

## **Notice Concerning Change of Corporate Name of a Consolidated Subsidiary**

- TOKYO, Japan, March 26, 2026 -

Epson Sales Japan Corporation (“the Company”), a consolidated subsidiary of Seiko Epson Corporation (TSE: 6724, "Epson"), resolved at today’s meeting of its board of directors to change its corporate name. Details regarding this decision are provided below. Please note that, pursuant to Article 319, paragraph 1 of the Companies Act of Japan, the corporate name change is deemed to have been approved by resolution of an extraordinary general meeting of shareholders of the Company as of the same date.

### 1. Profile of the Company

Current corporate name	Epson Sales Japan Corporation
Head office	4-1-6, Shinjuku, Shinjuku-ku, Tokyo
Representative	Haruo Kuribayashi, President and Representative Director
Main business operations	Sales of information-related products
Share capital	4 billion yen

### 2. New company name

Epson Japan Corporation

### 3. Reason for the name change

The Company’s business has revolved primarily around sales of Epson finished products in the Japanese market. However, considering the changing business environment and diversification of customer needs, the Company is undergoing a transformation, moving beyond just providing products to a model in which it works alongside customers at their sites to jointly address their challenges. On March 13<sup>th</sup>, Seiko Epson announced its ENGINEERED FUTURE 2035, its long-term corporate vision, and Phase 1 of its Mid-Term Business Plan. To help achieve these, the Company will further accelerate its ongoing initiatives and change the corporate name to clearly position ourselves it as a solutions company that creates and provides solutions to address customer challenges.

#### 4. Scheduled date of change

October 1, 2026

#### **About Epson**

Epson is a technology innovation and engineering company whose philosophy of efficient, compact, and precise innovation enriches lives and helps create a better world. The company uses technology and engineering ability to implement real-world solutions in precision innovation, industrial & robotics, office & home printing, and visual & lifestyle.

Led by the Japan-based Seiko Epson Corporation, the worldwide Epson Group generates annual sales of more than JPY 1.3 trillion.
