Reference Documents for the General Meeting of Shareholders

Proposals and Reference Information

Proposal No. 1: Appropriation of Surplus

With respect to the appropriation of surplus, the Company seeks to improve shareholder returns on a cash dividend basis, while providing sufficient capital to meet the business needs of Tokio Marine Group (the "Group") and taking into consideration the business results and the expected future business environment, etc. of the Company.

In accordance with the above policy, and considering various factors, the Company proposes to pay a year-end cash dividend for fiscal year 2025 as follows.

1. Allocation of dividends to shareholders and the aggregate amount

112.5 yen per common share of the Company

Total payment: 211,509,203,400 yen

2. Effective date of dividends from surplus

June 30, 2026

As 105.5 yen per share was paid as an interim cash dividend, the total amount of the annual cash dividends for fiscal year 2025 will be 218 yen per share. This is an increase of 46 yen per share from 172 yen per share paid in annual cash dividends for fiscal year 2024.

Reference: Trend in Annual Dividends per Share (Ordinary Dividends)

Notes: 1. In addition to the ordinary dividends shown above, the Company paid temporary dividends for capital level adjustment as follows:

Period	Amount (per share)
FY2018 interim	23 yen
FY2019 interim	12 yen
FY2020 interim	12 yen

2. The Company conducted a three-for-one stock split effective October 1, 2022. Dividends with a record date prior to that date are shown on an equivalent post-stock-split per-share basis, rounded to the nearest whole yen.

Proposal No. 2: Reduction of the Amount of Additional paid-in Capital

To ensure flexibility in future capital policy, the Company proposes, pursuant to Article 448, paragraph (1) of the Companies Act, to reduce a portion of the additional paid-in capital and transfer the amount thereof to other capital surplus.

1. Amount of additional paid-in capital to be reduced
1,473,985,698,093 yen
2. Effective date of the reduction in the amount of additional paid-in capital
August 31, 2026

Proposal No. 3: Partial Amendments to the Articles of Incorporation

1. Reason for proposal

(1) Transition to a Company with Audit and Supervisory Committee

The Company proposes to transition from a Company with Audit & Supervisory Board to a Company with Audit and Supervisory Committee in order to further strengthen corporate governance. Accordingly, the Company proposes to make the necessary amendments, including establishing provisions concerning Audit and Supervisory Committee Members and the Audit and Supervisory Committee, deleting provisions concerning Audit & Supervisory Board Members and the Audit & Supervisory Board, and establishing provisions concerning the delegation of decisions on important business execution.

* For details of the transition to a Company with Audit and Supervisory Committee, please refer to “Reference: Transition to a Company with Audit and Supervisory Committee” on page 12.

(2) Clarification of the Treatment of Attendance, etc. at the General Meeting of Shareholders by Institutional Investors

The Company proposes to amend Article 18 of the current Articles of Incorporation to clarify that institutional investors who hold shares in the name of trust banks, etc. and not in their own name may attend the General Meeting of Shareholders and exercise voting rights by proxy.

2. Details of the amendments

The details of the amendments of the Articles of Incorporation are as shown in the following Comparison Table.
The resolution on this proposal shall take effect upon the conclusion of this Ordinary General Meeting of Shareholders.

Transition to a Company with Audit and Supervisory Committee

If Proposal No. 3 is approved as originally proposed, the Company will transition from a Company with Audit & Supervisory Board to a Company with Audit and Supervisory Committee at the close of this Ordinary General Meeting of Shareholders.

What this change in institutional design will achieve and the post-transition corporate governance structure are shown below.

What This Transition Will Achieve

1. Further Advancement of Growth Strategy

- The Board of Directors will leverage the diversity and expertise of outside directors, and encourage management, centered on the Group CEO, to refine its medium- to long-term value creation strategy.
- The Board of Directors will delegate appropriate authority to management, centered on the Group CEO, and accelerate swift business operations driven by management's ownership, based on the articulated medium- to long-term strategy.

2. Strengthening Governance Functions

Through the measures below, the Board of Directors will further strengthen its oversight of management by confirming and evaluating the direction of management's value creation strategy and the execution of business operations.

- By having Audit and Supervisory Committee Members serve as members of the Board of Directors, the Board will fulfill its governance functions in an integrated manner.
- The Audit and Supervisory Committee will conduct organizational audits leveraging the internal audit department.
- By integrating into the Audit and Supervisory Committee the principal functions of the Group Audit Committee, which has contributed an independent, outside perspective separate from the execution of operations, the Company will aim to further strengthen its internal control and corporate governance functions.

With respect to the nomination of Director candidates and determination of Directors' remuneration, the Company will continue to ensure transparency by having the Board of Directors, a majority of whose members are outside directors, make the final decisions based on reports from the voluntary Nomination Committee and Compensation Committee.

* The above chart shows the expected organizational structures after the transition.

Post-Transition Corporate Governance Structure

Proposal No. 4: Election of 12 Directors (excluding Directors who are Audit and Supervisory Committee Members)

The terms of office of all 13 Directors will expire at the close of this Meeting. In addition, if Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” is approved as originally proposed, the Company will transition to a company with Audit and Supervisory Committee at the close of this Meeting.

Accordingly, the Company proposes the election of 12 Directors (excluding Directors who are Audit and Supervisory Committee Members, the same shall apply hereinafter in this proposal). The candidates for Directors are as follows.

This proposal shall become effective on the condition that the amendments set forth in Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” take effect.

(Summary of roles she is expected to perform as outside director and reason for nomination of candidate for outside director)

Ms. Emi Osono is a candidate for outside director.

As an outside director, she is expected to make recommendations to our Board of Directors and to play a role in exercising supervisory function appropriately. The reason for proposing her as a candidate is that she has properly fulfilled this expected role since becoming a director of the Company, based on her insight into corporate management acquired through many years of research into corporate strategy and other areas. While she has not been involved in corporate management other than as an outside director or an outside Audit & Supervisory Board member, the Company judges, based on her activities since becoming a director of the Company, that she will appropriately perform her duties as an outside director.

(Independence)

1. The Company plans to file a notification to the Tokyo Stock Exchange advising that Ms. Emi Osono is an "independent director/auditor" as specified by Tokyo Stock Exchange, Inc.
2. She fulfills the Independence Standards for Outside Directors and Outside Audit & Supervisory Board Members set by the Company, which are provided on page 34 of these reference materials.

(Major activities)

Ms. Emi Osono has fulfilled her supervisory functions by presenting inquiries and remarks at the board of directors' meetings, based on her insight into corporate management acquired through many years of research into corporate strategy and other areas. In addition, as a member of the Nomination Committee, she has also contributed to the fulfillment of supervisory functions, including through nominations of the President, directors, Audit & Supervisory Board members and executive officers.

Notes: 1. Ms. Emi Osono will have served as an outside director of the Company for 5 years at the close of this Meeting.

2. She is scheduled to be appointed as an outside director of ANA HOLDINGS INC. as of the date of its ordinary general meeting of shareholders to be held in June 2026.
3. She served as an outside Audit & Supervisory Board member of Tokio Marine & Nichido, a subsidiary of the Company, from June 2017 to June 2021. She also served as an outside director of Nisshin Fire & Marine Insurance Co., Ltd. (which became a subsidiary in September 2006), a subsidiary of the Company, from June 2004 to June 2010.
4. Tokio Marine & Nichido Fire Insurance Co., Ltd., a subsidiary of the Company where she served as an outside audit & supervisory board member, received a business improvement order dated December 26, 2023 from the Financial Services Agency under the Insurance Business Act, as the FSA ascertained conduct that could be considered to violate the Act on Prohibition of Private Monopolization and Maintenance of Fair Trade, conduct inappropriate in light of the purpose of that Act, and underlying systemic

issues. It also received a cease-and-desist order and a surcharge payment order dated November 1, 2024 from the Japan Fair Trade Commission under that Act for violation of the Act (prohibition on unreasonable restraint of trade). In addition, Tokio Marine & Nichido received a business improvement order dated March 24, 2025 from the FSA under the Insurance Business Act, as the FSA ascertained conduct that could be considered to violate the Act on the Protection of Personal Information and the Unfair Competition Prevention Act, conduct inappropriate in light of the purposes of those Acts, and underlying systemic issues. Although she was not aware of the facts of these matters during her term of office, she had regularly made recommendations at the board of directors meetings and other meetings from the viewpoint of strengthening internal control and ensuring legal compliance.

5. Ms. Emi Osono served as an outside director of TOYOTA MOTOR CORPORATION from June 2023 to June 2025. On July 31, 2024, TOYOTA MOTOR CORPORATION received a correction order under the Road Transport Vehicle Act from the Ministry of Land, Infrastructure, Transport and Tourism for violating the provisions of the Ordinance of the Ministry of Land, Infrastructure, Transport and Tourism under the same Act in model certification applications for automobiles and automobile equipment. While she was not aware of these facts in advance, she had regularly made recommendations at meetings of the Board of Directors and other meetings from the viewpoint of strengthening governance and ensuring legal compliance. After becoming aware of the relevant facts, she fulfilled her responsibilities by making recommendations for the formulation of measures to prevent recurrence and checking the status of these initiatives.

Senior Advisor of NIPPON STEEL CORPORATION

Outside Director of JAPAN POST HOLDINGS Co., Ltd.

Outside Member of the Board of Directors of Development Bank of Japan Inc.

(Summary of roles expected of the outside director and reason for nomination of candidate for outside director who is an Audit and Supervisory Committee Member)

Mr. Kosei Shindo is a candidate for outside director.

As an outside director, he is expected to exercise supervisory function appropriately and, as a member of the Audit and Supervisory Committee, to fulfill audit functions appropriately. The reason for proposing him as a candidate is that we have determined that he can appropriately fulfill this expected role based on his insight as a specialist in business management acquired through many years of experience in corporate management.

(Independence)

1. The Company plans to file a notification to the Tokyo Stock Exchange advising that Mr. Kosei Shindo is an "independent director/auditor" as specified by Tokyo Stock Exchange, Inc.

2. He fulfills the Independence Standards for Outside Directors set by the Company, which are provided on page 34 of these reference materials.

3. NIPPON STEEL CORPORATION, at which he currently serves as Senior Advisor, holds shares of the Company, and Tokio Marine & Nichido, a subsidiary of the Company, holds shares of NIPPON STEEL CORPORATION; however the ratio of each of these shareholdings to the respective total number of issued shares is less than 1%. In addition, Tokio Marine & Nichido has entered into an agreement with NIPPON STEEL CORPORATION to sell its entire shareholding in NIPPON STEEL CORPORATION.

4. He concurrently serves as Senior Advisor of NIPPON STEEL CORPORATION, which has no business transactions with the Company. Insurance subsidiaries of the Company conduct insurance-related transactions with NIPPON STEEL CORPORATION; however, these transactions constitute less than 1% of its consolidated net sales and the Company's consolidated ordinary income (which corresponds to consolidated net sales), respectively.

Notes: 1. Mr. Kosei Shindo will have served as an outside director of the Company for 3 years at the close of this Meeting.

2. On page 34 also, notes related to Mr. Kosei Shindo are provided as "Notes common to multiple candidates."

(Summary of roles expected of the outside director and reason for nomination of candidate for outside director who is an Audit and Supervisory Committee Member)

Ms. Haruka Matsuyama is a candidate for outside director.

As an outside director, she is expected to exercise supervisory function appropriately and, as a member of the Audit and Supervisory Committee, to fulfill audit functions appropriately. The reason for proposing her as a candidate is that we have determined that she can appropriately fulfill this expected role based on her insight into corporate legal affairs acquired through many years of experience as an attorney-at-law. Although she has not been involved in corporate management other than as an outside director or an outside audit & supervisory board member, we believe that she would effectively perform her duties as an outside director for the reasons stated above.

(Independence)

1. The Company plans to file a notification to the Tokyo Stock Exchange advising that Ms. Haruka Matsuyama is an "independent director/auditor" as specified by Tokyo Stock Exchange, Inc.

2. She fulfills the Independence Standards for Outside Directors set by the Company, which are provided on page 34 of these reference materials.

(Summary of roles expected of the outside director and reason for nomination of candidate for outside director who is an Audit and Supervisory Committee Member)

Ms. Nana Otsuki is a candidate for outside director.

As an outside director, she is expected to exercise supervisory function appropriately and, as a member of the Audit and Supervisory Committee, to fulfill audit functions appropriately. The reason for proposing her as a candidate is that we have determined that she can appropriately fulfill this expected role based on her insight into corporate management and related matters acquired through many years of experience as an analyst at financial institutions.

(Independence)

1. Ms. Nana Otsuki fulfills the requirements for an independent director/auditor as specified by Tokyo Stock Exchange, Inc.
2. She fulfills the Independence Standards for Outside Directors set by the Company, which are provided on page 34 of these reference materials.

Notes: 1. Ms. Nana Otsuki will have served as an outside audit & supervisory board member of the Company for 8 years at the close of this Meeting.

2. On page 34, notes related to Ms. Nana Otsuki are provided as "Notes common to multiple candidates."

Notes common to multiple candidates

1. No conflict of interest exists between any of the candidates and the Company.
2. In accordance with the provisions of Article 427, paragraph 1 of the Companies Act of Japan, the Company has entered into agreements with Mr. Nobuhiro Endo, Mr. Shinya Katanozaka, Ms. Emi Osono, Mr. Robert Alan Feldman, Ms. Junko Shimizu, Mr. Kosei Shindo, Ms. Haruka Matsuyama and Ms. Nana Otsuki to limit their liability provided for in Article 423, paragraph 1 of the Companies Act of Japan. The limited liability under the agreements shall be the higher of either 10 million yen or the Minimum Liability Amount stipulated in Article 425, paragraph 1 of the Companies Act of Japan. The limited liability shall only apply if the person has acted in good faith and without gross negligence in the performance of the duties that caused the liability. If Proposal No. 3 and the election of each of the above persons and Ms. Saima Hasan are approved and become effective, the Company will continue or enter into similar limited liability agreements with each candidate.
3. The Company currently has a directors and officers liability insurance contract with an insurance company as provided for in Article 430-3, paragraph 1 of the Companies Act of Japan, which insures directors, audit & supervisory board members, and executive officers of the Company and some domestic subsidiaries of the Company. The contract covers damages and litigation expenses, etc. that may arise when the insured assumes liability for the execution of his or her duties or receives a claim related to the pursuit of such liability. A deductible amount is established under the contract, and insured persons are required to bear a certain portion of the losses. If each candidate is elected, he or she will be included as an insured person under the contract. The Company plans to renew the contract after the expiration of its current policy period, which will end after this Meeting.
4. Attendance at the Board of Directors' meetings and the Audit & Supervisory Board meetings refers to attendance at the meetings held during fiscal year 2025. For Mr. Masahiro Koike, it refers to attendance at the Board of Directors' meetings held after his appointment as Director in June 2025.

(Reference) Independence Standards for Outside Directors

Outside Directors of the Company are judged to be independent from the Company if they do not fall within any of the following categories:

- (i) an executive of the Company or a subsidiary of the Company;
- (ii) a person who has been an executive of the Company or a subsidiary of the Company in the past ten years;
- (iii) a party whose major client or supplier is the Company or a principal business subsidiary of the Company (a party whose transactions with the Company or a principal business subsidiary of the Company in the most recent fiscal year amount to 2% or more of its consolidated net sales), or an executive thereof;
- (iv) a party who is a major client or supplier of the Company or a principal business subsidiary of the Company (a party whose transactions with the Company or a principal business subsidiary of the Company in the most recent fiscal year amount to 2% or more of the Company's consolidated ordinary income), or an executive thereof;
- (v) a financial institution or other major creditor on which the Company or a principal business subsidiary of the Company depends to the extent that it is an indispensable funding source and for which there is no adequate alternative, or an executive thereof;
- (vi) an executive of a corporation, partnership or other organization that receives donations from the Company or a principal business subsidiary of the Company in excess of a certain amount in the most recent fiscal year (10 million yen or 2% of the total revenue of such organization in the most recent fiscal year, whichever is larger);
- (vii) a spouse or relative within the third degree of kinship of a Director, Audit & Supervisory Board Member or Executive Officer of the Company or its subsidiary;
- (viii) a consultant, accountant, lawyer or other specialist who receives compensation from the Company or a principal business subsidiary of the Company other than compensation as an officer, and whose compensation in the most recent fiscal year exceeds a certain amount (10 million yen or 2% of the total revenue of the corporation, union or other organization to which such specialist belongs in the most recent fiscal year, whichever is larger); and
- (ix) a party who holds 10% or more of the voting rights of all shareholders of the Company at the end of the most recent fiscal year, or an executive thereof.

Proposal No. 6: Election of 1 Substitute Director who is an Audit and Supervisory Committee Member

If Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” is approved as originally proposed, the Company will transition to a Company with Audit and Supervisory Committee at the close of this Meeting. Therefore, the Company proposes the election of 1 substitute Director who is an Audit and Supervisory Committee Member in preparation for a situation where the number of Directors who are Audit and Supervisory Committee Members prescribed by laws and regulations is no longer satisfied. The candidate for substitute Director who is an Audit and Supervisory Committee Member is as follows.

The Company has obtained the consent of the Audit & Supervisory Board for this proposal.

This proposal shall become effective on the condition that the amendments set forth in Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” take effect.

Junko Shimizu

Date of birth	Gender	Number of the Company’s shares held
January 13, 1959	Female	2,500 shares

(Reason for nomination of candidate for substitute outside director who is an Audit and Supervisory Committee Member)

Ms. Junko Shimizu is a candidate for substitute outside director who is an Audit and Supervisory Committee Member. If she assumes office as an outside director who is a member of the Audit and Supervisory Committee, she is expected to fulfill a supervisory function appropriately as an outside director and audit functions appropriately as a member of the Audit and Supervisory Committee. The reason for proposing her as a candidate is that we have determined that she can appropriately fulfill this expected role based on her insight acquired through many years of practical experience at financial institutions, research in international finance, and experience as an outside Audit & Supervisory Board member. Although she has not been involved in corporate management other than as an outside director or an outside audit & supervisory board member, we believe that she would effectively perform her duties as an outside director for the reasons stated above.

(Independence)

1. If Ms. Junko Shimizu assumes office as a director who is a member of the Audit and Supervisory Committee, the Company plans to file a notification to the Tokyo Stock Exchange advising that she is an “independent director/auditor” as specified by Tokyo Stock Exchange, Inc.

2. She fulfills the Independence Standards for Outside Directors set by the Company, which are provided on page 34 of these reference materials.

Notes: 1. No conflict of interest exists between the candidate and the Company.

2. Ms. Junko Shimizu is scheduled to assume office as Director (excluding Directors who are Audit and Supervisory Committee Members) if Proposal No. 3 and Proposal No. 4 at this Ordinary General Meeting of Shareholders are approved as originally proposed and become effective. However, if the number of Directors who are Audit and Supervisory Committee Members falls below the number prescribed by laws and regulations or any similar event occurs, she is scheduled to resign as Director (excluding Directors who are Audit and Supervisory Committee Members) and assume office as Director who is an Audit and Supervisory Committee Member.

3. In addition, the brief personal history of Ms. Junko Shimizu and other matters to be stated in the Reference Materials for the General Meeting of Shareholders are as described on page 26. Furthermore, with respect to the limited liability agreement and the directors and officers liability insurance contract, the Company plans to continue the agreement and insurance contract described on page 34 even after she assumes office as Director who is an Audit and Supervisory Committee Member.

The Company's View Regarding the Skills of Directors

1. The Tokio Marine Group conducts its businesses on a global scale as an insurance group. In this context, the Company has established sound and highly transparent corporate governance and internal control systems, and appropriately governs its group companies, as an insurance holding company that oversees the Group.
2. The Board of Directors of the Company, which will be a Company with Audit and Supervisory Committee, decides on important matters of business execution and supervises the execution of duties by Directors. In order for the Board of Directors to fulfill its role appropriately, it is necessary for the Board as a whole to possess the necessary skills, based on factors such as the nature of Tokio Marine Group's businesses, its business development, governance structure, etc. Moreover, the necessary skills will change with the business environment.
3. In order for the Company to make and supervise important matters of business execution appropriately, it is first necessary to gain a deep understanding of its businesses — in other words, to be closely familiar with “Insurance Business.” In addition, skills in the fields of “Finance & Economy,” “Accounting,” “Legal & Compliance,” “Human Resource Strategies,” and “Governance & Risk Management” form the basis for judgment on all matters. Moreover, as responses to the global environment and technological innovation are becoming issues for society as a whole, the importance of skills in “Environment” and “Technology” is increasing. Furthermore, skills including “Internationality” and “Corporate Management” are especially expected of Outside Directors. This is because a global perspective and insight into corporate management are extremely useful for the Tokio Marine Group, which conducts its businesses on a global scale.
4. Regarding Directors who are Audit and Supervisory Committee Members as well, we believe that, in order to appropriately audit the execution of duties by Directors, the Audit and Supervisory Committee should ideally be composed of members possessing skills similar to those required of the Board of Directors described above. Among these, the skill of “Accounting” is positioned as particularly important.
5. The table above shows the Directors (expected) after this Ordinary General Meeting of Shareholders and the skills they possess. The Company considers that, collectively, they possess the necessary skills.

Proposal No. 7: Determination of the Amount of Remuneration for Directors (Excluding Audit and Supervisory Committee Members)

The amount of remuneration for the Directors of the Company was resolved at the 19th Ordinary General Meeting of Shareholders held on June 28, 2021 to be no more than 75 million yen per month (including an amount not more than 10 million yen per month for Outside Directors).

If Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” and Proposal No. 4, “Election of 12 Directors (Excluding Audit and Supervisory Committee Members),” are approved as originally proposed, the Company will have 12 Directors (including 6 Outside Directors) excluding Directors who are Audit and Supervisory Committee Members at the close of this Ordinary General Meeting of Shareholders.

Accordingly, in light of factors such as the increased responsibilities of Outside Directors and the broader roles expected of them in recent years from the perspective of strengthening corporate governance, the Company proposes to maintain the total monthly amount of remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members) at no more than 75 million yen, while revising the portion for Outside Directors to no more than 15 million yen.

This proposal is intended to maintain the total monthly amount of remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members) while revising the upper limit for Outside Directors. In addition, this proposal was deliberated by the Compensation Committee, which consists of five members, including four Outside Directors, and is chaired by an Outside Director, in accordance with “f. Policy on determination of remuneration for Directors and Audit & Supervisory Board Members” in “2. Matters Concerning Directors and Audit & Supervisory Board Members, (2) Remuneration, etc. for Directors and Audit & Supervisory Board Members” set forth in the Business Report for fiscal year 2025, and the Company therefore considers it to be reasonable. The policy for determining officer remuneration is scheduled to remain substantially the same after the Company transitions to a Company with Audit and Supervisory Committee.

This proposal shall become effective subject to Proposal No. 3, “Partial Amendments to the Articles of Incorporation” taking effect.

Proposal No. 8: Determination of the Amount of Remuneration for Directors Who Are Audit and Supervisory Committee Members

If Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” and Proposal No. 5, “Election of 5 Directors Who Are Audit and Supervisory Committee Members,” are approved as originally proposed, the Company will transition to a Company with Audit and Supervisory Committee at the close of this Ordinary General Meeting of Shareholders, and the number of Directors who are Audit and Supervisory Committee Members will be five.

Accordingly, after comprehensive consideration of various factors, including the duties and responsibilities of Directors who are Audit and Supervisory Committee Members and recent economic conditions, the Company proposes that the total monthly amount of remuneration for Directors who are Audit and Supervisory Committee Members be no more than 20 million yen.

The content of this proposal has been determined after comprehensive consideration of various factors, including the duties and responsibilities of Directors who are Audit and Supervisory Committee Members and recent economic conditions, and the Company therefore considers the content to be reasonable.

This proposal was deliberated by the Compensation Committee, which consists of five members, including four Outside Directors, and is chaired by an Outside Director, in accordance with “f. Policy on determination of remuneration for Directors and Audit & Supervisory Board Members” in “2. Matters Concerning Directors and Audit & Supervisory Board Members, (2) Remuneration, etc. for Directors and Audit & Supervisory Board Members” set forth in the Business Report for fiscal year 2025, and the Company therefore considers it to be reasonable. The policy for determining officer remuneration is scheduled to remain substantially the same after the Company transitions to a Company with Audit and Supervisory Committee.

This proposal shall become effective subject to Proposal No. 3, “Partial Amendments to the Articles of Incorporation” taking effect.

Proposal No. 9: Determination of the Share Compensation Plan for Directors (Excluding Audit and Supervisory Committee Members)

1. Reason for Proposal

The Company received approval at the 19th Ordinary General Meeting of Shareholders held on June 28, 2021 for the introduction of a share compensation plan (hereinafter, the “Plan”), under which Directors share with shareholders the return arising from fluctuations in the Company’s share price, fulfill their accountability, and ensure the stable and efficient operation of the remuneration system, and under which the Company’s shares and money in an amount equivalent to the proceeds from the sale of the Company’s shares (hereinafter, the “Company’s shares, etc.”) are delivered and paid (hereinafter, “delivery, etc.”) to Directors (hereinafter, the “2021 Resolution”).

Subsequently, at the 22nd Ordinary General Meeting of Shareholders held on June 24, 2024, approval was received for the Plan such that the maximum amount of cash to be contributed by the Company for each three-year period commencing from July 2024 (hereinafter, each a “Plan Period”) shall be 1,000 million yen (including 150 million yen for Outside Directors) (hereinafter, the “2024 Resolution”).

If Proposal No. 3, “Partial Amendments to the Articles of Incorporation,” is approved as originally proposed, the Company will transition to a Company with Audit and Supervisory Committee at the close of this Ordinary General Meeting of Shareholders.

As set forth in “2. Details of the Proposal” below, this proposal is to maintain the Plan based on the 2021 Resolution and the 2024 Resolution while limiting eligible persons thereunder to Directors (excluding Directors who are Audit and Supervisory Committee Members). Under the Plan, Audit & Supervisory Board Members, who audit the execution of duties by Directors, are excluded from eligibility from the perspective of strengthening their independence from management, and this proposal is intended to exclude Directors who are Audit and Supervisory Committee Members, who perform a similar role, for the same reason. Accordingly, this proposal does not make any substantive change to the content of the Plan. In addition, this proposal was deliberated by the Compensation Committee, which consists of five members, including four Outside Directors, and is chaired by an Outside Director, in accordance with “f. Policy on determination of remuneration for Directors and Audit & Supervisory Board Members” in “2. Matters Concerning Directors and Audit & Supervisory Board Members, (2) Remuneration, etc. for Directors and Audit & Supervisory Board Members” set forth in the Business Report for fiscal year 2025, and the Company therefore considers it to be reasonable. The policy for determining officer remuneration is scheduled to remain substantially the same after the Company transitions to a Company with Audit and Supervisory Committee.

This proposal shall become effective subject to Proposal No. 3, “Partial Amendments to the Articles of Incorporation” taking effect.

2. Details of the Proposal

The Company proposes to maintain the Plan based on the 2021 Resolution and the 2024 Resolution while limiting eligible persons thereunder to Directors (excluding Directors who are Audit and Supervisory Committee Members).

3. Details of the Plan

The details of the Plan based on “2. Details of the Proposal” are as follows.

(1) Outline of the Plan

Eligible recipients of delivery, etc. of the Company’s shares, etc. under the Plan	Directors of the Company (excluding Directors who are Audit and Supervisory Committee Members; the same shall apply in 3. Details of the Plan below) [For reference] A similar share compensation plan has also been introduced for the Company’s Executive Officers and for the Directors and Executive Officers of Tokio Marine & Nichido Fire Insurance Co., Ltd., Nisshin Fire & Marine Insurance Co., Ltd., and Tokio Marine & Nichido Life Insurance Co., Ltd., which are subsidiaries of the Company.
--	--

Maximum amount of cash contribution by the Company for each Plan Period (three years)	1,000 million yen (including 150 million yen for Outside Directors)
Maximum total number of points per fiscal year * One point corresponds to 3 shares of the Company	50,000 points (equivalent to 150,000 shares) (including 6,500 points, or the equivalent of 19,500 shares, for Outside Directors) [For reference] The ratio of the number of shares corresponding to 50,000 points to the total number of issued shares (as of March 31, 2026, after deduction of treasury shares) is approximately 0.008%.
Method used to acquire the Company's shares	Acquired through market transactions or acquired from the Company (through the disposal of treasury shares)
Method used to calculate the number of the Company's shares, etc.	Predetermined in accordance with rank and other factors. [For reference] The number of points awarded will not fluctuate due to performance, etc.
Timing of the delivery, etc. of the Company's shares, etc.	After resignation

(2) Maximum Amount of Cash Contribution by the Company

For each Plan Period, the Company establishes a trust with a trust period of 3 years (hereinafter, the “Trust”), the beneficiaries of which are Directors who satisfy certain requirements (hereinafter, the “Beneficiary Requirements”), or revises the trust contract and makes an additional contribution to the Trust. The maximum amount of cash to be contributed by the Company for each Plan Period shall be 1,000 million yen (including 150 million yen for Outside Directors).

In accordance with instructions from a trust administrator (a certified public accountant who is an independent third party with no interest in the Company), the Trust shall acquire the Company's shares through market transactions or from the Company (through the disposal of treasury shares) using trust assets.

(3) Calculation Method and Maximum Number of the Company's Shares, etc. to be Delivered, etc. to Directors

The number of the Company's shares, etc. to be delivered, etc. to Directors shall be determined based on the points awarded annually to Directors during each Plan Period. At a certain time each year, each Director will be awarded points predetermined in accordance with rank and other factors, and after such Director's resignation, delivery, etc. of the Company's shares, etc. will be made based on the cumulative number of points awarded during his or her term of office (hereinafter, the “Cumulative Number of Points”).

The number of the Company's shares corresponding to each point shall be 3, and fractions of less than one point shall be rounded down. However, if a stock split, gratis allotment of shares, reverse stock split or other event occurs with respect to the Company's shares during the trust period, the number of the Company's shares corresponding to each point shall be adjusted in accordance with the ratio or other relevant factor.

The maximum total number of points to be awarded to Directors shall be 50,000 points per fiscal year (equivalent to 150,000 shares), including 6,500 points per fiscal year for Outside Directors (equivalent to 19,500 shares).

(4) Timing of Delivery, etc. of the Company's Shares, etc. to Directors

When a Director who satisfies the Beneficiary Requirements resigns (other than by death), upon completion of the prescribed procedures for determining beneficiary rights, the Director shall receive delivery of a number of the Company's shares corresponding to a certain percentage of the Cumulative Number of Points (fractions of less than one unit share shall be rounded down), and the number of the Company's shares corresponding to the remaining Cumulative Number of Points shall be converted into cash within the Trust, with the Director receiving from the Trust an amount of money equivalent to the proceeds from such conversion. If a Director dies during the trust period, the Company's shares corresponding to the Cumulative Number of Points

calculated after death shall be converted into cash within the Trust, and the Director's heirs shall receive from the Trust an amount of money equivalent to the proceeds from such conversion.

(5) Voting Rights Associated with the Company's Shares Held within the Trust

Voting rights associated with the Company's shares held within the Trust shall not be exercised during the trust period in order to ensure neutrality toward management.

(6) Treatment of Dividends Pertaining to the Company's Shares Held within the Trust

Dividends pertaining to shares of the Company held within the Trust shall be received by the Trust and allocated to fund the acquisition of shares of the Company and the trust fees of the Trust.

(7) Other Details of the Plan

Other details of the Plan shall be determined by the Board of Directors.

4. Number of Directors

If Proposal No. 3, "Partial Amendments to the Articles of Incorporation," and Proposal No. 4, "Election of 12 Directors (Excluding Audit and Supervisory Committee Members)," are approved as originally proposed, the Company will have 12 Directors (including 6 Outside Directors) excluding Directors who are Audit and Supervisory Committee Members.

1. Current status of the Insurance Holding Company

(1) Business progress and results

- During fiscal year 2025, the adverse impact of U.S. trade policies remained limited, and the world economy as a whole recovered moderately. While the United States remained resilient, driven mainly by AI-related capital investment and personal consumption, the Japanese economy saw weak domestic demand against a backdrop of price inflation and other factors, and its pace of recovery remained moderate. In addition, the environment surrounding the Tokio Marine Group is becoming even more complex, amid geopolitical risks with an increasingly uncertain outlook, the intensification of disasters caused by climate change, and rising cyber risks.
- Under such conditions, the Tokio Marine Group has steadily advanced initiatives toward achieving “Tokio Marine Group Mid-Term Business Plan 2026 ~ Inspiring confidence. Accelerating progress. ~,” which started in fiscal year 2024. Under the integrated group management structure headed by the Group CEO, which brings together global knowledge to determine and execute important management matters, the Group actively promoted its insurance businesses, including transforming the domestic insurance business and expanding the international insurance business through M&A. In addition, the Group pushed ahead with transformation to a business model that goes beyond insurance by taking on the solutions business, which reduces diverse risks and losses themselves.
- In March 2026, we agreed to a strategic alliance with the Berkshire Hathaway group, one of the world’s most successful investment companies, which has an outstanding investment track record centered on the insurance business. By bringing together the strengths of both groups, we will further pursue the advancement of our insurance business, sustainable value creation, and enhancement of corporate value under disciplined management.

[Overview of Integrated Group Management]

■Regarding the Company's consolidated financial results for fiscal year 2025, while insurance claim payouts related to natural disasters in Japan and overseas decreased and asset management returns in North America improved, net income attributable to owners of the parent declined by 74.8 billion yen year on year to 980.4 billion yen, due to lower gains on sales of business-relationship equities and higher insurance claim payouts for automobile insurance resulting from domestic inflation, etc.

Category	Fiscal year 2024	Fiscal year 2025 (this fiscal year)	Rate of change (%)
Ordinary income	8,440.1 billion yen	8,872.2 billion yen	5.1%
Of which, net premiums written	5,305.1 billion yen	5,566.3 billion yen	4.9%
Of which, life insurance premiums	586.7 billion yen	377.2 billion yen	-35.7%
Ordinary profit	1,460.0 billion yen	1,348.6 billion yen	-7.6%
Net income attributable to owners of the parent	1,055.2 billion yen	980.4 billion yen	-7.1%

(Note) Life insurance premiums have decreased because, in the domestic life insurance business, the amount ceded to reinsurers for certain contracts increased year on year.

- Tokio Marine & Nichido continued its “Re-New (rebuilding into a new company)” initiatives with the aim of becoming a “truly trusted, customer-oriented company.” By utilizing customer feedback more than ever to improve the policy process and responses to customers involved in accidents, evaluations from customers have steadily improved. In addition, as a “company that supports the next generation through risk solutions (insurance + alpha),” it is also advancing the provision of products and services in the fields of prevention (reducing the occurrence of risks and losses) and recovery (early recovery and prevention of recurrence), going beyond the payment of insurance claims.
- We have defined key areas of focus for social issues that are becoming increasingly diverse and complex, including green transformation (the transformative shift from fossil fuels to clean energy), healthcare, small and medium-sized enterprises, cyber risks, and resilience (minimization of and early recovery from damage due to natural disasters, etc.), and promoted initiatives to create new markets by contributing to the resolution of social issues.
- In the field of cyber risks, we provide services such as security diagnostics and remote network monitoring in collaboration with a security support company specializing in small and medium-sized enterprises, and these services have been well received. Together with cyber risk insurance, which broadly covers liability to third parties arising from cyberattacks and other incidents, as well as expenses for cause investigations and system recovery, we will support companies’ security measures as advance preparation against cyberattacks, which have increased sharply in recent years.
- In October 2025, in order to achieve further growth in Tokio Marine Group’s direct non-life insurance business, E.design Insurance changed its trade name to Tokio Marine Direct Insurance. Taking this opportunity, we are also working to strengthen the direct business model, whose appeal lies in convenience and innovation. We aim to become an insurance group chosen by customers both through insurance agents and through direct channels.

- In August 2025, Tokio Marine & Nichido Life received an order from the Financial Services Agency to submit a report on its initiatives to build appropriate relationships with multi-tied agencies, and submitted the report in September of the same year pursuant to that order. While thoroughly strengthening the guidance, training, and management of such agencies, the company is also returning to its founding philosophy and working continuously to establish sound business operations centered on a customer-oriented approach.
- Tokio Marine & Nichido Life has designated protection, health promotion, and asset formation as key areas of focus. It is developing products and services tailored to the needs of middle-market and small and medium-sized enterprises, seniors, and working-age customers, and is working to expand the areas in which it protects customers by leveraging its core business model that integrates life and non-life insurance.
- In September 2025, Tokio Marine & Nichido Life launched “Anshin Yume Whole Life,” a single-premium whole life insurance product. It enables customers to secure lifelong death coverage regardless of health condition and also offers access to services that provide consultation on end-of-life planning and inheritance concerns, thereby meeting customers’ needs for asset formation and inheritance planning. In addition, “Anshin Cancer Treatment Insurance,” which can provide coverage of up to 100 million yen for expenses related to the latest cancer treatments and more, has continued to be well received. As a result, the company ranked No. 1 overall for the third consecutive year in the cancer insurance ranking of the 2026 Oricon Customer Satisfaction® Survey.
- Amid growing uncertainty in the market and economic environment due to monetary policy shifts across various countries and other factors, we have continuously conducted asset management based on Asset Liability Management (ALM), and ceded a portion of the long-term liabilities under life insurance contracts already underwritten to reinsurers during fiscal year 2025 as well, thereby working to diversify and enhance interest rate risk control.

- In the international insurance business, the Group works on both sustainable organic growth and strategic M&A with the aim of achieving global growth and a diversified portfolio for the entire Group. In addition, by mutually leveraging the excellent know-how held by Group companies, the Group has undertaken a wide range of efforts to realize synergies, including expanding premium income, advancing asset management, and improving operational efficiency.
- As part of our growth strategy, Group companies actively execute bolt-on M&A to strengthen their existing businesses. In fiscal year 2025, in the United States, we acquired an insurance agency business for classic cars, a market expected to grow going forward, as well as a company that provides one-stop insurance and solutions for price fluctuation risks in agricultural and livestock products.
- All offices around the world continue striving to achieve business growth by developing new insurance products, utilizing advanced underwriting capabilities and specialized expertise, reviewing premium rates in light of market conditions, and expanding sales channels, thereby increasing underwriting profit.
- In fiscal year 2025, Philadelphia, Delphi, and PURE in North America achieved their highest ever profits.

- The Tokio Marine Group aims not only to protect customers and society in times of need by providing the optimal insurance products for increasingly diverse and complex issues and risks, but also to support customers and society in their everyday lives by providing solutions that reduce diverse risks and losses themselves.
- To fulfill its mission of “making the world a better place to live,” ID&E contributes to national and urban development around the world through its core businesses of consulting, urban space, and energy. Based on the advanced technological capabilities it has cultivated over many years through public projects in Japan and overseas, it possesses solutions directly linked to strengthening social resilience. In particular, in its consulting business, it has made a full-scale entry into the rapidly expanding private-sector disaster prevention market by leveraging the strong customer base of the Tokio Marine Group.
By combining the advanced technologies of ID&E, Japan’s largest construction consulting company, with the vast risk information and insurance claim payment data held by Tokio Marine & Nichido, we will provide seamless support for disaster resilience—from understanding the current situation and implementing countermeasures to economic compensation (insurance), recovery, and maintenance—thereby realizing “Build Back Better,” or reconstruction to a more resilient state than before the disaster.

MEIJIPARK (Tokyo Metropolitan Meiji Park), developed and operated with the participation of ID&E, and recipient of the Japan Society of Civil Engineers Design Award

- In February 2026, the logistics consortium “baton,” launched by Tokio Marine Group together with eight logistics companies, commenced Japan’s first demonstration operation of relay transportation (driver relay method) by multiple logistics operators. After evaluating the demonstration operation, we will expand the routes covered and develop applications for operators, thereby helping address the shortage of truck drivers, improving utilization and loading rates, and contributing to the further development of Japan’s logistics industry.
- Tokio Marine Asset Management engages in the asset management business, a stable earnings base, including management of pension funds and investment trusts. In particular, it has received comprehensive recognition from customers such as pension funds for its investment products and customer-oriented initiatives, and received the “Excellence Award” in the pension category of the “R&I Customer Satisfaction Awards 2026” selected by Rating and Investment Information, Inc. (R&I).

Contribution to a Sustainable Society

- Since its founding, the Tokio Marine Group has grown sustainably by contributing to the resolution of various social issues that change with the times, based on its Purpose, “to be there for our customers and society in their times of need.” The Group has identified eight priority areas, including “promote climate action,” “enhance disaster resilience (toughness & durability),” and “respect people and diversity.” With employees serving as the starting point of value creation, the Group continues to take on the challenge of realizing its Purpose and creating a happiness-filled society and future. In order to remain an entity that continues to earn trust and expectations even 100 years from now, we have continued discussions throughout the Group and are working to contribute even more to improving the sustainability of customers and society around the world.
 - In terms of climate change countermeasures, we have set indicators and targets based on the Paris Agreement and support the transition to a decarbonized society through insurance products, services, and investment and financing.
 - To further support the decarbonization initiatives of our customers, investee companies, and financing recipients, Tokio Marine & Nichido—which accounts for approximately 70% of greenhouse gas emissions associated with Tokio Marine Group’s underwriting activities—has engaged with 200 customers, urging them through dialogue to formulate decarbonization plans, and has adopted a policy of not doing business with target companies that have not formulated such plans by 2030. As of the end of fiscal year 2025, 130 target companies had engaged in in-depth dialogue. The above 200 companies account for approximately 90% of greenhouse gas emissions associated with Tokio Marine & Nichido’s underwriting activities.
 - Since 1999, the Tokio Marine Group has been engaged in mangrove planting in nine countries in the Asia-Pacific region in collaboration with tree-planting NGOs and others, contributing to climate action and biodiversity conservation. In addition, since 2022 we have started on activities to conserve and restore eelgrass beds in Tokyo Bay as part of our efforts to protect the sea, and we are expanding the areas of activity from time to time.
- 
- The Tokio Marine Group also focuses on sustainability-related disclosure. From fiscal year 2025, it has been publishing the Climate & Nature Report, which comprehensively summarizes the Group’s climate change and nature-related initiatives in line with the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD) and the Taskforce on Nature-related Financial Disclosures (TNFD).

Culture Permeation and Promotion of DE&I

■ Since its founding, the Tokio Marine Group has consistently positioned people as its most important asset. The fact that each employee serves as the starting point of value creation and continues to take on challenges with job satisfaction and pride to realize our Purpose is the driving force of the Group's growth and the source of its competitive advantage. To strengthen a sense of unity among employees around the world and enhance engagement (job satisfaction and pride), the CEO himself, as the Chief Officer overseeing culture, communicates by video messages and visits Group companies to engage employees in dialogue about the Purpose and other topics.

Dialogue with employees at an international group company

We are also continuing steady initiatives, such as regular monitoring of employee engagement and the extent to which the Purpose has permeated the Group, through the Group-wide “Culture & Values Survey,” in order to foster a better Group culture.

- The Tokio Marine Group positions the promotion of DE&I (diversity, equity & inclusion) as one of the Group's key strategies for sustainable growth. From a governance perspective as well, we believe it is important to foster an organizational culture in which the diverse voices of employees are reflected more than ever and decisions are made based on a variety of perspectives, free from homogenous thinking and preconceived notions. To realize this, we are working to create an inclusive workplace environment in which all employees with diverse backgrounds can fairly receive opportunities and feel safe to express their views and ideas, regardless of gender, disability, nationality, race, age, or other attributes.
- To address the gender gap, one of our key issues, we are making Group-wide efforts to further increase the proportion of women in managerial and higher positions, and more than 500 women currently serve as managers in domestic Group companies. In addition, in order to reflect diverse views in management, we have set a target of raising the ratio of women among the Company's officers to 30% or more by fiscal year 2027. The actual result for fiscal year 2025 was 27.8%, and the ratio is expected to reach 35.3% in fiscal year 2026, achieving the target.

For reference: The Tokio Marine Group has promoted health and productivity management, centered on the Group Chief Health and Productivity Management Officer, under the Tokio Marine Group Wellness Charter as a code of conduct for employees. As a result, the Group was certified by NIPPON KENKO KAIGI as a 2026 Outstanding Health and Productivity Management Organization (Large Enterprise Category (White 500)) for the 10th consecutive year.

Tokio Marine Group's Future Initiatives (Issues to Be Addressed)

■ In fiscal year 2026 as well, severe natural disasters linked to climate change, rapid advances in AI, and increasingly volatile political, social, and geopolitical conditions in Japan and overseas are expected to keep the future outlook highly uncertain.

■ Under such conditions, the Tokio Marine Group has established its desired state in 2035 based on our Purpose (our “Aspiration”) as follows:

“As a global Group shaped by our Japanese origins, we will continue taking on the challenge of creating a happiness-filled society and future by protecting our customers and society in times of need and in their everyday lives through the provision of safety and security.” Fiscal year 2026 is the final year of “Tokio Marine Group Mid-Term Business Plan 2026 ~ Inspiring confidence.

Accelerating progress. ~”. To achieve the plan, each business will demonstrate ownership and work on the dramatic expansion of value delivery areas, especially the solutions business; the diversification and multi-tracking of sales channels, including expansion of direct channels; the sophistication and automation of underwriting through the use of AI and data; thorough improvements in productivity; and the strengthening of internal control, governance, and capital management.

■ Future initiatives in each business are as follows:

<Domestic non-life insurance business>

Tokio Marine & Nichido will continue to transform its organizational culture under the key concept of “Re-New,” with the aim of becoming a “truly trusted, customer-oriented company.” In addition, as a “company that supports the next generation through risk solutions (insurance + alpha),” it will also work on providing products and services in the fields of prevention and recovery that go beyond the payment of insurance claims. Tokio Marine Direct will strengthen its business foundation by enhancing application functions through the use of AI and data and by improving quality from a customer-oriented perspective while leveraging the strengths of the direct channel.

<Domestic life insurance business>

Tokio Marine & Nichido Life will return to its founding philosophy and continue initiatives aimed at operating a “customer-oriented life insurance business,” while also strengthening governance. In addition, under “Anshin Reboot,” a growth strategy designed to further strengthen customer-oriented initiatives and respond to expected environmental changes, it aims to achieve sustainable growth by developing new products and services in areas such as presymptomatic illness, early detection, and prevention of severe illness, and by providing integrated healthcare services together with protection.

<International insurance business>

We will continue to expand premium income by leveraging advanced underwriting capabilities and expertise and by reviewing premium rates, thereby sustainably and stably increasing underwriting profit. In addition, we will work to improve profitability by expanding synergies across the international insurance business, including through the global rollout of competitive products and the further advancement of asset management. We will also pursue global risk diversification and strategic M&A to build an even higher-quality portfolio.

<Solutions and other business>

By providing solutions that reduce diverse risks and losses themselves together with insurance, we aim to enhance the resilience of society as a whole and make the solutions business a pillar of Tokio Marine Group’s earnings, following the domestic and international insurance businesses. While the issues faced by customers and society are becoming more diverse and complex, we view this environment as an important growth opportunity to be of service to customers and society. Beginning with disaster prevention and mitigation, where ID&E, Tokio Marine & Nichido and others are working together in co-creation, we will provide solutions in multiple areas including mobility, healthcare (prevention and presymptomatic illness), and the transition to a decarbonized society, thereby expanding the scale of our business.

■ What supports all of these businesses—and what has always been, is now, and will continue to be the source of Tokio Marine Group’s

competitiveness in the insurance business, a “People’s Business” built on people and the trust they create—is people. As a company that contributes to the happiness of all stakeholders, we will support each employee so that they can thrive in the right role with job satisfaction and pride, and we will create a fair environment in which diverse talent can fully demonstrate its abilities. We will also invest in human resources for the future and work across the Group to strengthen our human capital and people base so that we can continue to be there for customers and society in times of need and in their everyday lives even 100 years from now.

- The Tokio Marine Group positions rapidly advancing AI as a key to transforming its business model. By making thorough use of AI, we will not only dramatically enhance customer security, peace of mind, and convenience through more sophisticated underwriting and inquiry responses, but also improve productivity.
- With respect to the strategic alliance with the Berkshire Hathaway group, we will combine the strengths of both sides—including the group’s strong financial foundation and abundant underwriting experience in insurance and reinsurance, and our global insurance platform and industry-leading underwriting capabilities—and, through initiatives such as jointly executing M&A, work toward the Company’s sustainable growth and enhancement of corporate value.
- With respect to shareholder returns, our basic policy is to distribute profit through dividends. Based on the idea that profit growth through business and dividend expansion should be consistent, we will strive to realize continuous dividend increases through strong profit growth.
- The Company will begin voluntary adoption of International Financial Reporting Standards (“IFRS”) for the purpose of enhancing the international comparability of financial information and for other reasons. Beginning with the earnings release to be announced in May 2026 (forecast only) and the annual securities report to be submitted in June 2026, Tokio Marine Group plans to disclose its earnings forecasts and results under IFRS.
- Subject to approval at this Ordinary General Meeting of Shareholders, the Company will transition to a Company with Audit and Supervisory Committee. Under our management philosophy of placing “customer trust at the base of all activities,” we will further evolve and enhance the realization of a high-level balance between growth strategy and governance, and the entire Group will dedicate itself to business execution. We would like to express our sincere appreciation to shareholders for their continued guidance and support.

Audit & Supervisory Board Members (excluding Outside Audit & Supervisory Board Members)	78 million yen	78 million yen	-	-	2 persons
Outside Audit & Supervisory Board Members	60 million yen	60 million yen	-	-	3 persons
Total	1,120 million yen	581 million yen	263 million yen	276 million yen	21 persons

- Notes: 1. "Number of recipients" includes 3 directors who are not outside directors, who resigned from these positions on the close of the 23rd Ordinary General Meeting of Shareholders held on June 23, 2025.
2. "Total amount of remuneration, etc." and "Total amount of remuneration, etc. by type" include an amount paid to the 3 directors referred to in Note 1 above.
3. "Share compensation" sets forth the amount recorded as expenses in relation to share delivery trust points granted as remuneration, etc..

b. Composition of the base amount of remuneration, etc.

The composition of the base amount of remuneration etc. for fiscal year 2025 is as follows.

c. Performance-linked compensation

Performance-linked compensation has been introduced to strengthen the incentives for improvement of corporate value. The results for the previous fiscal year are evaluated by the Board of Directors based on "individual targets" and "company targets", and the performance-linked compensation is paid in cash based on this evaluation (varying on a scale of 0% to 200% depending on the evaluation).

- Individual targets: Performance-linked compensation for individual targets is determined at the beginning of the fiscal year, based on the responsibilities of the individual director (including medium- to long-term strategic targets).
- Company targets: In principle, performance-linked compensation for company business targets is determined using the following performance evaluation indicators. These are the indicators that the Company considers important management indicators.

Evaluation period	Item	Composition Ratio	Target	Result	Period for payment of the corresponding performance-linked compensation
April 2023-March 2024	Adjusted net income	50%	670.0 billion yen	711.6 billion yen	July 2024-June 2025
	Adjusted ROE	30%	17.1%	15.5%	
	Indicators for employee engagement	10%	-	100%	
	Indicators for sustainability strategies	10%	-	100%	
April 2024-March 2025	Adjusted net income	50%	610.0 billion yen	608.9 billion yen	July 2025-June 2026
	Adjusted ROE	30%	11.0%	11.4%	
	Indicators for employee engagement	10%	-	100%	
	Indicators for sustainability strategies	10%	-	100%	

- Notes: 1. Certain changes were made to the performance evaluation indicators regarding Directors responsible for the international insurance business in order to reflect the results of this business.
2. Adjusted net income and adjusted ROE are management indicators of groupwide performance, as calculated to include certain adjustments to financial accounting indicators, for purposes such as promoting improvements in transparency as viewed from the market perspective.
3. Indicators for employee engagement are indicators that represent score changes in the culture and value survey implemented on a Group-wide basis, including overseas.
4. Indicators for sustainability strategies are indicators that represent an overall assessment of initiatives in the areas listed as key issues in the strategies.

d. Share compensation

The Company has introduced share compensation with a view to encouraging Directors to fulfill their accountability responsibilities through sharing the returns from share price movements with shareholders. The main contents are as follows.

Item	Content
Plan period, etc.	The three-year period commencing from July 2021, and every three-year period commencing from the expiration of such period shall be the "Plan Period." For each Plan Period, the Company establishes a trust (hereinafter "the Trust") with a trust period of 3 years, or shall revise the trust contract and make additional entrustment in order to continue the Trust. Directors who satisfy certain requirements are the beneficiaries of the Trust.
Method used to acquire the Company's shares	Acquired through market transactions or acquired from the Company (through the disposal of treasury shares).
Method used to calculate the number of the Company's shares, etc.	Predetermined in accordance with rank and other factors (the number of points awarded will not fluctuate due to performance, etc.).
Timing of the delivery, etc. of the Company's shares, etc.	After resignation
Voting rights associated with the shares of the Company held within the Trust	Voting rights shall not be exercised.
Treatment of dividends pertaining to shares of the Company held within the Trust	Dividends shall be received by the Trust and allocated to fund the acquisition of shares of the Company and the trust fees of the Trust.
Provision restrictions and claim for refund	If any illegal acts, etc., such as serious violation of duties or internal rules, as defined by the Company are found prior to the vesting date, the Company shall neither deliver its shares nor pay proceeds from selling them (malus clause). In addition, if any such illegal acts, etc. are found after the vesting date, the Company may claim for refund of an amount equivalent to the delivery (clawback clause).
Other details	To be determined by the Board of Directors.

e. Resolutions at the General Meetings of Shareholders on remuneration for Directors and Audit & Supervisory Board Members

Category	Content of remuneration, etc.			Date of shareholders meeting approval	Number of eligible persons
Directors	Total monthly amount		Up to 75 million yen (Up to 10 million yen)	June 28, 2021	14 (6)
	Share compensation (share delivery trust)	Maximum amount of cash contribution to the trust	1,000 million yen / 3 years (150 million yen / 3 years)	June 24, 2024	15 (7)
		Maximum total number of points	50,000 points / 1 year (6,500 points / 1 year)	June 28, 2021	14 (6)
Audit & Supervisory Board Members	Total monthly amount		Up to 12 million yen	June 27, 2011	5

Notes : 1. "Number of eligible persons " is the number at the close of the general meeting of shareholders at which the content of remuneration, etc. was approved.

2. The bracketed text sets forth the content of remuneration, etc. for outside directors and the number of eligible persons who are outside directors.

3. As to the share delivery trust, each point corresponds to 3 shares of the Company. The maximum amount to be contributed to the trust will be applied for each Plan Period covered, and the maximum total number is to be applied each fiscal year.

f. Policy on determination of remuneration for Directors and Audit & Supervisory Board Members

The Board of Directors has determined the policy for determining the content of remuneration, etc. for each individual Director and Audit & Supervisory Board Member as follows, based on the content of the report by the Compensation Committee.

Policy on determination of remuneration for Directors and Audit & Supervisory Board Members

- 1 The Company shall ensure "transparency," "fairness," and "objectivity" when determining compensation for Directors and Audit & Supervisory Board Members.
- 2 The following structure shall apply to compensation for Directors and Audit & Supervisory Board Members.

Applicable personnel	Fixed compensation	Performance-linked compensation	Share compensation
Directors (Full-Time)	○	○	○
Outside Directors, Directors (Part-Time)	○	-	○
Audit & Supervisory Board Members	○	-	-

*With respect to the composition ratios of each type of compensation within the base amount of compensation for Directors, in principle, the higher their positions, the greater the ratios of performance-linked compensation and share compensation.

- 3 The purpose of each type of compensation is as described below.

Compensation type	Purpose
Performance-linked compensation	Performance-linked compensation reflects the performance of an organization or an individual against the predetermined company and individual targets and is introduced to strengthen individuals' incentives to raise the Company's corporate value.
Share compensation	Share compensation is linked to the Company's share price and is introduced to encourage the recipients to fulfill their accountability to shareholders by sharing returns on the Company's shares with them.

- 4 The Board of Directors shall set the level of compensation according to the responsibilities of each Director, after setting the standard amount for each position held by Directors taking into consideration factors such as the business performance of the Company and the level of compensation in other companies.
- 5 Of the different types of compensation, etc., for Directors, fixed compensation and performance-linked compensation shall be paid monthly, while share compensation shall be delivered upon resignation.
- 6 The Board of Directors shall determine the contents of compensation, etc. to individual Directors and other important matters concerning compensation to Directors and Audit & Supervisory Board Members. Decisions on any matter requiring consultations with the Compensation Committee shall be made after obtaining opinions of the said Committee.

g. Matters concerning the determination of the content of individual remuneration, etc. for Directors

The Board of Directors has passed a resolution on the compensation system, level of compensation, evaluation of individual performance (distribution) and company performance, based on the report from the Compensation Committee.

The content of remuneration, etc. to individual Directors has been determined by a resolution of the Board of Directors based on the above.

h. Reasons the Board of Directors determined that the content of remuneration, etc. to individual Directors is in line with the policy on determination of remuneration for Directors and Audit & Supervisory Board Members
The Compensation Committee, where an Outside Director serves as chair and Outside Directors constitute a majority of the members, reports to the Board of Directors on the content of remuneration, etc. to individual Directors, and the Board of Directors, a majority of which consists of Outside Directors, determines the content based on the report, and therefore considers such content to be in line with the policy, which includes ensuring transparency, fairness, and objectivity.
