Notice Regarding Capital Investment in Manufacturing Facilities for Low-Dielectric Resin Materials

DKS Co. Ltd. hereby announces that, at a meeting of its Board of Directors held on September 30, 2026, it resolved the details of a capital investment in manufacturing facilities for low-dielectric resin materials announced on July 29, 2026, as described below.

1. Background and Purpose

In recent years, driven by the expansion of the data center and high-speed communications infrastructure markets, demand for low-dielectric resin materials has continued to grow steadily. To capture these growth opportunities and meet increasing market demand and customer needs, the Company will make a capital investment to expand its production capacity.

2. Overview

Under this investment plan, new production plants will be constructed at the Kasumi Area of the Company's Yokkaichi Plant in Japan and at PT DAI-ICHI KIMIA RAYA, its consolidated subsidiary in Indonesia. The total investment amount is approximately ¥10 billion, and operations are scheduled to commence in the fiscal year ending March 2029 or later. By expanding and enhancing its production structure both domestically and overseas, the Company aims not only to ensure a stable supply to customers but also to further strengthen its supply capabilities from a Business Continuity Plan (BCP) perspective.

DKS Co. Ltd. Yokkaichi Plant, Kasumi Area
Location: 1-23-5 Kasumi, Yokkaichi, Mie, Japan
Construction Start: January 2027 (planned)
Start of Operations: October 2028 (planned)

PT DAI-ICHI KIMIA RAYA
Location: Karawang, Indonesia
Construction Start: November 2026 (planned)
Start of Operations: April 2028 (planned)
