2. Purpose and reasons for disposal

At the Board of Directors meeting held on May 8, 2018, the Company resolved to introduce a restricted stock compensation plan (the “Plan”) for its directors (excluding outside directors) and executive officers who do not concurrently serve as directors, with the aim of providing medium- to long-term incentives and promoting the sharing of value with shareholders. The Plan was subsequently approved at the 121st Ordinary General Meeting of Shareholders held on June 21, 2018, including the maximum amount of remuneration and the transfer restriction period.

Thereafter, at the 128th Ordinary General Meeting of Shareholders held on June 25, 2025 and the 129th Ordinary General Meeting of Shareholders held on June 24, 2026, the Company obtained approval for amendments to the Plan, primarily as described below, with the aim of further enhancing the motivation of persons eligible for the Plan (the “Eligible Persons”) to contribute to the sustainable enhancement of the Company’s corporate value and to realize shared value with shareholders over the longest possible period:

- Continuous service with the Company for a prescribed period shall be the sole condition for the lifting of transfer restrictions.
- The transfer restriction period for restricted stock shall be 30 years.
- The scope of Eligible Persons has been expanded to include Outside Directors.
- The aggregate annual amount of the Company’s common stock or monetary claims granted to Directors for the allotment of restricted stock shall not exceed ¥300 million per year (including up to ¥30 million for Outside Directors).

The outline of this plan is as follows.

【Outline of the Plan】

This plan is a system under which the Company issues or disposes of shares of common stock of the Company without requiring payment of money or delivery of assets contributed in kind as compensation for the Eligible Persons, or by paying monetary compensation claims as compensation to the Eligible Persons, and then delivering all of the said monetary compensation claims as assets contributed in kind to the Eligible Persons, for the issuance or disposal of shares of common stock of the Company.

In relation to such issuance or disposal, the Company will enter into a restricted stock allocation agreement with the Eligible Persons and the contents are:

- i) Eligible Persons will be prohibited for a certain period of time from transferring to a third party, creating security interests in, or otherwise disposing of the Company's common shares allocated to them under the restricted stock allocation agreement.
- ii) This will include the Company acquiring the common shares free of charge if certain events occur.

In addition, if the allotment to the Eligible Persons is made free of charge, the Eligible Persons will not be required to pay in monetary claims as in-kind contributions in exchange for the Company's common shares when they are issued or disposed of.

The amount of the Company's common shares per share will be determined by the Board of Directors within the scope of an amount that is not particularly advantageous to the Eligible Persons who subscribe for the common shares, based on the closing price of the Company's common shares on the Tokyo Stock Exchange on the business day immediately preceding the date of each Board of Directors resolution.

In addition, if the allocation to the Eligible Persons is made by in-kind contribution, the Eligible Persons will pay in all of the monetary claims provided by the Company under the plan as in-kind contributions and will receive the issuance or disposal of the Company's common stock. The payment amount per share will be determined by the Board of Directors within the scope of an amount that is not particularly advantageous to the Eligible Persons who subscribe for the common stock based on the closing price of the Company's common stock on the Tokyo Stock Exchange on the business day preceding the date of each Board of Directors' resolution.

Having considered the objectives of the Plan, the Company's business performance, the scope of responsibilities of each Eligible Person and various other circumstances, and with the aim of further increasing the motivation of each Eligible Person, it has been resolved to grant each of the 14 Eligible Persons total of 41,500 shares (as a total of 140,477,500 yen in monetary compensation claims) of the Company's common stock as compensation for the performance of their duties. The outline of the restricted stock allocation agreement (hereinafter referred to as the "Allocation Agreement") to be concluded between the Company and the Eligible Persons in connection with this Disposal of Treasury Stock is as set forth in 3. below.

3. Outline of the Allocation Agreement

(1) Transfer Restriction Period

July 31, 2026 to July 30, 2056

(2) Conditions for lifting the transfer restriction

The transfer restrictions on all of the Allocated Shares will be lifted at the expiration of the transfer restriction period, provided that the Eligible Persons have continuously held the position of either a Director, Managing Executive Officer not concurrently serving as a Director, or an Executive Officer not concurrently serving as a Director of the Company during the period from the date on which they begin performing their duties until immediately before the conclusion of the first Ordinary General Meeting of Shareholders thereafter.

(3) Treatment in the event that the Eligible Persons resign during the transfer restriction period due to the expiration of their term of office or other legitimate reasons

① Timing of lifting transfer restrictions

If the Eligible Persons resign from their positions as Directors, Managing Executive Officers not concurrently serving as Directors, or Executive Officers not concurrently serving as Directors of the Company due to the expiration of their term of office or other legitimate reasons (including retirement due to death), the transfer restrictions will be lifted immediately after the retirement of the Eligible Persons.

② Number of shares subject to lifting transfer restrictions

The number of Allotted Shares held at the time of retirement specified in ① shall be multiplied by the number of months from the month in which the Allotment Resolution Date falls to the month in which the Eligible Persons retire, divided by 12, the number of months for the Service Period.

(4) Acquisition by the Company Free of Charge

At the expiration of the transfer restriction period or the time of the lifting of the transfer restrictions set out in (3) above, the Company will automatically acquire free of charge any Allotted Shares on which the transfer restrictions are not lifted.

(5) Treatment in the event of organizational restructuring, etc.

If, during the transfer restriction period, a merger agreement in which the Company will be the disappearing company, a share exchange agreement or share transfer plan in which the Company will become a wholly owned subsidiary, or other matters related to organizational restructuring, etc. are approved at the Company's General Meeting of Shareholders, the Board of Directors will, by resolution, lift the transfer restrictions on the number of Allocated Shares held at that time multiplied by the number of months from the month in which the allocation resolution date falls to the month in which the approval date falls divided by 12, the number of months related to the service period, immediately before the business day preceding the effective date of the organizational restructuring, etc.

In addition, immediately after the transfer restriction is lifted, the Company will automatically acquire all Allocated Shares for which the transfer restriction has not been lifted free of charge.

(6) Management of Shares

The Allocated Shares will be managed in a dedicated account opened by the Eligible Persons at Nomura Securities Co., Ltd. during the transfer restriction period so that they cannot be transferred, security interests can be established or otherwise disposed of during the transfer restriction period.

In order to ensure the effectiveness of the transfer restrictions and other matters relating to the Allocated Shares, the Company has entered into an agreement with Nomura Securities Co., Ltd. regarding the management of the accounts of the Allocated Shares held by each Eligible Person.

In addition, the Eligible Persons shall consent to the content of the management of such accounts.

4. Basis for calculation of payment amount and its specific details

The disposal of treasury stock to the intended allottee will be carried out using the monetary claims paid as restricted stock compensation for the Company's 130th fiscal year under the plan as contributed assets.

The disposal price has been set at 3,385 yen, which is the closing price of the Company's common stock on the Tokyo Stock Exchange Prime Market on July 2, 2026, in order to eliminate arbitrariness.

This is the market price immediately prior to the date of the Board of Directors' resolution and is considered to be reasonable and not particularly favorable.
