The Opening of “KeePer LABO Aomori”

KeePer Technical Laboratory Co., Ltd. (Head Office: Obu City, Aichi / President and Co-COO: Toshiyuki Kaku) announces the opening of KeePer LABO Aomori, a franchise store operated by Kouzen Syoukai Co., Ltd. (Head Office: Hirosaki City, Aomori / CEO: Izumi Sakano), on July 4, 2025 (Friday).

Store Name	KeePer LABO Aomori	Opening Date	July 4, 2025
Location	2-11-1 Higashiono, Aomori City, Aomori	Site area	1007.66㎡
Hours of operation	9:00-20:00	Store area	480.60㎡
Management Structure	Kouzen Syoukai Co., Ltd. (FC Store)	Construction site	Former site of vehicle inspection and maintenance factory
Concept	<p>The Aomori Store is located in an area with a population of approximately 257,000 and many well-known local commercial facilities, so high and rapid brand recognition is expected. For Kouzen Syoukai Co., Ltd., this is the second store following the Hirosaki Store, and the 158th store overall as a KeePer LABO.</p> <p>The store was renovated from a former maintenance factory, and considering the snowy region, it is an all-weather facility where all work can be performed indoors. It has 11 workspaces. A lift has also been installed, enabling the application of “Undercoating,” which is in high demand in snowy areas to coat the underside of vehicles.</p> <p>In addition to a guest room with counter seating where customers can watch the work being done, the store is located near major facilities such as a large supermarket, Don Quijote, K’s Denki, and TSUTAYA, allowing customers to make effective use of their waiting time.</p>
