Notice Concerning Partial Amendment to Management Guidelines

TOKYU REIT, Inc. (“TOKYU REIT”) announced that its investment management company, Tokyu Real Estate Investment Management Inc. (“Tokyu REIM”), decided at a Board of Directors meeting held today to partially amend the management guidelines of Tokyu REIM.

1. Purpose of Amendment

With a basic policy of investment in “Highly Competitive Properties” in “Areas with Strong Growth Potential,” TOKYU REIT aims to build a quality portfolio centering on the Tokyo Metropolitan Area, and after partially amending its investment policy in 2017 and 2019, it has acquired multiple prime residential properties and accumulated a track record in management. In addition, TOKYU REIT is working to achieve external growth through the acquisition of new properties and property replacements toward further growth.

In such situation, in light of changes in the external environment, such as the increase in transaction opportunities of residential properties in the current real estate transaction market, TOKYU REIT has decided to amend the management guidelines with an aim to further improve unitholder value by expanding investment opportunities and further enhancing the portfolio with the lowering of the minimum investment amount in residential properties.
