Press Release

Strategic partnership agreement with ShadowDragon, a global leader in OSINT solutions

SUNCORPORATION (Nagoya, Aichi, Japan, President and CEO: Ryusuke Utsumi, TSE Standard: 6736, hereinafter "SUNCORPORATION"), and ShadowDragon, LLC, ("ShadowDragon"), a global leader in Open Source Intelligence (OSINT) solutions.

With the conclusion of this partnership agreement, SUNCORPORATION will be the sole distributor of ShadowDragon's cutting-edge OSINT solutions in Japan, and will promote sales, implementation, and support of these solutions.

ShadowDragon delivers clarity in digital investigations by transforming complex, high-volume online data into actionable intelligence. Through powerful OSINT tools, the platform enables investigators to rapidly uncover connections, assess threats and assist in the identification and investigation of malicious actors or a person of interest —without needing specialized technical expertise. Whether for threat attribution, brand protection, fraud detection, or due diligence, ShadowDragon empowers organizations to act with speed, precision, and confidence. Its advanced technology and proven track record are highly regarded by law enforcement, government agencies, financial institutions, and private companies around the world, and it is also expected to play a role in the areas of special fraud response and economic security, which have rapidly increased in importance in recent years.

ShadowDragon's suite of tools—including SocialNet™, Monitor™, and the flagship platform Horizon™—helps security teams, law enforcement, and corporate investigators generate decision-grade intelligence with rapid insights and reliable outcomes. Its latest innovation, Horizon Identity™, enables users to build high-fidelity profiles in seconds by correlating fragmented online identities across hundreds of data sources.

【About ShadowDragon】

Head Office: Hoover, Alabama, U.S.A.

Year Established: 2015

Corporate Name: ShadowDragon, LLC

Website: <https://shadowdragon.io/>
