Proposal 4: Determination of the Amount and Other Details of Performance-Linked Stock-based Remuneration for Directors, etc.

1. Reasons for the proposal and reasons why such remuneration has been deemed appropriate.

Remuneration of the Company's Directors (excluding Directors who are Audit and Supervisory Committee Members, Outside Directors, and Directors who are non-residents of Japan. The same shall apply hereinafter in this proposal) currently comprise "basic remuneration" and "bonuses." In addition to these, the Company proposes the introduction of a new performance-linked stock-based remuneration plan (the "Plan"), in which the shares of the Company are delivered to the Company's Directors and Executive Officers (excluding Executive Officers who are non-residents of Japan; and together with the Directors, shall hereinafter be collectively referred to as the "Director(s), etc.") according to their position, the level of achievement of performance targets, and other parameters.

As the object of the Plan is to provide an incentive to the Directors, etc. toward the sustained improvement of the Company's corporate value, as well as to articulate the sharing of value with the shareholders, the Company has deemed the introduction of the Plan to be appropriate.

This proposal was decided on after deliberation and a report by the Nomination and Remuneration Committee. It has also been reviewed by the Audit and Supervisory Committee, which has expressed the opinion that there are no particular issues to point out.

The Company proposes to pay stock-based remuneration to the Directors, etc. separately from the remuneration limit of Directors (excluding Directors who are Audit and Supervisory Committee Members) set at no greater than ¥300 million per year (however, not including salaries paid for services rendered as employees by Directors who also serve as employees of the Company), which was approved at the 1st Ordinary General Meeting of Shareholders held on June 28, 2023.

If Proposal 2 Election of Ten (10) Directors (excluding Directors who are Audit and Supervisory Committee Members) is approved as proposed, the number of the Company's Directors eligible under the Plan will be eight (8).

If this proposal is approved as proposed, the remuneration structure of the Company's Director shall comprise "basic remuneration," "bonuses," and "performance-linked stock-based remuneration," going forward.

2. Amount and other details of remuneration, etc. of the Plan

(1) Overview of the Plan

In the adoption of the Plan, the trust established by the Company (the "Trust") under the stock-based remuneration plan of Aomori Michinoku Bank, Ltd., a consolidated subsidiary of the Company (the "Subsidiary Adopting the Plan"), will be used.

(2) Maximum amount of money to be contributed by the Company

The Plan shall cover the three consecutive business years, which are subject to the Company's Medium-term Management Plan (the "Covered Period"). The initial period will be from the fiscal year ending March 31, 2026 to the fiscal year ending March 31, 2028.

The Company, for each Covered Period, shall contribute money in the maximum amount of ¥360 million as remuneration to the Company's Directors, etc. and establish a trust with a trust period of three years (including extensions of the trust period as referred to below. Hereinafter, the same shall apply.) for the Directors, etc. who meet the beneficiary requirements, as beneficiaries. However, the Plan shall be managed as a unified plan together with the stock-based remuneration plan of the Subsidiary Adopting the Plan, and the Company shall make contributions to the Trust already established under the stock-based remuneration plan of the Subsidiary Adopting the Plan.

The Trust, as per the instructions of the trust administrator, will acquire the Company's shares from the stock market or the Company (the disposal of treasury shares) using the money that has been entrusted as the source of funds (The Trust to be established in the current fiscal year plans to acquire the Company's shares from the stock market). The Company shall grant points (as shown in (3) below) to the Directors, etc. during the trust period, and the Trust shall deliver, etc. the Company's Shares, etc.

At the expiry of the trust period, instead of establishing a new Trust, the Trust may be continued by modifying the trust agreement and making additional trusts. In such an event, the trust period of the Trust shall be extended for three years, and the three business years following the extension of the trust period shall be the Covered Period. For each extended trust period, the Company shall make additional contributions within the limit of ¥360 million, and continue to grant points to the Directors, etc. for the duration of the extended trust period, while the Trust shall continue to deliver, etc. the Company's Shares, etc. for the duration of the extended trust period.

However, in the event of such additional contributions, if there are any shares of the Company (excluding the Company's shares corresponding to the points granted to the Directors, etc. for which the Delivery, etc. has not been completed) or money remaining in the trust property on the last day of the trust period prior to the extension (collectively, the "Residual Shares, etc."), the total amount of Residual Shares, etc. and the trust money to be additionally contributed shall be within the limit of ¥360 million.

Additionally, at the termination of the trust period, if Directors, etc. who may meet the beneficiary requirements are still in office, although the Company shall thereafter cease to grant points to the Directors, etc., the trust period of the Trust shall be extended, for a limited period only, until such time that the Delivery, etc. of the Company's Shares, etc. to such Directors, etc. is completed.

(3) Calculation method and the maximum number of the Company's Shares, etc. to be delivered, etc., to the Directors, etc.

At a specified time after the end of each business year during the trust period, "Fixed Points" according to the position of the Directors, etc., and "Performance-linked Points" that fluctuate according to the level of achievement of the performance targets and non-financial targets set each business year by the Company are granted to the Directors, etc.

The Directors, etc. at the time of their retirement, receive the Delivery, etc. of the Company's Shares, etc. corresponding to the accumulated number of points (the "Accumulated Points").

One (1) point shall equal one (1) share of the Company. If, however, a stock split, a reverse stock split of the Company's shares, or any other event in which adjustment of points is deemed reasonable occurs during the trust period, the number of shares of the Company per point shall be adjusted in accordance with the ratio of stock split, reverse stock split, etc., as applicable.

The maximum number of points to be granted to the Company's Directors, etc. shall be 60,000 points per business year in total. This maximum total number of points to be granted to Directors, etc. has been set based on the maximum trust money set forth in (2) above, with reference to historical share prices and other factors.

(4) Method and timing of the Delivery, etc. of the Company's Shares, etc. to Directors, etc. Directors, etc. who meet the beneficiary requirements, at the time of their retirement, shall receive the Delivery, etc. of the Company's Shares, etc. in the number calculated based on (3) above. In such an event, such Directors, etc. shall receive a number of the Company's shares corresponding to a certain ratio of the Accumulated Points (shares of less than one unit will be rounded down), and for the remaining shares of the Company, shall be paid the money equivalent to the value of the shares disposed of and converted into cash within the Trust.

However, if a Director, etc. passes away while in office, as a general rule, the Company's shares corresponding to the Accumulated Points that have been granted at such time shall all be disposed of and converted into cash within the Trust and the money equivalent to the value of the shares disposed of and converted into cash shall be delivered to the heir of such Director, etc. In addition, if a Director, etc. becomes a foreign resident during the trust period, as a general rule, the Company's shares corresponding to the Accumulated Points that have been granted at such time shall all be disposed of and converted into cash within the Trust and the money equivalent to the value of the shares disposed of and converted into cash shall be delivered to such Director, etc.

(5) Exercise of voting rights relating to the Company's shares within the Trust

To ensure the neutrality of management, the voting rights relating to the Company's shares within the Trust shall not be exercised during the trust period.

(6) Other details of the Plan

Other details of the Plan shall be determined by the Board of Directors each time the Trust is to be established, modifications are to be made to the trust agreement, or additional contributions are to be made to the Trust.
