The amount of contribution per share shall be approved by the Board of Directors based on the closing price of the Company's common stock on the Tokyo Stock Exchange on the business day immediately preceding the date of the resolution of the Board of Directors (or the closing price on the trading day immediately prior thereto if there is no trading on the relevant business day) to the extent that such amount shall not be particularly advantageous for Eligible Directors and Officers.

(b) Number of shares subject to release of transfer restrictions

The number of shares subject to release of transfer restrictions shall be calculated by multiplying the number of Allotted Shares held by Eligible Directors and Officers at the time of their resignation or retirement as specified in (a) above by the number obtained by dividing the period of service (in months) for the Service Period by divided by 12, rounding down values less than 1 (if the number of months from the month that includes the Disposal Date to the month that includes the date of approval divided by 12 is larger than 1, it shall be taken as 1).
