**Tokyo, May 15, 2026** --- Mitsubishi HC Capital Inc. (TSE: 8593, Representative Director, President & CEO: Taiju Hisai; the “Company”) hereby announces an upward revision to the year-end dividend forecast for FY2025, which was previously announced on February 13, 2026. The formal resolution of the year-end dividends for FY2025 is scheduled to take place at the Board of Directors’ meeting to be held on May 20, 2026.

### 1. Details of Upward Revision of the Year-end Dividend Forecast (FY2025)

	Dividend per Share		
	End of Second Quarter	End of Fiscal Year	Annual
Previous Dividend Forecast (announced February 13, 2026)	—	¥23.00	¥45.00

Actual Interim Dividend for FY2025	¥22.00	—	—
Actual Dividends for FY2024	¥20.00	¥20.00	¥40.00

### 2. Reasons

The Company pursues a basic policy of continuing to provide stable returns to shareholders through dividends.

The net income for FY2025 exceeded the forecast, primarily driven by the strong performance of the Real Estate and Aviation segments, a substantial reduction in the credit costs of the Global Customer Business segment (Americas business), and the positive impact of consolidated subsidiaries’ fiscal period changes.

Accordingly, in line with the dividend policy of a “payout ratio of 40% or higher” set out in the Medium-term Management Plan for FY2023-FY2025, the Company has revised the year-end dividend to ¥24.00 per share, an increase of ¥1.00 from the initial forecast of ¥23.00.

As a result, the annual dividend will be ¥46.00 per share, an increase of ¥1.00 from the initial forecast of ¥45.00.
