## **(6) Segment Information, Etc.**

### **(i) General information regarding reportable segments**

The Group's reportable segments are components of the Group for which separate financial information is available, and which are subject to regular review by the Board of Directors for the purpose of making decisions about the allocation of management resource and assessing the segments' performance.

The Company and its consolidated subsidiaries separately develop and conduct business activities that directly relate to their various customers, and that are mainly based on market and customer service offerings. In accordance with these considerations, the Group's reportable segments are classified by market and customer service offerings and comprise the "Payment," "Lease," "Finance," "Real Estate-Related," "Global" and "Entertainment" business segments.

The Payment business segment mainly consists of the credit card business, which is the Group's major segment, and various peripheral businesses closely related to the credit card business.

The Lease business segment operates the Group's leasing business which is centered on the leasing of office equipment.

The Finance business segment consists of the credit guarantee business and the finance related business.

The Real Estate-Related business segment comprises the real estate business and the real estate leasing business.

The Global business segment operates the lending business and the investment business.

In the Entertainment business, the Group is developing an amusement business centered on the management of amusement centers/arcades.

From the current fiscal year, to reflect the reorganization that was conducted in June 2025, the method of presenting the rent guarantee business, which was previously included in the Payment business segment, has changed, and it is now included in the Finance business segment.

As a result of the above change, segment information for the previous fiscal year has been restated based on the reportable segments after the change.

Additionally, due to the transfer of the amusement business, the Company plans to eliminate the Entertainment business segment and consolidate it into the Payment business segment from the beginning of the next fiscal year.
