Notice Regarding Results of Share Buyback through Off-Auction Own Share Repurchase Trading (ToSTNeT-3)

i-mobile Co., Ltd. (the “Company”) hereby announces that, as outlined in its notice dated June 11, 2025, it has conducted a share buyback as detailed below.

1. Reason for Share Buyback

The Company has decided to acquire and cancel its own shares with the aim of further enhancing capital efficiency and increasing shareholder value, while preserving an appropriate level of shareholder equity necessary to sustain its business foundation and achieve sustainable growth.

This initiative is part of the Company’s capital policy to achieve sustainable growth and reflects its proactive and agile approach to shareholder returns. By improving capital efficiency indicators such as return on equity (ROE), the Company aims to send a clear message to the market regarding its commitment to shareholder returns, and to enhance corporate value, ultimately leading to an elevated trading range of our share price.

Additionally, in order to mitigate the potential impact of the share buyback, including the resulting increase in the ownership ratios of our two shareholders and a decrease in the liquidity of our shares, the Company consulted with both individuals regarding the sale of a portion of their holdings in proportion to their ownership ratios. Upon receiving their consent to sell part of their shares through an off-auction own share repurchase trading (ToSTNeT-3), the Company proceeded with the buyback using this method in addition to market purchases.
