Notice Concerning Completion of the Transfer of the European Automotive Business

JTEKT Corporation (hereinafter referred to as the “Company”) has been proceeding with required procedures to complete the transfer of its automotive business for European OEMs, including all shares of its seven consolidated subsidiaries engaged in the manufacture and sale of automotive components (hereinafter referred to as the “Transaction”) by the end of August 2026, pursuant to the definitive agreement disclosed in the Company’s release titled “Notice Concerning Signing of Definitive Agreement on the Transfer of the European Automotive Business” dated May 27, 2026.

We hereby announce that the closing of the Transaction was completed on July 31, 2026 (local time).

As the Transaction was completed earlier than originally anticipated, the Company expects an upward impact on profit in Europe relative to the consolidated earnings forecasts for the current fiscal year released on April 28, 2026. However, given the existence of uncertain factors, including market conditions, the Company has not revised its earnings forecasts for the current fiscal year.
