Notice Regarding Approval of Change of Market Segment to the Standard Market and Withdrawal of the Plan to Meet the Continued Listing Criteria for the Prime Market

Scala, Inc. (the "Company") hereby announces that it has today received approval from the Tokyo Stock Exchange ("TSE") to change its market segment to the Standard Market. Consequently, as of April 1, 2026, the market segment of the Company's shares on the TSE will change from the Prime Market to the Standard Market.

Following this approval for the change of market segment, the Company will, as of today, withdraw the "Notice Regarding Plan to Meet the Continued Listing Criteria (Entering Improvement Period)" disclosed on September 25, 2025.

1. Reason for Change to the Standard Market

The Company completed structural reforms implemented over two terms, beginning in the fiscal year ending June 30, 2024. As a result, its management structure has shifted significantly toward securing profitable operations. Additionally, the Company has formulated the "Medium-term Management Plan 2026-2028" and is currently striving to improve capital profitability and further strengthen its financial structure.

Based on a comprehensive assessment of the Company's current business scale, the surrounding market environment, its growth phase, and alignment with its future management strategies, the Company has determined that the Standard Market is the most appropriate listing segment. By concentrating management resources on strengthening the competitiveness of our core businesses and investing in growth, the Company will achieve further profit growth while emphasizing profitability and efficiency.

The Group's basic policy of aiming for sustainable growth and enhancing corporate value over the medium to long term remains unchanged, as does our commitment to cost-conscious management and shareholder value. The Company will continue its efforts to enhance corporate value to meet the expectations of all stakeholders, including our shareholders.

2. Withdrawal of the Plan to Meet the Continued Listing Criteria for the Prime Market

On September 25, 2025, the Company submitted a plan to meet the continued listing criteria for the Prime Market, implementing various initiatives to this end. However, the Company is withdrawing the plan with immediate effect.

3. Scheduled Date of Change of Market Segment to the Standard Market

The scheduled date for the change of market segment to the Standard Market is April 1, 2026.
