Notice Regarding Approval of Scleral Lens “Time XL” in China

Menicon Co., Ltd. (hereinafter, “the Company”) announced that the scleral lens “Time XL” manufactured by Menicon B.V., our manufacturing subsidiary in the Netherlands, was approved as a medical device by the National Medical Products Administration in China (NMPA).

The scleral lens is expected to provide more stable vision correction and wearing comfort for those with an irregular cornea with a special corneal shape. By introducing the product in China, which is one of the countries with the highest number of patients with irregular cornea, the Company will maximally use the global knowledge of the Menicon Group and the strong network cultivated in China and build an appropriate prescription and stable supply system. Through the dissemination of this product, the Company will contribute to the improvement of the quality of life (QOL) of patients.
