Information Disclosure Based on the TNFD Recommendations

Setting new environmental targets for nature conservation and registering as a TNFD Adopter

The Odakyu Group believes that its business activities are made possible by the blessings of abundant natural capital, and that it is important to conserve and ensure the sustainability of this natural capital. The Group has therefore identified the “Environment” as one of its material issues. Under its Odakyu Group Carbon Neutrality 2050 Action Guidelines, the Group is also working to address its three Environmental Strategies: Realize a decarbonized society, Realize a resource recycling society, and Conserve and utilize nature.

From FY2024, the Group has been preparing to disclose information on the relationship between natural capital and biodiversity in its business operations, in accordance with the disclosure recommendations published by the Taskforce on Nature-related Financial Disclosures (TNFD)*1 in September 2023.

Based on the TNFD recommendations, the Group has compiled information disclosures, and is pleased to disclose them and announce that it has registered as a TNFD Adopter*2.
