3. The Corporate Logo of MIRAINI Holdings Co., Ltd.

For the MIRAINI Group, which was established under the vision of being a “global solution partner that takes on the challenge of creating new value,” the corporate logo reflects both the essential elements required to realize this vision and the process through which new value and solutions are created.

The symbol mark is based on a three-dimensional representation of the letter “M” and is composed of two colors: blue, representing knowledge, technology, and experience; and red, representing challenge and passion. Through sincerely confronting challenges and engaging in repeated trial and error, the final upward stroke expresses the moment of inspiration when a solution is realized, as well as the surprise and growth that such solutions deliver to society.

The logotype features an original typeface designed to convey a future-oriented mindset and a spirit of innovation.
