Notice of partner sponsorship for “Investing in Aviation: Japan” hosted by Ishka Airfinance

Japan Investment Adviser Co., Ltd. (hereinafter referred to as “JIA”) hereby announces that JP Lease Products & Services Co., Ltd. (hereinafter referred to as “JLPS”) of the JIA Group will sponsor “Investing in Aviation: Japan,” which is hosted by Ishka Airfinance and scheduled to be held at Grand Hyatt Tokyo on September 9 and 10, 2026, as a partner sponsor.

“Investing in Aviation: Japan” is hosted by Ishka Airfinance, which is a global intelligence company in the aviation finance field, and one of important international conferences attended by leading Japanese investors in aviation and those who lead the global aviation finance sector. At this conference, JLPS members will give the following lectures and participate in the panel discussion, to describe the latest trend in the aircraft finance field.

- ◆ Sep. 9; 17:15-18:15; Investor Forum Lecture
Theme: “Residual Value Risk”
Haruyasu Fukuda, Associate Executive Director, Aircraft Finance Department, Business Development Div., JLPS
- ◆ Sep. 10; 12:45-13:45; Lecture
Theme: “Building a Career in the Aviation Industry”
Takahiro Matsumoto, Associate Executive Director, Aircraft Finance Department, Business Development Div., JLPS
- ◆ Sep. 10; 14:40-15:10; Panel Discussion
Theme: “From Origination to Execution: How JOL Arrangers Are Shaping the Next Phase of the Market”
Takahiro Matsumoto, Associate Executive Director, Aircraft Finance Department, Business Development Div., JLPS

In addition, the website for briefly describing “Investing in Aviation: Japan” includes an interview video, in which Teiji Ishikawa, President and CEO of JLPS, talked about the attractive points of the aircraft lease industry where they conduct business with airline companies around the world.

By sponsoring “Investing in Aviation: Japan,” the JIA Group will establish a wide-ranging close network and aim to improve its brand competitiveness further in the aviation industry, in order to increase opportunities to create operating lease deals in the global aircraft market.
