Concept

The Shunan Store is located along a busy local road in Kudamatsu City and operates alongside Yamaguchi Toyopet Shunan dealership. While Kudamatsu has a population of about 55,000, the broader Shunan area—including Shunan and Hikari cities—has around 230,000 people, offering a strong market.

This is the first store in Yamaguchi Prefecture and the 169th KeePer LABO location. The newly built facility includes 5 coating booths and 6 washing/finishing spaces, with room for future expansion. Customers can relax in a guest room with counter seating or use the neighboring dealership’s showroom. Nearby shops and restaurants also make waiting time convenient and comfortable.
