Notice Concerning Revision to Interim Dividend Forecasts (Commemorative Dividend for 5th Anniversary of 16FG) for the Fiscal Year Ending March 31, 2027

Juroku Financial Group, Inc. (hereinafter “16FG”) hereby announces that considering that 16FG will celebrate the 5th anniversary, it resolved at the Board of Directors meeting held on September 18, 2026 to revise its forecast for the interim dividend of surplus with a record date of September 30, 2026 as shown below. The interim dividend will increase from that for the corresponding period of the previous fiscal year. The Board of Directors plans to make a formal decision on the interim dividend at a meeting to be held in November of this year.

1. Details of the revision to dividend forecasts

(Yen)

	Annual dividend per share		
	Second quarter-end	Fiscal year-end	Total
Previous forecasts (announced on July 22, 2026)	25.00	28.00	53.00
Revised forecasts	<u>30.00</u> (Ordinary dividend: 25.00) (Commemorative dividend: 5.00)	28.00 (Ordinary dividend: 28.00)	<u>58.00</u> (Ordinary dividend: 53.00) (Commemorative dividend: 5.00)
Actual results for the current fiscal year	—	—	—
Actual results for the previous fiscal year (Fiscal year ended March 31, 2026)	100.00	140.00	240.00

* 16FG conducted a 5-for-1 share split of its common stock effective April 1, 2026. The actual results for the previous fiscal year (the fiscal year ended March 31, 2026) represent the amounts per share before the share split.

If 16FG had conducted the share split effective April 1, 2025, the actual dividend per share for the previous fiscal year (the fiscal year ended March 31, 2026) would have been ¥20.00 for the second quarter-end and ¥28.00 for the fiscal year-end, making the annual dividend ¥48.00 per share.

2. Reason for revision to dividend forecasts

Considering that it will celebrate the 5th anniversary on October 1, 2026, 16FG has revised its interim dividend forecast for the fiscal year ending March 31, 2027 and decided to increase the interim dividend forecast to ¥30.00 per share by adding a commemorative dividend of ¥5.00 to the most recently forecast ordinary dividend of ¥25.00 per share.

In addition, the year-end dividend forecast remains unchanged from the most recent forecast. As a result, the forecast for annual dividend per share is expected to be ¥58.00, representing an increase of ¥5.00 per share (including the commemorative dividend of ¥5.00).

(Reference) Trend of shareholder returns

(dividend per share and dividend payout ratio on the assumption that the share split would have taken place effective April 1, 2019)

*The figures for interim dividends for 2022/3 and dividends for the periods before that are the amounts of dividends paid by Juroku Bank before the establishment of 16FG.
