The Opening of "KeePer LABO Takasaki"

KeePer Technical Laboratory Co., Ltd. (Head Office: Obu City, Aichi / Chairman and CEO: Yoshimichi Tani) will open a new KeePer LABO Takasaki Store in Takasaki City, Gunma, on Wednesday, January 28, 2026.

Store Name	KeePer LABO Takasaki	Opening Date	January 28, 2026
Location	165-1 Shimonoshirocho, Takasaki City, Gunma	Site area	1349.89m ²
Hours of operation	9:00-20:00	Store area	656.00m ²
Management Structure	Directly managed store	Construction site	Former clothing store site
Concept	<p>The Takasaki Store is located in Gunma Prefecture's largest population center (approximately 365,000 residents), providing access to a substantial market. The store faces a major arterial road that connects National Route 354 and National Route 17, both of which run through the area around Takasaki Station, enabling rapid and strong brand recognition. Following the Maebashi and Isesaki Stores, this will be the third KeePer LABO location in Gunma Prefecture. The store has been renovated and expanded from a former casual apparel shop and is designed as an all-weather facility where all services are performed indoors. With the capacity to service up to 12 vehicles simultaneously, it is one of the largest KeePer LABO stores to date.</p> <p>In addition, the store is fully equipped with a dedicated TREX booth required for TREX KeePer treatments, facilities for undercoating services, and a separate space capable of accommodating camper vans, making it a full-specification location.</p>
