(Progress of Disclosures) Notice Concerning Acquisition of Shares of Gennex Group (Making Gennex Group a Subsidiary)

As announced in the "Notice Concerning Acquisition of Shares of Gennex Group (Making Gennex Group a Subsidiary)" dated August 28, 2026, TAKEBISHI CORPORATION (the "Company") hereby announces that it has completed the acquisition of 100% of the issued shares of four companies of Gennex Group (GENNEX SINGAPORE PTE. LTD., ACTON TECHNOLOGY PTE. LTD., GENNEX INTERNATIONAL PTE. LTD., GENNEX TECHNOLOGY MALAYSIA SDN. BHD.) and made them into subsidiaries on October 8, 2026. Details are as follows.

1. Background of share acquisition

Gennex Group has a total of seven companies in four countries—Singapore, Malaysia, Thailand, and the Philippines—and is engaged in the sale of electronic components and semiconductor components across a wide range of markets, primarily in the ASEAN region.

While Gennex Group and the Company Group share common business areas, particularly in the semiconductor and device fields, there is limited overlap in the products they handle. Accordingly, the Company expects to expand its sales channels through cross-selling to customers of both groups. In addition, by mutually leveraging Gennex Group's sales network and the Company Group's bases and customer base in India and the ASEAN region, the Company expects to accelerate its business expansion in overseas markets.

Based on these synergies, the Company aims to further expand its business in Southeast Asia.

The remaining three companies (ACTON TECHNOLOGY (THAILAND) COMPANY LIMITED, GENNEX SOLUTIONS PHILS. INC., TSOOMI SYSTEMS PHIL., INCORPORATED) will be integrated sequentially into the Company Group through organizational restructuring.
