2. Comments for the Current Month

Existing store sales reached 112.1% year-on-year, exceeding the previous year for eight consecutive months and achieving double-digit growth for the first time since last August.

In response to the government's emergency release of reserve rice, sales began on June 7, boosting both revenue and number of customers.

The launch of a new gaming console increased sales of game-related products, while hot weather drove strong sales of air conditioners, fans, insect repellents, water bottles, and parasols.
