Selected as Supplier Engagement Leader, CDP's Highest Rating in the Supplier Engagement Assessment

Tokyo, Japan, July 11, 2025 --- H.U. Group Holdings, Inc. today announced that it has been selected to be a “Supplier Engagement Leader,” the highest rating in CDP’s Supplier Engagement Assessment program, for the second time, following the SEA in 2022. CDP* is an international non-profit organization that encourages companies and local governments to disclose environmental information.

The Supplier Engagement Assessment evaluates how effectively companies collaborate with suppliers regarding climate change issues. The CDP assesses the supplier engagement efforts of the companies that respond to the CDP climate change questionnaire based on their responses to particularly relevant questions related to governance, targets, scope 3 emissions and supplier engagement. The companies with the highest rating are selected to be a “Supplier Engagement Leaders”.

The Group has been committed to the reduction of greenhouse gas emissions throughout its entire supply chain and the Company has received an A- rating, which is the leadership level, in the CDP Climate Change Report 2024. This is the fourth consecutive year it has achieved this. On top of this, it has been selected to be a Supplier Engagement Leader.

The Group has set forth its Mission, “Create new value in healthcare and thereby contribute to human health and the future of medical care,” and it has been working to solve social issues through its core businesses. The Group will strive to build even better relationships with a wide range of stakeholders, aim to further enhance its corporate value,

while also contributing to realize a sustainable society.
