fiscal year, despite a decrease in shipments for some customers.

As a result, in the Pharmaceuticals, Medicals and Health Segment, consolidated net sales were ¥49,931 million, or up 4.0% year on year, and consolidated operating income was ¥15,816 million, or up 0.8% year on year.

## Explosive & Propulsion

In industrial explosives, net sales were in line with the previous fiscal year.

In the field of space rocket products, net sales increased due to higher shipments of our products for rockets.

In the field of defense-related explosives, net sales increased due to revenue recognition of certain transactions related to initial procurement costs for early equipment adoption.

In the field of functional products, net sales decreased.

As a result, in the Explosive & Propulsion Segment, consolidated net sales were ¥61,675 million, or up 59.1% year on year, and consolidated operating income was ¥7,979 million, or up 154.9% year on year.

## Others

The Others Segment consists of the transportation and real estate businesses. In the Others Segment, consolidated net sales were ¥608 million, up 3.8% year on year, and consolidated operating income was ¥434 million, up 24.7% year on year.

## (2) Future Tasks

The outlook for the global economy remains uncertain, because of increased uncertainty such as the risk of an economic downturn and the impact of the financial and capital markets due to the impact of U.S. trade policy, the prolonged crisis in Ukraine, and the increasingly strained situation in the Middle East. For the Japanese economy, although the employment and income environment are improving, there are concerns about the impact of continued price increases on personal consumption. In addition to these factors, the impact of the situation in the Middle East is expected to affect a wide range of industries and products, including chemical products, which poses a risk of downward pressure on the Japanese economy and therefore requiring continued close attention.

Under these circumstances, the Group will promote the 2028 Mid-Term Management Plan, positioned as Stage III “Business Domain Expansion,” with the aim of achieving the Corporate Vision for FY2030 set forth in “NOF Vision 2030,” with fiscal year 2030 as its final year.

In addition, the Group will flexibly adapt to changes in market needs in our three prioritized business fields of life/healthcare, electronics/IT, and environment/energy. Furthermore, we will continue to create new value through the power of chemistry, and by continuously living up to the trust that all stakeholders have placed in us, we will continue challenging ourselves to realize a safe and abundant society.

Under the 2028 Mid-Term Management Plan and in keeping with the basic policy of “Transformation and Creation,” the Group will engage in each initiative of “Expanding business domains by seizing market opportunities,” “Creating new technologies and new businesses,” “Improving productivity and operational efficiency,” “Pursuing safety and security,” and “Promoting CSR.”

In order to accelerate “Expanding business domains by seizing market opportunities,” the Group will pursue proactive strategic investments in our three prioritized business fields. In the Functional Chemicals Segment, the Group will proceed with plans to further expand the manufacturing facilities for cosmetic ODM (original design manufacturing: design and manufacture of products under other companies’ brands) at Aichi Works, which have been actively expanded up to this point. In addition, in anticipation of growth in electronic component materials, the growth field, and high-performance electronic materials, the new field, the Group will proceed with plans to install new manufacturing facilities to increase production capacity. In the Explosive & Propulsion Segment, the Group will proceed with the development of production infrastructure based on the defense capability buildup plan.

To accelerate “Creating new technologies and new businesses,” the Group established the Health Science Research Lab., which conducts research in the “life/healthcare” field, and the Material Science Research Lab., which conducts research in the “environment/energy” and “electronics/IT” fields. With a focus on functional chemical materials, functional food materials, electronics materials, and medical and medical equipment materials as priority fields, the Group will promote open innovation by utilizing public solicitation from outside the Group and venture capital, as well as comprehensive collaboration with industry, academia, and government, and will also advance investment in startups, to create new technologies and new businesses.

As for “Improving productivity and operational efficiency,” the Group will continue efforts for nurturing human resources regarding Digital Transformation (DX) across the company, and engage in efforts to improve R&D efficiency through searching for new chemical materials and optimizing blending composition, etc. using Materials Informatics (MI), which utilizes data science, and to make a transition into smart factories through the introduction of a production and quality control system and the construction of a network, and will also

work on the introduction of applications that contribute to improving back-office operational efficiency.

Regarding “Pursuing safety and security,” the Group will strive to perform appropriate business activities by providing safe and secure products, giving attention to safety of social and natural environments, and by ensuring safety, disaster prevention and occupational safety.

With regard to “Promoting CSR,” the Group specified 11 items of materiality regarding Sustainability. By dividing these into three major categories, “Provision of new value to realize an abundant and sustainable society,” “Strengthening of business foundation,” and “Promotion of responsible care activities,” the Group set targets (KPIs) for each item, and is promoting relevant initiatives. Regarding “Provision of new value to realize an abundant and sustainable society,” we shall strive to provide products that utilize the Company’s original technologies and materials in the three prioritized business fields of the Group, in order to contribute to a variety of demands, including advanced medical treatment and medicine, human beauty, health and anti-aging, reduction of environmental burden, recycling of resources, and a smart society. Regarding “Strengthening of business foundation,” the Group will put greater effort into initiatives including the following: strengthen profitability; promote work style reforms aimed at realizing work-life balance; create a corporate culture that accepts diverse values; conduct human rights risk assessments including supply chains; promote CSR procurement; and enhance the business continuity plan to improve resilience. Regarding “Promotion of responsible care activities,” we will consider measures aimed at realizing carbon neutrality by 2050, and implement measures such as chemical safety and occupational health and safety. Furthermore, the Group supports the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD) and the Taskforce on Nature-related Financial Disclosures (TNFD), and shall work to expand climate-related and nature-related information disclosure.

In order to contribute to the realization of a sustainable society, the Group will implement these initiatives and promote further business reform to establish a resilient corporate structure with international competitiveness.

We kindly ask all shareholders for your continuing support.

## **(2) Overview of contents of limitation of liability agreement**

Pursuant to Sub-Article 1 of Article 427 of the Companies Act, the Company has concluded an agreement with all Outside Directors and Directors who are Audit and Supervisory Committee Members that limits their liability for damages indicated in Sub-Article 1 of Article 423 of the same Act (a limitation of liability agreement). The amount of limitation of liability for damages based on such an agreement is the amount stipulated by laws and ordinances.

## **(3) Overview of contents of indemnity agreement**

The Company has entered into an indemnity agreement indicated in Sub-Article 1 of Article 430-2 of the Companies Act with Directors Takeo Miyaji, Koji Sawamura, Manabu Saito, Kazuyoshi Yamauchi, Takashi Kamada and Izumi Hayashi, and Audit and Supervisory Committee Members Masanobu Miyo, Kunimitsu Ito, Yuriko Sagara and Keiichi Miura, to indemnify expenses under Item 1 of said Sub-Article and losses under Item 2 of said Sub-Article to the extent stipulated by laws and ordinances. To ensure that appropriateness of Directors' execution of duties is not impaired, the agreement stipulates the maximum amount of the indemnity, Directors' obligation for reporting and submitting materials, and procedures for claiming indemnity to the Board of Directors, etc.

## **(4) Overview of contents of D&O insurance contract**

The Company has entered into a Directors and Officers liability insurance (D&O insurance) contract with an insurance company.

All Directors are insured under the said insurance contract. The insurance fee for the policy and all added special clauses is borne by the Company and no substantial insurance fee is borne by the insured.

In the event of claims for damages by shareholders or other third parties, arising from actions or omissions in the execution of duties by the insured Directors, the said insurance contract will cover damage incurred by the said Director. However, there are certain exemptions. For instance, in case of actions taken with the knowledge that such actions are in violation of the law (including cases where there are sound reasons to deem that the insured had such knowledge), the damage arising from such a case will not be covered.

Notes: 1. The above payment amounts do not include employee portion of salaries or bonuses for Directors who concurrently serve as employees.

2. The fixed compensation of the above Directors (excluding Directors who are Audit and Supervisory Committee Members) includes ¥14 million of ESG indicators-linked compensation.

3. The annual compensation limit for Directors (excluding Directors who are Audit and Supervisory Committee Members) was set to ¥360 million (including compensation of within ¥40 million per year for Outside Directors; excluding employee salaries) at the 98th Annual General Meeting of Shareholders held on June 29, 2021. There were six (6) Directors (excluding Directors who are Audit and Supervisory Committee Members; including two (2) Outside Directors) as of the conclusion of the said Annual General Meeting of Shareholders.

4. At the 98th Annual General Meeting of Shareholders held on June 29, 2021, regarding the performance-linked stock compensation plan “Board Benefit Trust” for Directors who concurrently serve as Operating Officers, it was resolved that separately from the maximum amount of the compensation for Directors (excluding Directors who are Audit and Supervisory Committee members) as stated in 3 above, the maximum number of points that can be awarded to Directors in a fiscal year is a total of 12,000 points (each point awarded shall be converted into one (1) share of the Company’s common stock at the time of the distribution of the Company’s Shares, etc.). There were four (4) Directors who concurrently served as Operating Officers after the conclusion of the said Annual General Meeting of Shareholders.

\*The Company conducted a 3-for-1 share split of common shares effective April 1, 2024. As a result, maximum number of points that can be granted to Directors who concurrently serve as Operating Officers in a fiscal year is a total of 36,000 points after that date.

5. The annual compensation limit for Directors who are Audit and Supervisory Committee Members was set to ¥80 million at the 98th Annual General Meeting of Shareholders held on June 29, 2021. There were four (4) Directors who were Audit and Supervisory Committee Members after the conclusion of the said Annual General Meeting of Shareholders.

6. Figures are rounded down to the nearest million yen.

### (ii) Method of determining compensation, etc.

#### a. Method of determining policy concerning details of compensation, etc. of individual Directors

Regarding the policy on compensation of Directors excluding Audit and Supervisory Committee Members, after undergoing deliberation by the Compensation Committee, an advisory committee for the Board of Directors, a resolution was reached on a partial review of the policy at the Board of Directors meeting held on January 27, 2023.

#### b. Overview of contents of determination policy

The compensation of Directors excluding Audit and Supervisory Committee Members is based on the Company’s Corporate Philosophy, promotes sustained growth and improvement of corporate

value in the medium to long term, and rewards business performance, etc. through appropriate compensation levels. Also, compensation shall be determined through a fair and transparent process. Under such a policy, compensation consists of monthly compensation, bonuses and stock compensation. The proportion of incentive compensation that is linked to short-term or mid- to long-term performance is set to about 40% (a standard proportion) (Outside Directors are paid compensation that is not linked to performance indicators). In addition, the Compensation Committee deliberates on compensation systems, compensation levels, and individual compensation, etc.

c. Reasons why Board of Directors deemed that details of compensation, etc. of individual Directors concerning the fiscal year under review aligned with the determination policy

For matters regarding the compensation system and policy concerning Directors excluding Audit and Supervisory Committee Members, matters regarding the calculation method in determining specific compensation amounts for Directors, and individual compensation amounts, etc., the Compensation Committee conducts deliberations from a multi-faceted perspective, including compliance with the policy on compensation of Directors excluding Audit and Supervisory Committee Members. The Board of Directors respects the results of the deliberations, and deems that they are aligned with the said policy.

The said Compensation Committee comprises seven members, namely five independent Outside Directors, the Chairman and Chief Executive Officer, and the President and Chief Executive Officer, and is chaired by an independent Outside Director (held meetings in May, August and November of 2025 and March of 2026 in the fiscal year under review).

(iii) Fixed compensation (delegation of decisions on compensation, etc. of individual Directors)

After undergoing deliberation by the Compensation Committee, the calculation method, etc. for fixed compensation of Directors was resolved at the Board of Directors meeting. Regarding decisions on the specific details of the fixed compensation amount of individual Directors excluding Audit and Supervisory Committee Members, they are resolved at a Board of Directors meeting, after undergoing deliberation by the Compensation Committee.

(iv) Performance-linked compensation

(Bonuses)

After undergoing deliberation by the Compensation Committee, the calculation method, etc. for bonuses of Directors excluding Audit and Supervisory Committee Members and Outside Directors was resolved at a Board of Directors meeting. The calculation method of the said bonuses are based on consolidated operating income, an important indicator related to the Group's business performance evaluation, and by multiplying a predetermined coefficient determined for each position by a base amount. The Compensation Committee verifies the said calculation method and the amount paid to Directors excluding Audit and Supervisory Committee Members (excluding Outside Directors) in each term.

(ESG indicators-linked compensation)

The Company resolved a method to calculate a portion of the next term's compensation (monthly compensation) using the achievement of ESG indicators, etc. for Directors excluding Audit and Supervisory Committee Members and Outside Directors in a Board of Directors meeting held on January 27, 2023. The calculation method for this compensation is based on the evaluation coefficient according to the achievement level, etc. of prescribed ESG indicators concerning the Group's initiatives for sustainability issues and by multiplying a predetermined coefficient determined for each position by a base amount. The Compensation Committee verifies the said calculation method and the amount paid in each term. The ESG indicator targets for the fiscal year ended March 31, 2026, were generally achieved.

(Stock compensation)

Through a resolution at the 96th Annual General Meeting of Shareholders held on June 27, 2019, the Company introduced a performance-linked stock compensation plan, the "Board Benefit Trust" (BBT).

Subsequently, the Company transitioned to a Company with an Audit and Supervisory Committee through the 98th Annual General Meeting of Shareholders held on June 29, 2021. Accordingly, the persons currently eligible for the BBT are as follows: Directors who concurrently serve as Operating Officers (excluding Directors who are Audit and Supervisory Committee Members and Outside Directors among the other Directors; hereinafter referred to as “Directors”) and Operating Officers with a title (hereinafter collectively referred to as “Directors, etc.”).

The purpose of this compensation is to further clarify the linkage between the Company’s financial results and stock value, and to strengthen the awareness of Directors, etc. of their contribution to the medium- to long-term improvement in financial results and enhancement of corporate value by having Directors, etc. share the risk of stock price fluctuations with the shareholders.

For each fiscal year, the Directors, etc. shall be awarded points, the number of which is to be decided taking into account their respective positions, achievement level of performance targets, etc. based on the Officer Stock Distribution Rules. Each point awarded to the Directors, etc. shall be converted into one (1) share of the Company’s common stock at the time of the distribution of the Company’s shares, etc. (in the event of a share split, stock allotment without contribution, or stock consolidation, etc., reasonable adjustments will be made to the maximum number of points, the number of points awarded or the conversion ratio, according to the said ratio, etc. of the event). The number of points held by a Director, etc., which will be used as the basis for the distribution of the Company’s shares, etc., shall be in principle, the number of points awarded to the said Director, etc. by the time of his/her retirement (hereinafter, the number of points calculated in such manner shall be referred to as the “Defined Number of Points”).

After undergoing deliberation by the Compensation Committee, the Officer Stock Distribution Rules, which stipulate the said calculation method, etc. after taking into account the respective positions, achievement level of performance targets, etc. of the Directors, etc., was resolved at a Board of Directors meeting.

i. Calculation method for awarding of points

Consolidated operating income and return on equity (ROE) of the Mid-Term Management Plan are important indicators related to the Group’s business performance evaluation. A performance evaluation coefficient is determined based on the achievement level of this indicator. Multiplying this coefficient by the position points determined for each position gives the number of points.

(Calculation formula)

Position points × Performance evaluation coefficient

\* Performance evaluation coefficient = (Performance evaluation coefficient based on consolidated operating income × 50%) + (Performance evaluation coefficient based on ROE × 50%)

\*The performance evaluation coefficient fluctuates between 0 and 1.5 in view of the achievement level, etc.

ii. Method of distribution

After a Director, etc. of the Company retires, he/she will receive the Company’s shares and money (money will be paid to the bereaved family if the Director, etc. has passed away) in an amount equivalent to the Defined Number of Points.

iii. Achievement level of consolidated operating income and ROE in the fiscal year under review

## 5. Accounting Auditors

### (1) Name of Accounting Auditor

Ernst & Young ShinNihon LLC

### (2) Compensation paid to Accounting Auditor for the fiscal year under review

	Classification	Amount paid
1)	Compensation paid or payable to the Accounting Auditor concerning the audit services for the fiscal year under review	¥74 million
2)	The total amount of money and property interests paid or payable to the Accounting Auditor from the Company and subsidiaries	¥99 million

- Notes:
1. The audit contract between the Company and the Accounting Auditor does not separate compensation concerning audits described by the Companies Act from compensation concerning audits described by the Financial Instruments and Exchange Act, and these compensation amounts are not practically possible to distinguish. Accordingly, the amount of compensation for the current fiscal year is the total amount of these two types of compensation.
  2. The Audit and Supervisory Committee of the Company conducted necessary verification of whether the contents of the Accounting Auditor's auditing plans, status of the execution of duties of the audit plan, basis for calculating estimated compensation, etc., were appropriate, and has decided to agree on the compensation amount, etc.
  3. Of the Company's important subsidiaries, NOF METAL COATINGS EUROPE S.A. and six other companies were audited (solely under the provisions of the Companies Act or the Financial Instruments and Exchange Act (including foreign laws and regulations equivalent thereto)) by accounting auditors other than the Company's Accounting Auditor (including those with equivalent foreign qualifications).
  4. Figures are rounded down to the nearest million yen.

### (3) Content of non-audit operations

None applicable.

### (4) Policy for determining the dismissal or non-reappointment of Accounting Auditor

If the Audit and Supervisory Committee has judged that it is necessary, such as when the execution of duties by an Accounting Auditor is hindered, it will determine the contents for proposals for dismissal or non-reappointment of the Accounting Auditor to be submitted at the General Meeting of Shareholders.

If an Accounting Auditor is deemed to fall under any of the items of Article 340, Paragraph 1 of the Companies Act, such Accounting Auditor shall be dismissed subject to the unanimous approval at the Audit and Supervisory Committee. In this case, an Audit and Supervisory Committee Member designated by the Audit and Supervisory Committee shall report the dismissal of the Accounting Auditor and the reason for the dismissal at the first General Meeting of Shareholders to be convened after the dismissal.

### (5) Overview of the content of liability limitation agreement

None applicable.

### (6) Overview of contents of indemnity agreement

- a. The Company shall ensure the establishment of a system that prohibits the disadvantageous treatment of the person who has reported issues to the Audit and Supervisory Committee.
- 9) Matters related to policies regarding the procedures for advance payment or reimbursement of expenses arising from the execution of duties by the Audit and Supervisory Committee and the processing of other expenses or financial obligations resulting from the execution of duties by the Audit and Supervisory Committee
- a. The Company shall promptly respond to requests for the advance payment of expenses arising from the execution of duties by the Audit and Supervisory Committee, reimbursement of paid expenses, and payment for incurred financial obligations.
- 10) System for ensuring that audits by the Audit and Supervisory Committee are conducted effectively
- a. The Audit and Supervisory Committee conducts audits in accordance with the Audit and Supervisory Committee auditing standards defined by the Audit and Supervisory Committee. As necessary, they give out instructions on inspections, etc. to the Internal Control Department, etc., and deliberate with Directors to improve the effectiveness of their audits.
  - b. Accounting Auditors regularly report audit plans and audit results to the Audit and Supervisory Committee. When necessary, the Audit and Supervisory Committee shares information and exchanges opinions with Accounting Auditors, each department of the Company, and Group companies.

- c. The Audit and Supervisory Committee has regular meetings with Representative Directors, where opinions are exchanged regarding the issues to be addressed by the Company, the status of the auditing and supervisory environment of the Audit and Supervisory Committee, important issues related to auditing, etc., thereby developing deeper mutual understanding and trust.

11) System for ensuring the reliability of financial reporting

- a. In order to ensure the reliability of the financial reporting of the Company and Group companies, and to effectively and appropriately submit the internal control reports stipulated in the Financial Instruments and Exchange Act, the Internal Control Department builds and maintains internal control systems related to financial reporting and strives to enhance control activities related to important financial reporting processes.

**(2) Outline of the Status of Implementation of the System for Ensuring Appropriate Conduct of Operations**

Based on the above policy, the Company strives to improve its internal control system and operate it appropriately. The main initiatives carried out during the fiscal year under review were as follows.

(Measures aimed at ensuring appropriate conduct of operations by the Company and Group companies)

The Company held a regular meeting of the Board of Directors once each month and held five extraordinary meetings of the Board of Directors over the course of the fiscal year. In addition to regularly reported matters, the Board of Directors also confirmed and decided on important matters stipulated in the rules of the Board of Directors and monitored the status of the execution of the duties of Directors. Group companies requested approval from and reported on important matters stipulated in the rules on the management of Group companies to the Company.

(Compliance measures)

The Compliance Committee led the improvement of compliance related regulations such as compliance manuals, operation of whistle-blowing contact points, and provision of ongoing compliance training for all Group companies, both in Japan and abroad, including the Company.

During the fiscal year under review, the Company revised the compliance manual and rolled it out across the entire Group, with the aim of further strengthening the compliance system.

(Risk management measures)

Led by the Risk Management Committee, the Company shall conduct company-wide risk assessments and comprehensively ascertain, analyze, and evaluate business risks. With regard to risk management, specialist committees such as the Risk Management Committee, the Responsible Care Committee, and the Quality Management Committee monitor their respective operation fields, including Group companies, analyze results, and report measures and countermeasures to the Board of Directors. The Board of Directors receives reports on various business risks such as compliance, information management, environmental and safety risks, and confirmation and evaluation of risk comprehensiveness, and deliberates on the risks as necessary.

Furthermore, during the fiscal year under review, regarding the result of climate change-related risk and opportunity analysis, the Company introduced and has been operating a greenhouse gas aggregation and management system to further precisely assess and analyze the Task Force on Climate-related Financial Disclosures (TCFD) recommendations. In addition, the Company supports the recommendations from the Taskforce on Nature-related Financial Disclosures (TNFD), and promotes efforts to preserve natural capital. As for efforts concerning human rights, the Company continues to conduct engagement surveys for employees and CSR questionnaires for suppliers, as well as receiving reports from outside the Company, and also conducted human rights risk assessments to identify potential human rights risks across the entire Group.

(Measures for ensuring the effectiveness of audits by the Audit and Supervisory Committee)

The Audit and Supervisory Committee provides opportunities for regular deliberations with the Internal Control Department and Accounting Auditors, and coordinates with them closely. On top of this, Audit and Supervisory Committee Members attend important meetings such the meetings of the Board of Directors, Executive Committee, Sustainability Committee, and specialist committees; visit offices, branches, business sites, and the like; and conduct interviews with business departments and Group companies. Through this, they strive to ensure the effectiveness of their audits.

Audit and Supervisory Committee Members are provided with necessary information through explanations by Directors or internal related departments regarding the state of important decision-making or the execution of duties, or the details of said duties, and by viewing related important documents. This information is reported appropriately to Audit and Supervisory Committee Members.

(Evaluation of operating status of internal control system)

The internal control system is reviewed and revised annually. At the meeting of the Board of Directors held in April 2026, the Company evaluated operating status during the fiscal year under review with respect to the matters stipulated in the policy on the improvement of the internal control system, and confirmed that the system was operating appropriately.

## Notes to Consolidated Financial Statements

### Notes to Basis for Preparation of Consolidated Financial Statements

#### 1. Matters related to scope of consolidation

##### (1) Number of consolidated subsidiaries and the names of major consolidated subsidiaries

Number of consolidated subsidiaries: 24

Names of major consolidated subsidiaries

Nippon Koki Co., Ltd., NiGK Corporation, NOF METAL COATINGS ASIA PACIFIC CO., LTD., JAPEX Corp., Yuka Sangyo Co., Ltd., Changshu NOF Chemical Co., Ltd., PT. NOF MAS Chemical Industries, NOF AMERICA CORPORATION, NOF METAL COATINGS NORTH AMERICA INC., NOF METAL COATINGS EUROPE S.A., NOF (Shanghai) Co., Ltd., NOF EUROPE GmbH

##### (2) Names of major non-consolidated subsidiaries, etc.

Names of major non-consolidated subsidiaries

There are no major non-consolidated subsidiaries.

Reason for excluding the non-consolidated subsidiaries from the scope of consolidation

They are excluded from the scope of consolidation because their combined amounts of respective categories of total assets, net sales, profit and loss (corresponding to equity interest) and retained earnings (corresponding to equity interest) are smaller than the consolidated subsidiaries' such combined amounts, and have no significant impact on the consolidated financial statements.

#### 2. Matters related to application of equity method

##### (1) Number of non-consolidated subsidiaries and affiliates accounted for using the equity method, and the names of major entities accounted for by using the equity method

Not applicable.

##### (2) Names, etc. of major non-consolidated subsidiaries and affiliates not accounted for using the equity method

Non-consolidated subsidiary: There are no major non-consolidated subsidiaries.

Affiliate: Amagasaki Utility Services CO., Ltd.

Reason for not accounted for using the equity method

These non-consolidated subsidiaries and affiliates are not accounted for using the equity method because they individually do not have significant impact on profit and loss (corresponding to equity interest) and retained earnings (corresponding to equity interest), etc., and the impact is immaterial also on a combined basis.

#### 3. Fiscal year, etc. of consolidated subsidiaries

The balance sheet date of consolidated subsidiaries NOF METAL COATINGS ASIA PACIFIC Co., Ltd., Changshu NOF Chemical Co., Ltd., P.T. NOF MAS Chemical Industries, NOF AMERICA CORPORATION, NOF METAL COATINGS NORTH AMERICA INC., NIKKA COATING Co., Ltd., NOF METAL COATINGS EUROPE S.A., NOF METAL COATINGS EUROPE N.V., NOF METAL COATINGS KOREA Co., Ltd., NOF METAL COATINGS SOUTH AMERICA Ind. E Com. Ltda., NOF METAL COATINGS EUROPE s.r.l., NOF (Shanghai) Co., Ltd., NOF EUROPE GmbH and NOF METAL COATINGS SHANGHAI CO., Ltd. is December 31 each year.

In the preparation of consolidated financial statements, financial statements of each subsidiary at their respective balance sheet dates are used, and any significant transaction that took place between those balance sheet dates and the consolidated balance sheet date is subjected to necessary consolidation adjustments. Balance sheet date of all consolidated subsidiaries other than the listed above is the same as the consolidated balance sheet date of March 31 each year.

#### 4. Matters related to accounting policies

##### (1) Standards and methods of valuation of assets

###### (i) Standards and methods of valuation of securities

###### Held-to-maturity debt securities

Amortized cost method (straight-line method)

###### Other securities

###### Available-for-sale securities other than shares, etc. without market value

Mainly by the market value method based on the average market price over a period of one month prior to the consolidated balance sheet date

(Net unrealized gains or losses on those securities are reported as a separate component of net assets and costs of securities sold are determined primarily using the moving average method.)

###### Shares, etc. without market value

Mainly by the cost method using the moving-average method

For investments in investment partnerships (which are deemed as securities under Article 2, Paragraph 2 of the Financial Instruments and Exchange Act), it is valued as the net value of equities based on the most recent financial statements available, prepared according to the financial reporting dates specified in the partnership agreements.

###### (ii) Standards and methods of valuation of inventories

Mainly by the cost method using the total-average method (Consolidated balance sheet amounts are written down subject to decline in profitability.)

##### (2) Methods of depreciation and amortization of fixed assets

###### (i) Property, plant and equipment (excluding leased assets)

Straight-line method

###### (ii) Intangible assets (excluding leased assets)

Straight-line method; For software (for in-house use), straight-line method over licensing period for internal use (five years)

###### (iii) Leased assets

Leased assets used in finance lease transactions that do not transfer ownership to the lessee

Straight-line method, assuming the useful life as the lease period with residual value at nil

##### (3) Standards of providing allowances

###### (i) Allowance for doubtful accounts

To prepare for possible credit losses, estimated uncollectible amounts have been recorded based on collection losses for general receivables, while on individual assessment of collectability for certain receivables such as doubtful receivables.

###### (ii) Accrued bonuses for employees

To prepare for the payment of employees' bonuses, the Company and its major consolidated subsidiaries have recorded estimated amounts of employees' bonuses attributable to the consolidated fiscal year ended March 31, 2026.

###### (iii) Accrued retirement benefits for executive officers

To prepare for the expenditure of retirement benefits for executive officers, etc. of the Company, the amount to be paid at the end of the consolidated fiscal year ended March 31, 2026 has been recorded according to the internal rules.

##### (4) Standards for revenue and expense recognition

###### Revenue from contracts with customers

Based on the following five-step approach, the Group recognizes revenue when a promised product or service is transferred to a customer and the customer gains control over said product or service.

Step 1: Identify the contract with the customer

Step 2: Identify the performance obligations in the contract

Step 3: Calculate the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the corporation fulfills the performance obligations

The Group's main business is the manufacturing and sale of products in the Functional Chemicals Segment, the Pharmaceuticals, Medicals and Health Segment and the Explosive & Propulsion Segment. With regard to the sale of these products, generally, at the time of delivery, it is deemed that the customer has gained control over the product and the performance obligation has been fulfilled. Accordingly, the Group recognizes revenue at the time of delivery, etc. of said product. For domestic sales, since the period from the time of shipment to the time when the control of the product is transferred to the customer is the normal period, the Group applies the handling of shipping standards, etc. stipulated in Paragraph 98 of the Implementation Guidance on Accounting Standard for Revenue Recognition, and recognizes revenue at the time of shipment. In addition, for certain transactions in the

Explosive & Propulsion Segment, since the performance obligation is fulfilled over a certain period of time, the degree of progress is measured using a method that faithfully depicts the fulfillment of the obligations, and revenue is recognized over a certain period of time.

Revenue is calculated by deducting returns, discounts, and rebates, etc. from the consideration promised in the contract with the customer, within the range where there is a high possibility that there will be no significant reversal of funds into revenue. The promised consideration is collected mainly within one year from the time of the fulfillment of the performance obligation, and does not include significant financial factors.

For transactions involving the Group as an agent, the net amount of revenue is recognized.

(5) Other basis for preparation of consolidated financial statements

(i) Hedge accounting

Method of hedge accounting

Deferral hedge accounting is adopted. As for foreign currency-denominated monetary claims and obligations under forward foreign exchange contracts, allocation treatment is adopted when requirements for such treatment are met.

Hedging instruments and hedged items

Hedging instruments: forward exchange contracts

Hedged items: forward exchange contracts and foreign currency denominated trading transactions

(ii) Methods of accounting retirement benefits

To prepare for retirement benefits of employees, retirement benefit liability has been recorded at the amount of the retirement benefit obligation less pension plan assets based on the estimation as of the end of the consolidated fiscal year ended March 31, 2026.

Prior service cost is amortized as incurred by the straight-line method over certain period (10 years), within the average remaining service years of the employees.

Actuarial gain or loss is amortized from the fiscal year following the year in which the gain or loss is recognized by the straight-line method over certain period (10 years), within the average remaining service years of the employees.

Unrecognized actuarial gain or loss and unrecognized prior service cost are recorded as retirement benefits liability adjustments in accumulated other comprehensive income under net assets after tax effect adjustments.

In calculating the retirement benefit liability, the estimated amount of retirement benefits is attributed mainly by benefit formula to the period up to the end of the consolidated fiscal year ended March 31, 2026.

## Notes regarding Important Accounting Estimates

### 1. Recoverability of deferred tax assets

(1) Amount recorded on the consolidated financial statements for the consolidated fiscal year under review

¥1,567 million in deferred tax assets, net concerning consolidated subsidiaries, which fall under “Category 3” pursuant to Paragraph 29 of the “Implementation Guidance on Recoverability of Deferred Tax Assets (ASBJ Guidance No. 26)”

(2) Information regarding contents of important accounting estimates concerning items identified

i. Method of calculation

The recoverability of deferred tax assets is determined through an estimate of taxable income based on future earning capacity, in contrast with future deductible amounts.

ii. Main assumptions

The estimate of taxable income based on future earning capacity uses the budget for the next fiscal year and the Mid-Term Management Plan as the foundation, and its main assumption is the future estimated sales volume.

iii. Impact on consolidated financial statements for the next fiscal year

Regarding the main assumption stated in ii, if ex post facto results deviate from the assumption due to factors such as economic trends in the future, and there is a decrease in taxable income in the next fiscal year or later, there may be a review of the recoverability of deferred tax assets.

### 2. Impairment of fixed assets

(1) Amount recorded on the consolidated financial statements for the consolidated fiscal year under review

¥98,645 million in property, plant and equipment and intangible assets

(2) Information regarding contents of important accounting estimates concerning items identified

i. Method of calculation

The Group groups business-use assets primarily according to the operating division, and assesses impairment. For assets and asset groups with indications of impairment, the Group estimates undiscounted future cash flows based on the business plan of each business, and assesses the necessity of impairment. As a result of the assessment, if a total of undiscounted future cash flows falls below the book value and the recognition of impairment is deemed necessary, the book value is written down to a recoverable amount (net realizable value or value in use, whichever is higher), and a reduction in the book value is recorded as an impairment loss.

During the consolidated fiscal year under review, for certain asset groups in the Pharmaceuticals, Medicals and Health Segment (property, plant and equipment, etc. of ¥455 million), indications of impairment were identified due to a decrease in demand caused by delays in clinical development by bio-ventures resulting from the slow recovery of the investment environment in the United States. However, as the total undiscounted future cash flows from the said asset groups exceed the book value of the said asset groups, no impairment loss has been recognized.

ii. Main assumptions

The estimate of undiscounted future cash flows uses the business plan of each business as the foundation, and its main assumption is the future estimated sales volume.

iii. Impact on consolidated financial statements for the next fiscal year

Regarding the main assumption stated in ii, if ex post facto results deviate from the assumption due to factors such as economic trends in the future, and an asset group shows new indications of impairment, or if undiscounted future cash flows fall below the book value of fixed assets in asset groups, there may be impairment loss on fixed assets in the next fiscal year.

### 3. Revenue recognized over a certain period based on estimated progress toward satisfaction of performance obligations

(1) Amount recorded on the consolidated financial statements for the consolidated fiscal year under review

Revenue related to contracts not yet completed as of the end of the consolidated fiscal year under review (excluding projects for which all performance obligations have been fulfilled), among contracts for which revenue is recognized in accordance with performance obligations satisfied over a certain period of time, for certain transactions involving defense-related facilities related to early equipment adoption in the Explosive & Propulsion Segment: ¥11,767 million

(2) Information regarding contents of important accounting estimates concerning items identified

i. Method of calculation

For contracts for which revenue is recognized in accordance with performance obligations satisfied over a certain period of time, the Group reasonably estimates the total revenue, total costs, and the degree of progress as of the end of the consolidated fiscal year, and records revenue accordingly. The total costs, which form the basis for recording such revenue, are estimated as the expected costs for each contract, and are appropriately reviewed at the end of the consolidated fiscal year. The degree of progress is calculated based on the level of progress of each contract.

ii. Main assumptions

The main assumption is the estimate of total costs, which are calculated by objectively accumulating costs for each contract based on estimates obtained from external sources.

iii. Impact on consolidated financial statements for the next fiscal year

As the estimate of total costs may fluctuate depending on the economic environment, there is a possibility that the amount of revenue recognized based on the degree of progress in the consolidated financial statements may be affected.

## Additional Information

### Board Benefit Trust (BBT)

Based on the resolution at the 96th Annual General Meeting of Shareholders held on June 27, 2019, the Company introduced in the fiscal year ended March 31, 2020 a performance-linked stock compensation plan (the Board Benefit Trust (BBT)) for Directors (excluding Outside Directors) and Operating Officers with titles (hereinafter collectively referred to as the “Directors, etc.”) (hereinafter referred to as the “Plan”).

The purpose of the Plan is to further clarify the linkage between compensation of Directors, etc., financial results of the Company and the value of the Company’s shares, and have Directors, etc. share the risk of stock value fluctuation with the shareholders, thereby strengthening the awareness of Directors, etc. of their contribution to the medium- to long-term improvement in financial results and enhancement of corporate value.

#### (1) Overview of the transactions under the Plan

Under the Plan, the Company’s shares are acquired through a trust using funds contributed by the Company (hereinafter, such trust established pursuant to the Plan is referred to as the “Trust”), and the Company’s shares and cash equivalents of such shares at their market value (hereinafter collectively referred to as the “Company’s Shares, etc.”) are distributed through the Trust to the Directors, etc., pursuant to the Officer Stock Distribution Rules established by the Company. The Directors, etc. shall receive the Company’s Shares, etc. upon their retirement, in principle. Accounting treatment of the trust agreement hereunder is subjected to the “Practical Solution on Transactions of Delivering the Company’s Own Stock to Employees etc. through Trusts” (PITF No. 30, March 26, 2015).

#### (2) The Company’s shares remaining in the trust

The Company records the Company’s shares remaining in the Trust at their book value (excluding incidental costs) at the Trust, as treasury stock under net assets. At the end of the consolidated fiscal year ended March 31, 2026, such treasury stock stood at ¥129 million of book value and the number of such shares was 114,100.

## Notes regarding Financial Instruments

### 1. Matters regarding financial instruments

#### (1) Policy on financial instruments

The Group manages its funds through short-term deposits, while financing working capital and capital expenditure by internal funds or bank borrowings. Meanwhile, derivatives are not used for speculative trading, but for reducing risks.

#### (2) Types of financial instruments held and associated risks, and risk management system

Trade receivables such as trade notes, accounts receivable and electronically recorded obligations – operating are exposed to credit risk associated with customers. These risks are managed according to the Group’s internal rules for credit control, etc. Securities and investment securities are mainly held-to-maturity debt securities and shares of companies in business relationship with the Group, which are exposed to the risk of market price fluctuations. To mitigate such risk, the Group regularly confirms fair values or financial standing of issuers (business partners), and examines the shareholding status in consideration of the relationship with business partners on an ongoing basis. Regarding held-to-maturity debt securities, the Group invests solely in highly secure debt securities according to its fund management operation guidelines and therefore the credit risk is minimal.

Short-term bank loans and long-term debt are used mainly for financing capital expenditures and are exposed to the risk of interest rate fluctuations. To avoid such interest rate risks, fixed rate deals are primarily used for the long-term debt. Trade payables, which are exposed to liquidity risks, are managed under the Group’s financing plan.

Details of the Group’s hedge accounting are described in “(5) Other basis for preparation of consolidated financial statements,” in “4. Matters related to accounting policies,” under “Notes to Basis for Preparation of Consolidated Financial Statements.”

#### (3) Supplementary information on fair values of financial instruments

Fair values of financial instruments are calculated by taking into account variable factors, and are subject to fluctuations due to changes in underlying assumptions.

### 2. Fair value of financial instruments

The values recorded on the consolidated balance sheet as of March 31, 2026, their fair values, and the differences between them are as follows. Shares, etc. without a fair value are not included herein. (See Note). Also, the value of “Cash” is omitted. Furthermore, as “Time deposits,” “Notes and accounts receivable,” “Electronically recorded monetary claims - operating,” “Notes and accounts payable,” “Electronically recorded obligations - operating” and “Short-term bank loans” are settled in a short period of time and their fair values approximate their book values, their values are omitted.

These are not included in 1. Assets (1) Securities and investment securities.

(Note) Investments in investment limited partnership are not subject to disclosure of fair value in accordance with paragraph 24-16 of the Implementation Guidance on Accounting Standard for Fair Value Measurement (ASBJ Guidance No. 31)

### 3. Fair value information by level within the fair value hierarchy

The fair value of financial instruments is classified into the following three levels according to the observability and materiality of inputs used to measure fair value.

Level 1 fair value: Fair value measured using observable inputs, i.e. quoted prices in active markets for assets or liabilities that are the subject of the measurement.

Level 2 fair value: Fair value measured using observable inputs other than Level 1 inputs.

Level 3 fair value: Fair value measured using unobservable inputs.

If multiple inputs are used that are significant to the fair value measurement, the fair value measurement is categorized in its entirety in the level of the lowest level input that is significant to the entire measurement.

#### (1) Financial instruments measured at fair value

	Fair value (millions of yen)			
	Level 1	Level 2	Level 3	Total
Securities and investment securities				
Available-for-sale securities				
Shares	43,325	–	–	43,325
Total assets	43,325	–	–	43,325

#### (2) Financial instruments other than those measured at fair value

	Fair value (millions of yen)			
	Level 1	Level 2	Level 3	Total
Securities and investment securities				
Held-to-maturity debt securities				
Bonds	–	1,277	–	1,277
Total assets	–	1,277	–	1,277
Long-term debt (including current portion)	–	2,906	–	2,906
Total liabilities	–	2,906	–	2,906

Note: A description of the valuation technique(s) and inputs used in the fair value measurements

#### Securities and investment securities

Listed shares are valued using quoted prices. As listed shares are traded in active markets, their fair value is classified as Level 1. Meanwhile, as bonds held by the Company are not traded in markets frequently, and are not deemed to have quoted prices in active markets, the fair value is classified as Level 2.

#### Long-term debt

The fair value of these items is measured using the discounted cash flow method based on the sum of principal and interest, remaining maturities and an interest rate reflecting credit risk, and is classified as Level 2.

## Notes on Revenue Recognition

### 1. Disaggregation of revenue from contracts with customers

The Group's net sales are mainly revenue recognized from contracts with customers, and a breakdown of the Group's reportable segments disaggregated by region is as follows.

Breakdown by region

	Reportable segments				Others (Note 1)	Total
	Functional Chemicals	Pharmaceuticals, Medicals and Health	Explosive & Propulsion	Total		
Net sales						
Japan	100,397	23,868	61,514	185,780	490	186,271
Asia	33,433	3,489	128	37,051	117	37,168
Europe	6,821	10,358	32	17,212	–	17,212
Other regions	5,098	12,214	1	17,314	–	17,314
Net sales to external customers	145,751	49,931	61,675	257,358	608	257,967

Note 1. The "Others" segment is a business segment that is not included in the reportable segments, and consists of transportation, sale of real estate, and management operations.

Note 2. Revenue recognized from contracts with customers constitutes nearly all of net sales. Revenue recognized from other sources is not stated separately, as it is immaterial.

### 2. Basic information for understanding revenue from contracts with customers

The basic information for understanding revenue is as presented in "Notes to Basis for Preparation of Consolidated Financial Statements 4. Matters related to accounting policies (4) Standards for revenue and expense recognition."

### 3. Relationship between fulfillment of performance obligations based on contracts with customers and cash flows from the contracts, and the amount or revenue expected to be recognized in the next fiscal year onward and the period thereof in consideration of the remaining contracts with customers as of the end of the fiscal year under review

#### (1) Balances of contract assets and contract liabilities, etc.

The breakdown of receivables, contract assets, and contract liabilities from contracts with customers is as follows:

	(millions of yen)
	Consolidated fiscal year under review
Receivables from contracts with customers (beginning balance)	61,901
Receivables from contracts with customers (ending balance)	76,247
Contract assets (beginning balance)	897
Contract assets (ending balance)	2,260
Contract liabilities (beginning balance)	5,218
Contract liabilities (ending balance)	16,855

Note 1. Contract assets are related to consideration recognized based on the fulfillment of performance obligations in relation to the Functional Chemicals and Explosive & Propulsion Segments, and are included in "Notes and accounts receivable - trade, and contract assets" on the consolidated balance sheet.

Note 2. Contract liabilities are related to advances received from customers and are included in "Other current liabilities" under current liabilities on the consolidated balance sheet.

Note 3. Out of the revenue recognized in the consolidated fiscal year under review, the amount included in the beginning balance of contract liabilities is ¥3,532 million.

Note 4. In the consolidated fiscal year under review, the amount of revenue recognized from performance obligations that have been fulfilled (or partially fulfilled) in previous fiscal years is immaterial.

(2) Transaction price allocated to the remaining performance obligations

In the consolidated fiscal year under review, the transaction price allocated to the remaining performance obligations is ¥84,986 million. If contractual assumptions are met, this amount is expected to be recognized as revenue within approximately 4 years from the end of the consolidated fiscal year ended March 31, 2026.

The Group has applied the practical expedient to the notes on transaction prices allocated to the remaining performance obligations. Contracts with an original expected duration of one year or less and sales-based or usage-based royalty promised in exchange for a license of intellectual property are not included in the amount above. The total transaction price allocated to the remaining performance obligations and the time frame in which the Group expects to recognize revenue are as follows:

	(millions of yen)
	Consolidated fiscal year under review
Within one year	53,667
Over one year	31,318
Total	84,986

**Notes to Per Share Information**

Net assets per share 1,304.33 yen

Profit per share 176.34 yen

Note 1. The Company's shares held by the Board Benefit Trust (BBT) are included in treasury stock subject to exclusion.

Number of shares issued at the end of the fiscal year that were excluded for the purpose of calculating per share information 114,100

Average number of shares issued during the fiscal year that were excluded for the purpose of calculating per share information

114,715

**Notes to Significant Subsequent Event**

Purchase of treasury stock

The Company has resolved the following matters pertaining to the purchase of its treasury stock at its meeting of the Board of Directors held on May 11, 2026, pursuant to the provisions of Article 156 of the Companies Act, as applied by replacing terms pursuant to the provisions of Article 165, Paragraph 3 of said Act.

1. Reasons for purchase of treasury stock

The Company recognizes the stable return of profits to its shareholders as an important managerial issue.

For the dividend policy set forth in the Mid-Term Management Plan "NOF VISION 2030 Stage II" (fiscal year 2023 to fiscal year 2025) that was announced in May 2023, the Company has established a basic policy of maintaining a stable return of profits and set a target level for the total payout ratio of around 50% for the final fiscal year of the current Mid-Term Management Plan (fiscal year 2025).

In order to further return profits to shareholders with an awareness of improving capital efficiency, the Company has decided to purchase treasury stock.

In addition, under the Mid-Term Management Plan "NOF VISION 2030 Stage III" (fiscal year 2026 to fiscal year 2028), the Company will continue to work on stable returns of profits.

2. Details of the resolution of the Board of Directors regarding the purchase

(1) Class of shares purchased: Common shares of the Company

(2) Total number of shares purchased: 1,700,000 shares (maximum)

(3) Total purchase price of shares: 5,000,000,000 yen (maximum)

(4) Period of purchase: From May 12, 2026 through June 30, 2026

(5) Method of purchase: Open-market purchase on the Tokyo Stock Exchange

(Other Notes)

Amounts and values stated in these consolidated financial statements are rounded down to the unit of presentation.

## Notes to Non-Consolidated Financial Statements

### Notes to Matters related to Significant Accounting Policies

#### 1. Standards and methods of valuation of assets

##### (1) Standards and methods of valuation of securities

Shares of subsidiaries and affiliates

Cost method using the moving-average method

Held-to-maturity debt securities

Amortized cost method (straight-line method)

Other securities

Available-for-sale securities other than shares, etc. without market value

Market value method

(Net unrealized gains or losses on those securities are reported as a separate component of net assets and costs of securities sold are determined using the moving average method.)

Shares, etc. without market value

Cost method using the moving-average method

For investments in investment partnerships (which are deemed as securities under Article 2, Paragraph 2 of the Financial Instruments and Exchange Act), it is valued as the net value of equities based on the most recent financial statements available, prepared according to the financial reporting dates specified in the partnership agreements.

##### (2) Standards and methods of valuation of inventories

The cost method using the total-average method (Balance sheet amounts are written down subject to decline in profitability.)

#### 2. Method of depreciation and amortization of fixed assets

##### (1) Property, plant and equipment (excluding leased assets)

Straight-line method

##### (2) Intangible assets (excluding leased assets)

Straight-line method; For software (for in-house use), straight-line method over licensing period for internal use (five years)

##### (3) Leased assets

Leased assets used in finance lease transactions that do not transfer ownership to the lessee

Straight-line method, assuming the useful life as the lease period with residual value at nil

#### 3. Standards of providing allowances

##### (1) Allowance for doubtful accounts

To prepare for possible credit losses, estimated uncollectible amounts have been recorded based on actual collection losses for general receivables, while on individual assessment of collectability for certain receivables such as doubtful receivables.

##### (2) Accrued bonuses for employees

To prepare for the payment of employees' bonuses, the estimated amount of employees' bonuses attributable to the fiscal year ended March 31, 2026 has been recorded.

##### (3) Provision for retirement benefits

To prepare for retirement benefits of employees, the estimated amount of retirement benefit obligation and pension plan assets at the end of the fiscal year ended March 31, 2026 have been recorded.

As the estimated pension plan assets exceed the estimated retirement benefit obligation, the excess is recorded as prepaid pension cost.

Actuarial gain or loss is amortized from the fiscal year following the year in which the gain or loss is recognized by the straight-line method over certain period (10 years), within the average remaining service years of the employees.

In calculating the retirement benefit liability, the estimated amount of retirement benefits is attributed by benefit formula to the period up to the end of the fiscal year ended March 31, 2026.

(4) Accrued retirement benefits for officers

To prepare for the expenditure of retirement benefits for executive officers, etc., the amount to be paid at the end of the fiscal year ended March 31, 2026 has been recorded according to the internal rules.

4. Standards for revenue and expense recognition

Revenue from contracts with customers

Based on the following five-step approach, the Company recognizes revenue when a promised product or service is transferred to a customer and the customer gains control over said product or service.

Step 1: Identify the contract with the customer

Step 2: Identify the performance obligations in the contract

Step 3: Calculate the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the corporation fulfills the performance obligations

The Company's main business is the manufacturing and sale of products in the Functional Chemicals Segment, the Pharmaceuticals, Medicals and Health Segment and the Explosive & Propulsion Segment. With regard to the sale of these products, generally, at the time of delivery, it is deemed that the customer has gained control over the product and the performance obligation has been fulfilled. Accordingly, the Group recognizes revenue at the time of delivery, etc. of said product. For domestic sales, since the period from the time of shipment to the time when the control of the product is transferred to the customer is the normal period, the Group applies the handling of shipping standards, etc. stipulated in Paragraph 98 of the Implementation Guidance on Accounting Standard for Revenue Recognition, and recognizes revenue at the time of shipment. In addition, for certain transactions in the Explosive & Propulsion Segment, since the performance obligation is fulfilled over a certain period of time, the degree of progress is measured using a method that faithfully depicts the fulfillment of the obligations, and revenue is recognized over a certain period of time.

Revenue is calculated by deducting returns, discounts, and rebates, etc. from the consideration promised in the contract with the customer, within the range where there is a high possibility that there will be no significant reversal of funds into revenue. The promised consideration is collected mainly within one year from the time of the fulfillment of the performance obligation, and does not include significant financial factors.

For transactions involving the Company as an agent, the net amount of revenue is recognized.

5. Other basis for preparation of non-consolidated financial statements

Method of hedge accounting

Deferral hedge accounting is adopted. As for foreign currency-denominated monetary claims and obligations under forward foreign exchange contracts, allocation treatment is adopted when requirements for such treatment are met.

**Opinion**

Pursuant to Article 444, Paragraph 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of NOF CORPORATION (the "Company") for the fiscal year from April 1, 2025 through March 31, 2026.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of NOF CORPORATION, which consists of the Company and its consolidated subsidiaries, for the period covered by the consolidated financial statements in conformity with accounting principles generally accepted in Japan.

**Basis for the Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Consolidated Financial Statements." We are independent of the Company and its consolidated subsidiaries in accordance with the provisions related to professional ethics in Japan, including the provisions applicable to audits of financial statements of public interest entities (PIEs), and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

## Other Required Information

Other required information refers to the Business Report and the accompanying supplementary schedules. Management is responsible for the preparation and disclosure of other required information. In addition, the Audit and Supervisory Committee is responsible for monitoring the execution of duties by Directors in the development and operation of the reporting process for other required information.

As the scope of our audit opinions on the consolidated financial statements does not include other required information, we shall not express our opinion on other required information.

Our responsibility in auditing the consolidated financial statements is to read through other required information and through the process thereof, examine whether there are any material differences between other required information and the consolidated financial statements or the knowledge acquired in the course of our audit, and to pay attention to whether there are any signs of a material error in other required information, on top of the material differences.

Based on the operations we conduct, if we deem that there is a material error in other required information, we are required to report the fact.

There are no matters to report on regarding other required information.

## Responsibilities of Management and the Audit and Supervisory Committee for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with the premise of a going concern, and for disclosing matters relating to going concern when it is required to do so in accordance with accounting principles generally accepted in Japan.

The Audit and Supervisory Committee is responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

## Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the consolidated financial statements from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall

be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.

- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the consolidated financial statements on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the consolidated financial statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.
- Plan and perform an audit of the consolidated financial statements to obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries, which provides a basis for expressing an opinion on the consolidated financial statements. The auditor is responsible for directing, supervising and reviewing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The auditor reports to the Audit and Supervisory Committee regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to the Audit and Supervisory Committee regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures taken to eliminate obstacles or safeguards applied to reduce them to an acceptable level, if any.

#### Interest

Opinion

Pursuant to Article 436, Paragraph 2, Item 1 of the Companies Act, we have audited the accompanying financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the accompanying supplementary schedules of NOF CORPORATION (the "Company") for the 103rd fiscal year from April 1, 2025 through March 31, 2026.

In our opinion, the financial statements and the accompanying supplementary schedules referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules." We are independent of the Company in accordance with the provisions related to professional ethics in Japan, including the provisions applicable to audits of financial statements of public interest entities (PIEs), and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

## Other Required Information

Other required information refers to the Business Report and the accompanying supplementary schedules. Management is responsible for the preparation and disclosure of other required information. In addition, the Audit and Supervisory Committee is responsible for monitoring the execution of duties by Directors in the development and operation of the reporting process for other required information.

The Audit and Supervisory Committee is responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

## Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules

Our responsibility is to obtain reasonable assurance about whether the financial statements and the accompanying supplementary schedules as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the financial statements and the accompanying supplementary schedules from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the financial statements and the accompanying supplementary schedules.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the financial statements and the accompanying supplementary schedules is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the financial statements and the accompanying supplementary schedules on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the financial statements and the accompanying supplementary schedules in the audit report, or if the notes to the financial statements and the accompanying supplementary schedules pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the financial statements and the accompanying supplementary schedules. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the financial statements and the accompanying supplementary schedules are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the financial statements and the accompanying supplementary schedules including related notes, and whether the financial statements and the accompanying supplementary schedules fairly present the transactions and accounting events on which they are based.

The auditor reports to the Audit and Supervisory Committee regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to the Audit and Supervisory Committee regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures taken to eliminate obstacles or safeguards applied to reduce them to an acceptable level, if any.

## Audit and Supervisory Committee's Audit Report

### Audit Report

The Audit and Supervisory Committee audited the execution of duties of the Directors during the 103rd fiscal year from April 1, 2025 through March 31, 2026. The procedures and details of the audits are as follows.

#### 1. Procedures and details of the audits

Regarding matters listed in Article 399-13, Paragraph 1, Item 1 (b) and (c) of the Companies Act, in accordance with the audit policies and the division of duties for the fiscal year under review, while endeavoring to communicate with Directors, internal audit staff, and other employees, collecting information and maintaining and improving the audit environment, the Audit and Supervisory Committee conducted the audit based on the following procedures.

- 1) Each Audit and Supervisory Committee Member attended the Board of Directors' meeting and other important meetings to receive reports on the status of execution of their duties from Directors and employees, requested explanations as necessary, inspected the important approval documents, etc., and examined the status of operations and conditions of assets. In addition, each Audit and Supervisory Committee Member communicated and shared information with the Directors and Audit and Supervisory Committee Members of the subsidiaries and received their business reports as necessary.
- 2) With respect to details of the resolutions by the Board of Directors regarding the establishment of systems necessary to ensure that the execution of duties by Directors stated in the Business Report complies with laws and regulations and the Articles of Incorporation and other systems prescribed by Article 100, Paragraphs 1 and 2 of the Regulation for Enforcement of the Companies Act as systems necessary to ensure the properness of operations of the corporate group comprising the Company and its subsidiaries, as well as the system established based on such resolutions (hereinafter collectively, "Internal Control System"), each Audit and Supervisory Committee Member periodically received reports from Directors and employees on the development and operation of the Internal Control System, requested explanations as necessary, and expressed his or her opinions.
- 3) The Audit and Supervisory Committee Members monitored and verified that the Accounting Auditor maintains its independence and conducts the audits appropriately, as well as received reports on the status of the execution of duties from the Accounting Auditor, and requested explanations as necessary. In addition, we were informed by the Accounting Auditor that it had arranged the "System for Ensuring Properness in Execution of Duties" (matters stipulated in the items of Article 131 of the Regulation on Corporate Accounting) in accordance with "Standards for Quality Control of Audits" (Business Accounting Council), and requested explanations as necessary.
- 4) With regard to the status of implementation and details of the audits, the Standing Audit and Supervisory Committee Member reported to the Audit and Supervisory Committee as appropriate, communicated and exchanged information with other Audit and Supervisory Committee Members, and worked to form appropriate audit opinions.

Based on the procedures mentioned above, we reviewed the Business Report and the related supplementary schedules, the Non-consolidated Financial Statements, which comprise the Balance Sheet, Statement of Income, Statement of Changes in Net Assets, Notes to Non-consolidated Financial Statements, and the related supplementary schedules, as well as the Consolidated Financial Statements, which comprise the Consolidated Balance Sheet, Consolidated Statement of Income, Consolidated Statement of Changes in Net Assets, and Notes to Consolidated Financial Statements for the year ended March 31, 2026.

#### 2. Results of Audit

##### (1) Results of the audit of Business Report, etc.

We acknowledge that:
