(Head Office: Chuo-ku, Tokyo / President: Ichiro Hirano).

Store Concept	The Tomakomai Store is centrally located in Tomakomai City and enjoys a prominent presence along National Route 36. It is the 8th KeePer LABO store in Hokkaido and the 189th KeePer LABO store nationwide. The store was newly constructed on the former site of a gas station. Taking into consideration the heavy snowfall in Hokkaido, it is an all-weather facility where all services, which are highly valued by customers, can be performed indoors. The large-scale store has capacity for simultaneous work on 12 vehicles. The guest room is equipped with counter seating that allows customers to view all ongoing work. In addition, we plan to provide rental bicycles for customers who wish to travel to the nearby Aeon Mall and Don Quijote.
