MANI, INC.

Director, President & Representative Executive Officer Masaya Watanabe

Notice Regarding Publication of an Interview Article on “The Worldfolio” and “Newsweek International”

MANI INC. (hereinafter referred to as “the Company”) is pleased to announce that an interview article featuring Masaya Watanabe, President and Representative Executive Officer of the Company, has been published on “The Worldfolio,” a UK-based global business news platform. This interview has also been published in the print edition of “Newsweek International (March 13, 2026 issue).”

“The Worldfolio” is a UK media organization that conducts interviews with leaders of globally active companies, economists, and leaders of educational institutions, focusing on corporate policies, management philosophies, and related topics. For over 20 years, it has conducted interviews in more than 50 countries annually and disseminated information across a wide range of industries worldwide.

In this interview, Mr. Watanabe discusses the Company’s contributions to medical care worldwide and its future growth strategy. We invite you to read the article.
