## **Notice of Obtaining a Permit to Increase the Capacity of Stable landfill site (Hamanako Clean Center)**

Regarding the planned increase in the landfill capacity of Stable landfill site (Hamanako Clean Center) announced in the "Notice Concerning Application for Change Permit of Existing landfill sites" dated September 16, 2021, MIDAC Co., Ltd., a consolidated subsidiary, rewritten an industrial waste treatment business license on July 3, 2025. The following is the announcement.

### **1. Overview**

Our group is working to further strengthen the final treatment business, and as part of this effort, we have applied for a change permit (increase in landfill capacity) for the existing landfill sites held by MIDAC Co., Ltd., our consolidated subsidiary.

Under these circumstances, as announced on April 17, 2025, in the "Notice of Obtaining a Permit to Increase the Capacity of Controlled landfill site (Enshu Clean Center)," Controlled landfill site Enshu Clean Center has already completed construction work related to the increase in the capacity. As a result, the Company is also proceeding with the landfill of waste with respect to the increase in landfill capacity.

In Stable landfill site Hamanako Clean Center, construction related to the increase in the capacity was completed, and the Company received an industrial waste treatment business license from Hamamatsu City, which was rewritten with the increase in the landfill capacity. Hamanako Clean Center will also proceed with the landfill of waste with respect to the increase in landfill capacity.

Our group is steadily expanding the volume of landfill sites accepted, and we will respond to the strong landfill demand expected in the future by increasing the landfill capacity, while further strengthening the competitiveness of this business and our medium-to long-term earnings base.

## 2. Overview of Increase

Business Office Name	Landfill capacity		Start of operation
	Before increase	After increase	
Hamanako Clean Center	424,762 m <sup>3</sup>	843,977 m <sup>3</sup>	June in 2025*
(Reference) Enshu Clean Center	447,297 m <sup>3</sup>	499,025 m <sup>3</sup>	April in 2025

\*Hamanako Clean Center has been started operation upon receipt of the notice of confirmation of inspection prior to use dated June 30, 2025.

## 3.Impact on operating performance for the fiscal year under review

The impact of this matter on consolidated results for the fiscal year under review is already reflected in the forecast for the fiscal year ending March 2026.
