Notice of Large Order Received

Seibu Giken Co., Ltd. ("Sebu Giken") is pleased to announce that our consolidated subsidiary, Seibu Giken (Changshu) Co., Ltd. ("SGC"), has received a large order for a lithium-ion battery manufacturing plant for electric vehicles (EV), as follows:

1. Background of the Orders

SGC is engaged in the business mainly in China for the production and sales of equipment and devices essential for the production process of lithium-ion batteries for EV. SGC has received a new order due to their proven track record.

2. Order Details

Overseas order

Customer	Leading Indian automotive battery manufacturer
Amount of order received	Approx. JPY 1.06 bn
Details of order received	Solvent recovery equipment for leading Indian automotive battery manufacturer (new Indian plant)
Expected delivery	From Q4 2025 to Q1 2026

Please note that we are unable to disclose the customer's name, site name, the number of units sold, and other specific details of the new order recipients and end-users from the viewpoint of protecting trade secrets to the recipients and end-users. In addition, there are no capital, personal, or business relationships that should be disclosed between Seibu Giken and the order recipients. In addition, neither of them is our related parties.

3. SGC's Profile

Trade Name	Seibu Giken (Changshu) Co., Ltd.
Representative	Fumio Kuma
Address	China
Date of Establishment	January, 2007
Main Business	Mainly manufacturing and sales of VOC concentrator in China
Capital	139,176,640 CNY
Shareholder Composition and Ownership Ratio	Seibu Giken's 100% consolidated subsidiary

4. Impact on Financial Results

Sales of the above order is expected to be recorded in Seibu Giken's consolidated net sales for the fiscal year ending December 31, 2025 ("FY12/25") and in the one for the fiscal year ending December 31, 2026. The sales from this order for the FY12/25 has been included in the consolidated forecast for the FY12/25 announced on February 14, 2025.

Appendix

1. About Seibu Giken

With our Purpose "Provide green air solutions for every environment," Seibu Giken develops, manufactures the desiccant dehumidifiers and VOC concentrators, etc., sells these products in more than 50 countries worldwide and provides services including installation and maintenance.

2. About the Solvent Recovery Equipment

It is a device that adsorbs organic solvents inside the honeycomb, cools and condenses them, and recovers them as a liquid. Our unique circulation system allows for greater energy savings than conventional collection methods. In recent years, it has been attracting attention for its use in recovering organic solvents used in the electrode manufacturing process of lithium-ion batteries and adopted as a device capable of reducing environmental impact.
