Notice of Expected Recording of Net Sales Associated with the Sale of Operational Investment Securities

Prored Partners Co., Ltd. ("the Company") announces that the Company expects to record net sales as shown below for the fourth quarter of the fiscal year ending October 31, 2025 (August 1, 2025 to October 31, 2025).

1. Recording of net sales

The Company expects to record consolidated net sales of 2,792 million yen as a result of the partial sale of operational investment securities held by a limited partnership to which the Company has contributed capital.

2. Future outlook

The Company expects to record the proceeds from the above sale of operational investment securities as net sales in the fourth quarter of the current consolidated fiscal year.

The net sales include amounts relating to the interests of other LP investors who have contributed capital to the limited partnership, and such amounts will be deducted as profit attributable to non-controlling interests. The Company is therefore currently carefully considering the impact on full-year consolidated financial results for the fiscal year ending October 31, 2025 and other factors, and will make a separate announcement if a revision to the forecast is necessary.
