The Opening of “KeePer LABO Kobe Okaba”

KeePer Technical Laboratory Co., Ltd. (Head Office: Obu City, Aichi / President and Co-COO: Toshiyuki Kaku) will open a new KeePer LABO Kobe Okabe Store in Kita-ku, Kobe City, Hyogo on Wednesday, June 19, 2024.

Store Name	KeePer LABO Kobe Okaba	Opening Date	June 19, 2024
Location	1-9-16 Arino Nakamachi, Kita-ku, Kobe City, Hyogo	Site area	341.20㎡
		Store area	204.72㎡
Hours of operation	9:00-20:00	Construction site	Former Osaka Training Center
Concept	<p>The Kobe Okaba branch, formerly known as the old KeePer LABO Kita Kobe branch, which had been utilized as the Osaka Training Center (expanded and relocated to Tamatsu, Nishi-ku, Kobe City as KeePer LABO Kobe Tamatsu branch from May 2024, serving as the Kansai Training Center), has been renovated to the latest KeePer LABO specifications after 14 years and reopened as a store. With a population of approximately 204,000 in Kobe's Kita Ward, it presents a significant market opportunity, including for customers who previously patronized the Kita Kobe branch. This marks our 118th directly operated store and the 6th in Hyogo Prefecture.</p> <p>The store utilizes the existing building while making full use of tent structures for cost-effective and short construction periods, resulting in 4 coating booths and space for washing 4 vehicles simultaneously. Additionally, the layout minimizes staff vehicle movement for enhanced safety and reduced labor, with 6 counter seats available in the guest room for customers to observe the process while they wait.</p>
